6. MAINTENANCE & CARE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining, especially on the wood surfaces.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading or warping of the wood.
- **Moisture:** Keep the nightstand in a dry environment. Excessive humidity can affect the wood and rattan.
- **Fasteners:** Periodically check and tighten all screws and connections to ensure structural integrity.

7. TROUBLESHOOTING

7.1 General Issues

- **Wobbling:** Ensure all legs are evenly placed on the floor. Check and tighten all assembly screws.
- **Drawer Sticking:** Verify that the drawer slides are correctly installed and free of obstructions. Apply a small amount of furniture wax or silicone spray to the slides if needed.

7.2 Charging Station Issues

- **No Power:** Ensure the nightstand's power cord is securely plugged into a functioning wall outlet. Check if the wall outlet itself is receiving power.
- **Device Not Charging:** Verify that your device's charging cable is properly connected to both the device and the charging station port. Try a different port or cable to rule out cable/device issues.
- **Overload:** Avoid plugging in too many high-power devices simultaneously, as this may trip a circuit breaker or damage the charging station.
