OPERATING INSTRUCTIONS

Using the 360-Degree Rotating Stand

The case features a 360-degree rotating mechanism, allowing for both portrait and landscape viewing orientations. To adjust the viewing angle:

1. **Open the Stand:** Fold the front cover back to form a triangular stand.
2. **Rotate Tablet:** Gently rotate the tablet within its frame to switch between portrait and landscape modes.
3. **Adjust Angle:** Utilize the anti-slip strips on the inside of the cover to set your desired viewing angle. The strips provide stability for various positions.

ADJUSTABLE MULTIPLE ANGLES

MAINTENANCE AND CARE

- **Cleaning:** Wipe the exterior of the case with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the PU leather material.
- **Storage:** Store the case in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Protection:** While the case offers robust protection, avoid dropping the tablet from significant heights or exposing it to sharp objects.

TROUBLESHOOTING

- **Tablet Does Not Fit:** Ensure your tablet is specifically the G-Tide Gtide V1 model. This case is custom-designed for this particular tablet.
- **Stand Instability:** Make sure the anti-slip strips are clean and free of debris. Adjust the angle carefully to find a stable position.

- **Camera Obstruction:** Verify that the tablet is correctly seated within the case, aligning with the camera cutouts.
