3. PRODUCT OVERVIEW AND KEY FEATURES

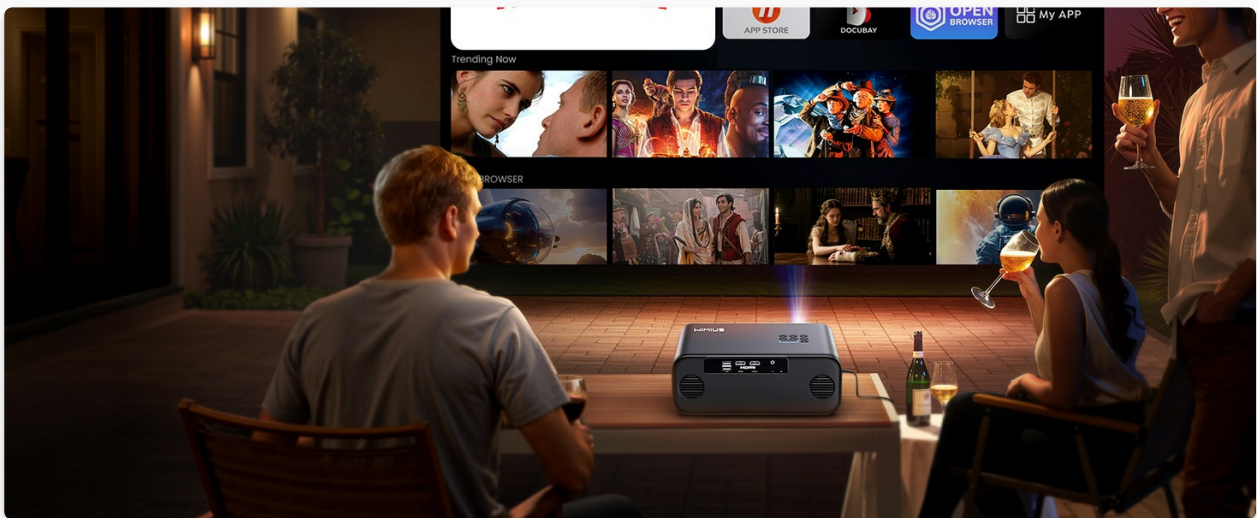

The WiMiUS P62 Pro is a versatile 4K-supported projector designed for a superior home cinema experience. Its key features include:

- **High Brightness:** 1400 ANSI lumens for clear images even in ambient light.
- **Native 1080P Resolution:** Supports 4K Ultra HD input for crisp visuals.

- **Smart OS with Official Apps:** Pre-installed Netflix, YouTube, Prime Video, Plex, and access to over 20,000 apps.
- **AI Intelligent Adjustment:** Automatic focus, keystone correction, obstacle avoidance, and screen alignment.
- **Dolby Audio:** Integrated dual 36W speakers with Dolby Audio for immersive sound.
- **Versatile Connectivity:** WiFi 6, Bluetooth 5.4 (bidirectional), HDMI (ARC & CEC), USB.
- **Portable Design:** Compact dimensions (25.7 x 20 x 10.3 cm) and lightweight (1.8 kg) for easy transport.
- **Eye Protection:** Utilizes diffuse reflection imaging technology to reduce eye strain.

The WiMiUS P62 Pro offers a revolutionary home cinema experience with integrated streaming apps like Netflix, YouTube, and Prime Video.

Experience exceptional audio quality with integrated Dolby Audio and powerful Hi-Fi speakers.

4. SETUP

Follow these steps for initial setup of your projector:

1. **Placement:** Position the projector on a stable, flat surface or mount it (ceiling or tripod). Ensure adequate ventilation around the device. The projector can be placed between 1 to 6 meters from the projection surface.
2. **Power Connection:** Connect the power cord to the projector and then to a power outlet.

3. **Power On:** Press the power button on the projector or the remote control to turn it on.
4. **Automatic Adjustments:** The projector features AI-powered auto-focus and auto-keystone correction. It will automatically adjust the image for clarity and shape. It also includes intelligent obstacle avoidance and automatic screen alignment.
5. **Manual Adjustments (if needed):** If further adjustments are required, use the remote control to access settings for focus, keystone, and zoom (50%-100%).

The projector features intelligent screen adaptation 3.0, including auto-focus, auto-keystone correction, and obstacle avoidance.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

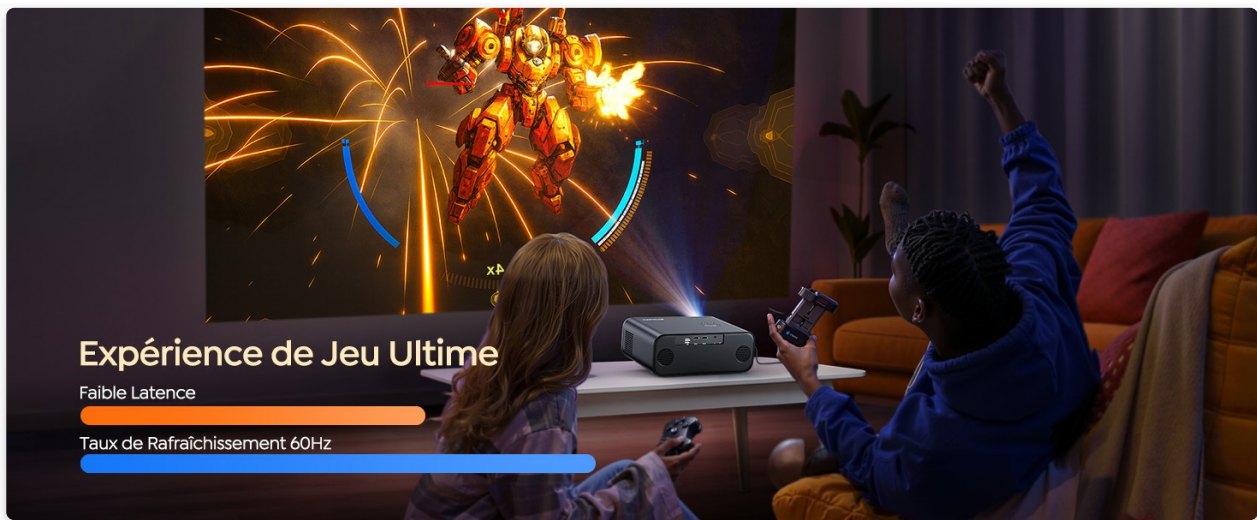

- **To Power On:** Press the power button on the projector or the remote control.
- **To Power Off:** Press the power button again. Confirm shutdown if prompted.

5.2 Navigation and Source Selection

- Use the remote control's directional buttons and OK button to navigate the on-screen menu.
- Select your desired input source (HDMI 1, HDMI 2, USB, or Smart Apps) from the main menu.

5.3 Picture and Sound Settings

- Access the settings menu to adjust picture parameters such as brightness, contrast, color, and aspect ratio.
- Adjust sound volume and audio modes. The integrated Dolby Audio provides rich sound.

Enjoy an ultimate gaming experience with low latency and a 60Hz refresh rate.

Easily display your work or presentations on a larger screen.

6. CONNECTIVITY

The WiMiUS P62 Pro offers multiple connectivity options:

- **HDMI Ports (x2):** Connect devices like laptops, gaming consoles, Blu-ray players. HDMI 2 supports ARC (Audio Return Channel) and CEC (Consumer Electronics Control) for simplified audio setup and control.
- **USB Ports (x2):** Play media directly from USB drives or connect external devices.
- **WiFi 6:** Connect to your home network for internet access and streaming. Supports screen mirroring from iOS, Android, and Windows 10 devices for seamless content sharing.
- **Bluetooth 5.4 (Bidirectional):** Connect external Bluetooth speakers or headphones for enhanced audio. The projector can also act as an independent Bluetooth speaker when connected to a phone.

Dolby Audio Intégré Doubles Haut-Parleurs Hi-Fi Immersifs

The rear panel of the projector features multiple connectivity ports including HDMI and USB.

Synchronisez et Profitez: Plus de Connectivité, Plus de Divertissement

Équipé de plusieurs ports pour une transmission sans perte et des jeux fluides en 4K à 60Hz

Synchronize and enjoy with multiple connectivity options for seamless entertainment.

7. SMART FEATURES

7.1 Integrated Streaming Applications

The projector comes with officially certified streaming applications pre-installed, providing direct access to a vast library of content:

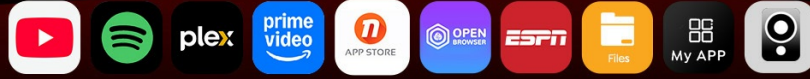

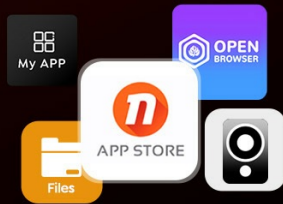

- Netflix
- YouTube
- Prime Video
- Plex
- And more via the integrated App Store.

Access official integrated apps like Netflix and Plex directly from your projector.

PLUS AVEC L'APP STORE

Accédez facilement aux meilleures applications, notamment Prime Video, YouTube, Disney+, Hulu, ESPN, PLEX et bien plus encore, pour accéder à un monde de divertissement à portée de main!

Explore more applications through the integrated App Store.

7.2 AI-Powered Image Adjustment

The projector utilizes advanced AI algorithms for automatic image optimization:

- **Auto Focus:** Automatically adjusts the image sharpness.
- **Auto Keystone Correction:** Corrects distorted images to a perfect rectangle.
- **Intelligent Obstacle Avoidance:** Detects and adjusts the projection to avoid objects in the path.
- **Automatic Screen Alignment:** Optimizes the image to fit the projection surface.

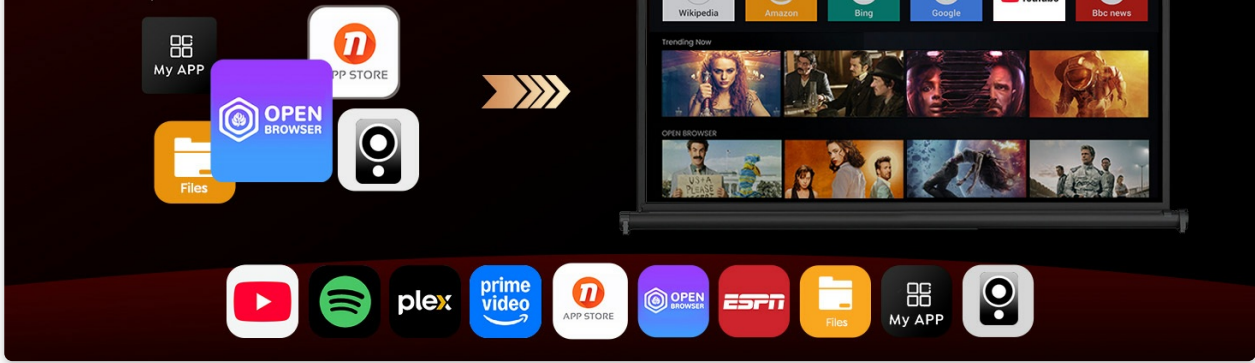

AI-optimized intelligent configuration ensures the best image quality wherever you are.

7.3 Web Browsing

Navigate the internet directly on your projector using the integrated web browser. This allows you to access websites, news, and online content without needing an external computer.

NAVIGUEZ SUR LE WEB AVEC LA NAVIGATION

Plus qu'un mini projecteur de cinéma: C'est votre hub intelligent portable! Naviguez facilement sur Internet, suivez l'actualité, faites des achats en ligne ou explorez vos sites web préférés grâce au navigateur intégré. Le tout sur grand écran, sans ordinateur portable!

Browse the web directly on your projector with the integrated navigation feature.

8. MAINTENANCE

Proper maintenance ensures the longevity and performance of your projector:

- **Lens Cleaning:** Use the provided cleaning kit or a soft, lint-free cloth to gently clean the projector lens. Avoid abrasive materials or harsh chemicals.
- **Ventilation:** Ensure the projector's ventilation openings are clear and unobstructed to prevent overheating. Do not place the projector on soft surfaces that may block airflow.
- **Dust Removal:** Periodically clean the exterior of the projector with a soft, dry cloth to remove dust.
- **Storage:** When not in use for extended periods, store the projector in a cool, dry place, ideally in its original packaging or a protective case.

9. TROUBLESHOOTING

If you encounter issues with your WiMiUS P62 Pro projector, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No image displayed	Power cable disconnected, incorrect input source, lens cap on.	Check power connection, select correct input source, remove lens cap.
Image is blurry	Out of focus, projector moved.	Allow auto-focus to engage or manually adjust focus using the remote.
Image is distorted (trapezoid shape)	Projector not perpendicular to screen.	Allow auto-keystone correction to engage or manually adjust keystone settings.

Problem	Possible Cause	Solution
No sound	Volume too low, external audio device not connected, incorrect audio output.	Increase volume, check external audio connections, ensure correct audio output is selected.
Cannot connect to WiFi/Bluetooth	Incorrect password, device out of range, network issue.	Verify password, move devices closer, restart router/projector.

For further assistance, please refer to the contact information in the Warranty and Support section.
