DWVO Vanity Desk with Large Mirror, 10-Drawer Glass Top Makeup Vanity Instruction Manual

Model: MADWVkJulu

INTRODUCTION

Thank you for choosing the DWVO Vanity Desk. This manual provides essential information for the safe assembly, operation, and maintenance of your new vanity desk. Please read these instructions carefully before beginning assembly and retain them for future reference.

SAFETY INFORMATION

WARNING:

- Assembly may require the use of tools and careful handling to avoid injury.
- Always unplug and allow lighting components to cool before handling or cleaning.
- Do not exceed the weight limit of 125.5 pounds (56.9 kg) on the vanity desk surface.
- Ensure all connections are secure before use.

SETUP AND ASSEMBLY

The DWVO Vanity Desk is designed for straightforward assembly. Clear instructions and an accessory kit are included to ensure a fast, no-hassle setup. Please follow the step-by-step guide provided in the separate assembly manual.

Estimated Assembly Time: Approximately 4 hours (based on user feedback).

Tools Required: Refer to the included assembly instructions for a complete list of necessary tools.

Key Assembly Steps (General Overview):

1. Unpack all components and verify against the parts list.
2. Assemble the main desk frame.
3. Install the drawer slides and assemble the drawers.
4. Attach the glass top securely.
5. Mount the large mirror and connect its power supply for the LED lighting.
6. Ensure all screws and fasteners are tightened for stability.

OPERATING INSTRUCTIONS

LED Mirror Lighting

The large mirror features integrated LED lighting. To operate:

- Ensure the mirror's power cord is securely plugged into a functional electrical outlet.
- Locate the touch sensor switch on the mirror surface (typically a circular icon).

- Tap the sensor to turn the lights on or off.
- Hold the sensor to adjust the brightness or change color temperature (if applicable to your model).

Drawer Usage

The vanity desk includes ten smooth-gliding drawers for storage. To use:

- Gently pull the handle to open a drawer.
- Push firmly to close, ensuring it is fully seated.
- Avoid overloading drawers to ensure smooth operation and prevent damage.

MAINTENANCE

Cleaning the Desk Surface and Drawers

- Wipe surfaces with a soft, damp cloth.
- Avoid harsh chemicals or abrasive cleaners, which can damage the engineered wood finish.
- For spills, clean immediately to prevent staining.

Cleaning the Mirror

- Before cleaning, ensure the mirror lights are turned off and unplugged.
- Use a glass cleaner and a lint-free cloth. Spray cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping into electrical components.
- Wipe gently to remove smudges and dust.

General Care

- Periodically check all screws and fasteners to ensure they remain tight.
- Keep the vanity desk away from direct sunlight and excessive moisture to prevent warping or discoloration.

TROUBLESHOOTING

LED Mirror Lights Not Working

- **Check Power:** Ensure the power cord is securely plugged into a working electrical outlet. Test the outlet with another device.
- **Check Switch:** Verify that the touch sensor switch on the mirror is being pressed correctly.
- **Loose Connections:** If recently assembled, check internal wiring connections to the mirror lights (refer to assembly manual).

Drawers Sticking or Not Closing Smoothly

- **Check Alignment:** Ensure the drawer slides are properly aligned and not bent.
- **Obstructions:** Remove any items that might be blocking the drawer's path.
- **Overload:** Reduce the weight or volume of items in the drawer.
- **Loose Screws:** Tighten any loose screws on the drawer slides or drawer box.

Desk Instability

- **Level Surface:** Ensure the vanity desk is placed on a flat, level surface.

- **Tighten Fasteners:** Re-check and tighten all assembly screws and bolts.
