

Flowpoint Flowpoint Life jacket

Flowpoint Frazel Life Jacket User Manual

Model: Flowpoint Life jacket (Size 100, Black+Gray)

PRODUCT OVERVIEW

The Flowpoint Frazel Life Jacket is designed as a buoyant auxiliary for individuals engaging in water activities such as swimming, boating, and angling. Constructed from comfortable and durable neoprene, it features a design that allows for a wide range of arm movements, enhancing performance and comfort in the water.

SETUP AND SIZING

Proper fit is crucial for the effectiveness and safety of your life jacket. Ensure the jacket fits snugly but comfortably, allowing for full range of motion without riding up when in water.

Sizing Guide

Refer to the sizing charts below to select the appropriate size. Measurements are in centimeters (CM).

Image: Detailed sizing chart for men, showing shoulder width, chest, hem, length, armhole, and neck width measurements for various sizes (95, 100, 105, 110, 115).

Image: Detailed sizing chart for women, showing shoulder width, chest, hem, length, armhole, and neck width measurements for various sizes (44, 55, 66, 77, 88).

Wearing Instructions

1. Unzip the front closure of the life jacket.
2. Slide your arms through the armholes and position the jacket over your torso.
3. Zip up the front closure completely. Ensure the zipper is fully engaged and secure.
4. Adjust any drawstring or strap closures (if present) to achieve a snug fit. The jacket should not be loose or ride up when you lift your arms.

OPERATING AND USAGE

The Frazel Life Jacket is designed to provide buoyancy and assist in flotation during water activities. It is not a substitute for swimming ability or constant supervision, especially for children.

Intended Use

- **Swimming:** Provides additional buoyancy for swimmers.
- **Boating:** Suitable for use on boats, kayaks, and other watercraft.
- **Angling:** Offers flotation support for anglers near or in water.
- **Water Sports:** Can be used for various water sports where buoyancy assistance is beneficial.

Image: Several individuals kayaking on clear blue water, demonstrating typical usage scenarios for the life jacket.

Image: Two individuals carrying surfboards and walking into the ocean, illustrating the jacket's use in active water sports.

Image: A man water skiing across a lake during sunset, showcasing the jacket's suitability for dynamic water activities.

Image: A close-up of a person in water with significant splashing, indicating active use and the jacket's performance in wet conditions.

MAINTENANCE AND CARE

Proper maintenance extends the life of your Frazel Life Jacket and ensures its continued effectiveness.

- **Rinsing:** After each use in salt water or chlorinated water, rinse the life jacket thoroughly with fresh water.
- **Cleaning:** For general cleaning, use a mild soap and water solution. Gently scrub any soiled areas. Do not use harsh detergents, bleach, or solvents, as these can damage the neoprene material.
- **Drying:** Hang the life jacket in a well-ventilated area away from direct sunlight and heat sources to air dry completely. Ensure it is fully dry before storing to prevent mildew.
- **Storage:** Store the life jacket in a cool, dry place. Avoid folding or creasing the jacket for extended periods, as this can affect the buoyancy material.
- **Inspection:** Regularly inspect the jacket for any signs of wear and tear, such as rips, tears, damaged zippers, or compromised stitching. Discontinue use if significant damage is found.

TROUBLESHOOTING

This section addresses common concerns regarding the Frazel Life Jacket.

Problem	Possible Cause	Solution
Jacket feels too loose or rides up.	Incorrect size selected; straps not tightened sufficiently.	Ensure all zippers and drawstrings are fully secured. If still loose, verify sizing against the provided charts. A smaller size may be required.
Jacket feels too tight or restrictive.	Incorrect size selected.	Verify sizing against the provided charts. A larger size may be required.

Problem	Possible Cause	Solution
Unpleasant odor from the jacket.	Improper drying or storage leading to mildew.	Thoroughly clean the jacket with mild soap and water. Ensure it is completely air-dried in a well-ventilated area before storage.
Reduced buoyancy over time.	Damage to the internal buoyancy material; excessive wear.	Inspect the jacket for punctures, tears, or significant compression. If buoyancy is noticeably reduced, the jacket may need replacement.

SPECIFICATIONS

Key specifications for the Flowpoint Frazel Life Jacket (Black+Gray, Size 100).

Feature	Detail
Brand	Flowpoint
Model Name	Flowpoint Life jacket
Color	Black+Gray
Size	100
