SETUP INSTRUCTIONS

Package Contents:

- GEEZER AK96 Mechanical Gaming Keyboard
- USB Cable (Type-C to USB-A)
- USB to Type-C Adapter
- User Manual (this document)

Connecting the Keyboard:

1. Locate the USB Type-C port on the keyboard, typically on the top edge.
2. Connect the USB Type-C end of the provided cable to the keyboard.
3. Connect the USB-A end of the cable to an available USB port on your PC or Mac. If your device only has Type-C ports, use the included USB to Type-C adapter.
4. The keyboard is plug-and-play and should be recognized automatically by your operating system (Windows or Mac) without requiring additional drivers.

MAINTENANCE

To ensure the longevity and optimal performance of your GEEZER AK96 Mechanical Gaming Keyboard, follow these maintenance guidelines:

- **Cleaning Keycaps**: Use a soft, damp cloth to wipe down the keycaps. For deeper cleaning, you may carefully remove keycaps (using a keycap puller, if available) and clean them with mild soap and water. Ensure they are completely dry before reattaching.
- **Cleaning Switches**: Use compressed air to remove dust and debris from between the keycaps and around the switches. Avoid spraying liquids directly into the switches.
- **Cable Care**: Avoid sharp bends or kinks in the USB cable. Store the cable neatly when not in use to prevent damage.
- **General Care**: Keep the keyboard away from excessive moisture, extreme temperatures, and direct sunlight. Avoid dropping the keyboard or subjecting it to strong impacts.

TROUBLESHOOTING

If you encounter any issues with your GEEZER AK96 Mechanical Gaming Keyboard, please refer to the following common troubleshooting steps:

- **Keyboard Not Responding**:

  - Ensure the USB cable is securely connected to both the keyboard and your computer.
  - Try connecting the keyboard to a different USB port on your computer.
  - If using the USB to Type-C adapter, ensure it is properly connected and try a different adapter if possible.
  - Restart your computer.

- **Backlight Not Working or Incorrect**:

  - Press **Fn + Enter** to toggle the backlight On/Off.
  - Press **Fn + |** to cycle through different lighting modes.
  - Adjust brightness using **Fn + ↑ / ↓**.
  - Ensure your computer's USB port is providing sufficient power.

- **Keys Not Registering or Double-Typing**:

  - Clean the affected key switch with compressed air to remove any debris.
  - Ensure the keycap is properly seated on the switch.
  - Test the keyboard on another computer to rule out software or driver issues.

- **Volume Knob Not Functioning**:

  - Ensure the keyboard is properly connected.
  - Check your computer's audio settings to ensure the volume is not controlled by another device or software.

If the issue persists after trying these steps, please contact GEEZER customer support for further assistance.
