SETUP

1. Battery Installation

The flashlight comes with a built-in rechargeable battery. If the battery needs to be accessed or re-seated, follow these steps:

1. Unscrew the back cover of the flashlight.
2. Insert the 10000mAh rechargeable battery with the positive (+) end facing towards the flashlight head.
3. Carefully screw the back cover back on until it is secure.

2. Charging the Flashlight

Before first use, fully charge the flashlight. The flashlight features a power indicator to show the battery status.

1. Locate the USB charging port on the side of the flashlight.
2. Lift the protective cover of the USB charging input port.
3. Connect the provided USB cable to the flashlight's input port and a suitable USB power adapter (not included).
4. Monitor the blue indicator lights on the power display. Each light represents 25% of the battery charge. All four lights will be solid when fully charged.

RECHARGEABLE FLASHLIGHT WITH LONG RUNTIME

MAINTENANCE

1. Water Resistance

The flashlight has an IPX6 waterproof rating, meaning it is protected against powerful water jets. It can be used in extreme weather conditions such as rain.

- **Important:** Do not submerge the flashlight directly into water.
- Ensure the dust cover of the charging port is securely closed to maintain water resistance.

2. General Care

- The flashlight is constructed from aircraft-grade aluminum alloy, providing high heat dissipation, drop resistance, and abrasion resistance.
- Clean the flashlight with a soft, damp cloth. Avoid abrasive cleaners.
- Store the flashlight in a cool, dry place when not in use for extended periods.

TROUBLESHOOTING

If you encounter issues with your Cinlinso flashlight, consider the following common solutions:

- **Flashlight not turning on:** Ensure the battery is correctly installed and fully charged.
- **Light is dim or flickering:** Recharge the battery. Check for any loose connections.
- **Flashlight not holding a charge:** Ensure the charging cable and adapter are functioning correctly. If the issue persists, the battery may need replacement or further support is required.

- **Water ingress:** If water has entered the flashlight, immediately turn it off, remove the battery, and allow it to dry completely before attempting to use it again. Ensure all seals and covers are properly seated.

SPECIFICATIONS

Feature	Detail
Model Number	P70-COB-001
Brand	Cinlinso
White Brightness	99,000 Lumens
Max Beam Range	3280 feet
Power Source	Battery Powered
Battery Capacity	10000 mAh (built-in)
Runtime	8-12 hours (on a single charge)
Charging Time	4-6 hours
Light Source Type	LED
Number of Light Sources	2 (Main LED, COB Side Light)
Material	Aircraft-grade Aluminum Alloy
Water Resistance Level	IPX6 Waterproof
Item Weight	0.62 Kilograms
Item Dimensions (L x W x H)	10.91"L x 5.31"W x 2.6"H
Included Components	Flashlight, Charging Cable, Rechargeable Battery, User Manual, Lanyard
Recommended Uses	Camping, Emergency, Fishing, Hiking, Security, Tactical
