MAINTENANCE

Water Resistance

The LW11 Smart Watch is IP67 waterproof. This means it can withstand splashes, rain, and can be worn while washing hands or swimming. However, it is not suitable for hot water baths, saunas, or diving. Avoid prolonged immersion in water.

Cleaning and Care

To maintain your watch, regularly clean the screen and strap with a soft, dry cloth. If necessary, use a slightly damp cloth and dry thoroughly. Avoid using harsh chemicals or abrasive materials.

The watch features an ultra-thin 9.5 mm design and lightweight alloy watch body. Handle with care to prevent damage.

TROUBLESHOOTING

If you encounter issues with your LW11 Smart Watch, try the following common troubleshooting steps:

- **Watch not turning on:** Ensure the watch is fully charged.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch is within range. Restart both the watch and your phone. Check the FitCloudPro app for connection status.
- **Notifications not appearing:** Verify that notifications are enabled in the FitCloudPro app and in your phone's system settings for the app. Ensure the watch is connected via Bluetooth.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too loose or too tight. Clean the sensors on the back of the watch.
- **App not syncing data:** Check your phone's internet connection and ensure the FitCloudPro app has necessary permissions.
