SETUP AND INSTALLATION

The TOPHATTER Multimedia Player is designed for plug-and-play installation, integrating seamlessly with your Mercedes-Benz W204 NTG4.0 system. Professional installation is recommended to ensure proper functionality and avoid damage to your vehicle's electrical system.

Pre-Installation Checklist:

- Ensure the vehicle's ignition is off and the battery is disconnected.
- Gather necessary tools (e.g., trim removal tools, screwdrivers).
- Confirm compatibility with your specific Mercedes-Benz W204 NTG4.0 system.

Installation Steps (General):

1. Carefully remove the original head unit or display following vehicle-specific guides.
2. Connect the provided wiring harness to the vehicle's existing connectors.
3. Mount the new 10.25-inch display into the dashboard opening.
4. Secure all connections and reassemble the dashboard trim.
5. Reconnect the vehicle battery and test the unit.

OPERATING INSTRUCTIONS

This section covers the basic operation of your multimedia player, including navigation, audio, and smartphone integration.

Wireless CarPlay & Android Auto:

The unit supports wireless Apple CarPlay and Android Auto for seamless smartphone integration. To connect:

1. Ensure Bluetooth and Wi-Fi are enabled on your smartphone.
2. On the multimedia player, navigate to the CarPlay or Android Auto application.
3. Follow the on-screen prompts to pair your device via Bluetooth.
4. Once paired, the system will automatically connect for wireless CarPlay or Android Auto.

Navigation and Multimedia:

Utilize the Android 13 operating system to access various navigation apps, streaming services, and other multimedia content. The 10.25-inch IPS touchscreen provides a clear and responsive interface.

MAINTENANCE

To ensure the longevity and optimal performance of your multimedia player, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth to gently wipe the screen. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid harsh chemicals or abrasive materials.
- **Software Updates:** Periodically check for system software updates to ensure you have the latest features and security patches. Refer to the system settings for update options.
- **Environmental Conditions:** Avoid exposing the unit to extreme temperatures, direct sunlight for prolonged periods, or excessive moisture.

TROUBLESHOOTING

If you encounter issues with your multimedia player, refer to the following common troubleshooting steps:

- **No Power:** Check all power connections and ensure the vehicle's battery is properly connected and charged. Verify

fuses.

- **No Sound:** Check volume settings on both the multimedia player and the vehicle's audio system. Ensure all audio cables are securely connected.
- **CarPlay/Android Auto Not Connecting:** Ensure Bluetooth and Wi-Fi are active on your phone and the unit. Try restarting both devices. Forget and re-pair the device.
- **Touchscreen Unresponsive:** Perform a soft reset of the unit (refer to system settings for reset options). Ensure the screen is clean and free of debris.
- **System Lag/Freezing:** Close unnecessary background applications. If the issue persists, a factory reset might be necessary (note: this will erase all user data).

For persistent issues, contact customer support or a qualified technician.
