PACKAGE CONTENTS

Ensure all items are present in the package:

- Party Bluetooth Speaker
- Quick Start Guide
- Fast Charging Cable
- Charging Cable
- AUX Cable

PRODUCT OVERVIEW

The FREEPEAR Party Bluetooth Speaker is designed for powerful audio and dynamic light shows. Key features include:

- **240W Peak Sound Output:** Dual 5-inch woofers and dual 3-inch tweeters deliver robust audio.
- **Dazzling Light Shows:** Multiple light modes synchronize with music.
- **TWS Pairing:** Connect two speakers for a 480W stereo experience.
- **15-Hour Playtime:** High-capacity battery for extended use.
- **IPX4 Splashproof:** Resistant to water splashes, suitable for outdoor use.
- **Versatile Connectivity:** Bluetooth 5.3, AUX, USB, TF card, Microphone, and Guitar inputs.
- **Power Bank Function:** Charge external devices via USB.

Control Panel

SETUP

1. Charging the Speaker

Before first use, fully charge the speaker. Connect the provided charging cable to the speaker's charging port and a power source. The battery indicator lights will show charging status. A full charge takes approximately 2.5 hours with a 30W charger.

30W FASTER CHARGING

Power Up Quick, Party Longer
fully charge in 2.5 hours

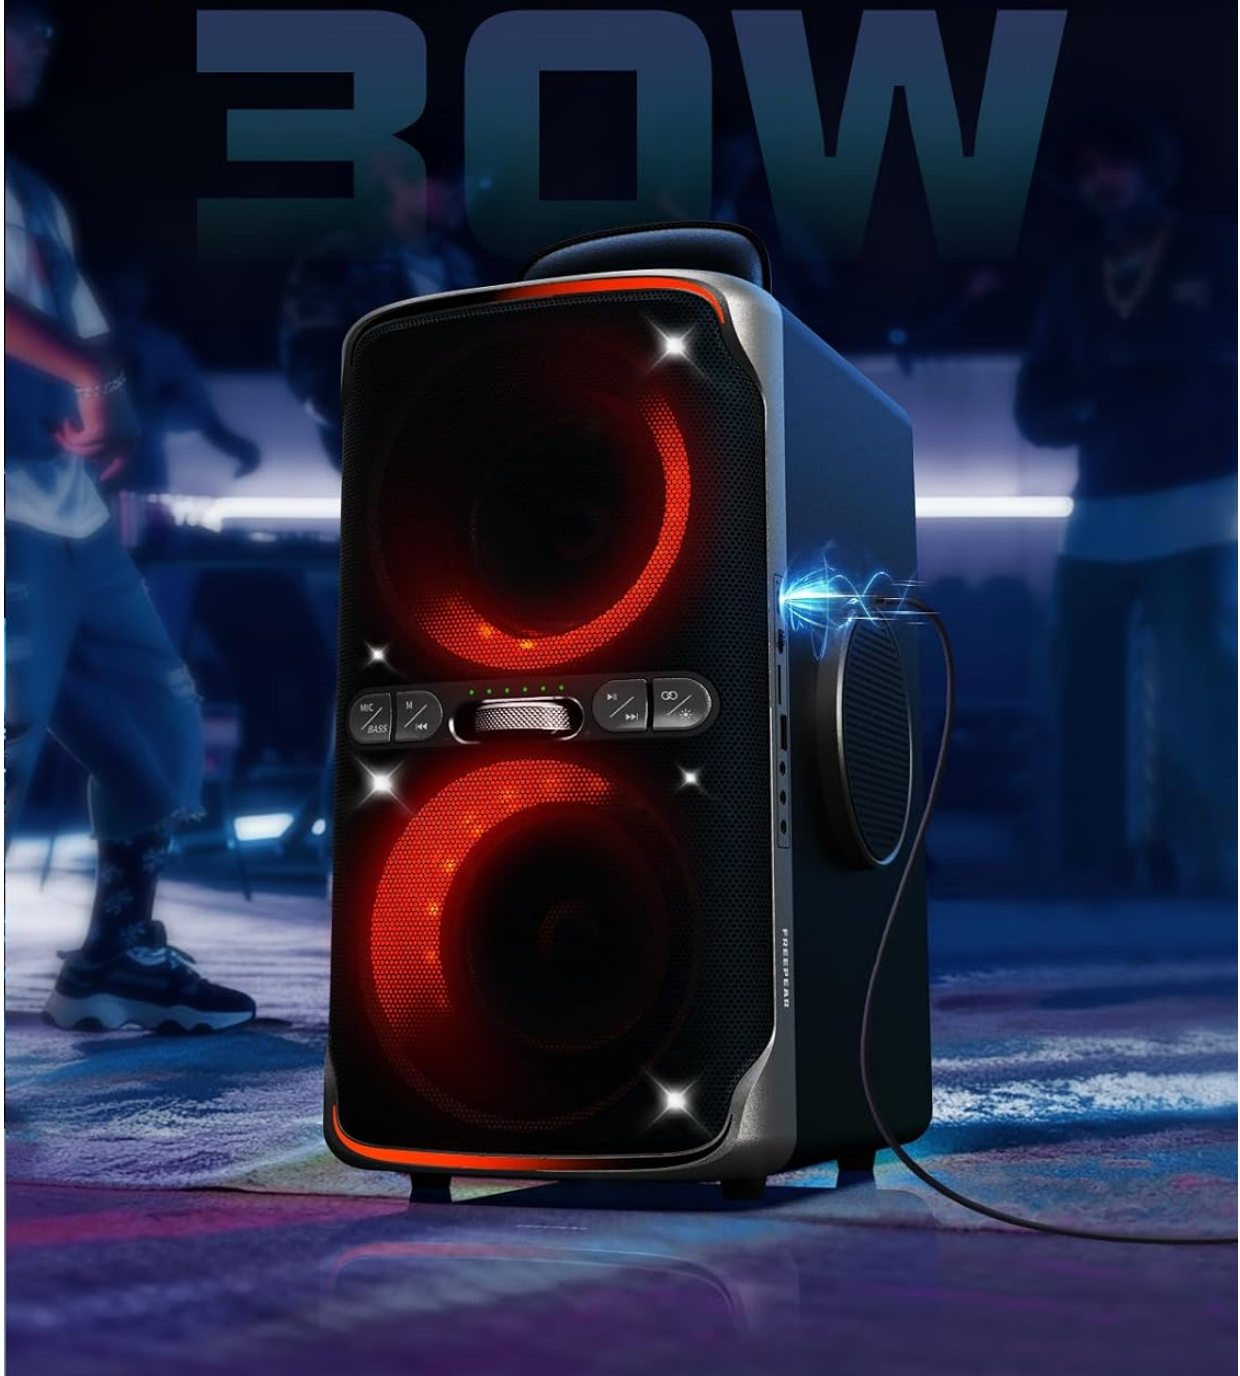

Image: The speaker connected to a power source for charging, indicating its fast-charging capability.

2. Power On/Off

Press and hold the Power button on the control panel for 2-3 seconds to turn the speaker ON or OFF.

3. Bluetooth Pairing

1. Turn on the speaker. It will automatically enter Bluetooth pairing mode, indicated by a flashing Bluetooth indicator light.
2. Enable Bluetooth on your device (smartphone, tablet, etc.).

3. Search for "FREEPEAR01" in your device's Bluetooth list and select it to connect.
4. Once connected, the Bluetooth indicator light will be solid, and you will hear a confirmation tone.

4. TWS (True Wireless Stereo) Pairing

To pair two FREEPEAR01 speakers for stereo sound:

1. Ensure both speakers are powered on and not connected to any Bluetooth device.
2. On one speaker (this will be the primary speaker), press the TWS button. The TWS indicator will flash.
3. The primary speaker will automatically search for and connect to the secondary speaker.
4. Once connected, both TWS indicator lights will be solid, and you will hear a confirmation tone.
5. Now, connect your device to the primary speaker via Bluetooth as described above. Audio will play in stereo through both speakers.

2. Audio Input Modes

The speaker supports multiple audio input options:

- **Bluetooth:** Connect wirelessly as described in the Setup section.
- **AUX Input:** Connect an external audio device using the provided 3.5mm AUX cable. The speaker will automatically switch to AUX mode.
- **USB/TF Card:** Insert a USB drive or TF card into the respective port. The speaker will automatically play audio files from the storage device.

- **Microphone/Guitar Input:** Connect a microphone or guitar to the dedicated jacks for karaoke or live performance. Adjust volume using the speaker's controls or the connected instrument/mic.

4. Sound Modes

The speaker features different sound modes optimized for various environments:

- **Indoor Mode:** Provides richer, more powerful sound, ideal for enclosed spaces.
- **Outdoor Mode:** Delivers clearer, more resonant sound, suitable for open-air environments.

Switch between modes using the dedicated button on the control panel to optimize your listening experience.

MAINTENANCE

Cleaning

Wipe the speaker with a soft, dry cloth. Do not use abrasive cleaners or solvents. Ensure all ports are dry before connecting cables.

Storage

Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures. If storing for an extended period, charge the battery to approximately 50% every three months to prolong battery life.

Water Resistance (IPX4)

The speaker is IPX4 splashproof, meaning it can withstand splashes of water. Do not submerge the speaker in water or expose it to heavy rain.
