

KAFF CTQ773BAI

KAFF CTQ773BAI Gas Stove/Cooktop User Manual

Model: CTQ773BAI | Brand: KAFF

1. IMPORTANT SAFETY INFORMATION

Read all instructions carefully before using the appliance. Keep this manual for future reference. Improper installation, adjustment, alteration, service, or maintenance can cause injury or property damage. Refer to this manual. For assistance or additional information, consult a qualified installer, service agency, or the gas supplier.

- **Gas Safety:** Ensure proper ventilation when using the gas cooktop. Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance.
- **Installation:** This appliance must be installed by a qualified technician in accordance with all local codes and regulations. Ensure the gas supply is compatible with the appliance (Natural Gas).
- **Children and Pets:** Keep children and pets away from the appliance during operation and when it is cooling down. Burners and surfaces can remain hot for some time after use.
- **Ventilation:** Always use the cooktop in a well-ventilated area.
- **Gas Leaks:** If you smell gas, immediately shut off the gas supply, open windows, and do not operate any electrical switches or appliances. Contact your gas supplier or a qualified technician.

2. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1x KAFF CTQ773BAI Cooktop
- 1x Instruction Manual (this document)

- 1x Warranty Card

3. PRODUCT FEATURES

The KAFF CTQ773BAI Gas Stove/Cooktop is designed with the following key features:

- **Powerful Black-Coated Brass Burners:** High heat efficiency with long-lasting durability and a premium black finish.
- **3-Burner Configuration:** Includes 1 Jumbo, 1 Big, and 1 Small burner for versatile cooking needs.
- **Designer Knobs:** Ergonomic knobs for precise flame control.
- **Heavy-Duty Pan Supports with Flame Protectors:** Provides stable support for various cookware sizes and enhances safety.
- **Decorative Stainless Steel Edge Strip:** A sleek strip on all sides for enhanced durability and aesthetic appeal.
- **Elegant Black Tempered Glass Surface:** Toughened glass top for modern aesthetics, easy cleaning, and durability.
- **Auto Electric Ignition:** For convenient and quick flame ignition.

4. INSTALLATION AND SETUP

The KAFF CTQ773BAI cooktop is designed for freestanding installation. Professional installation by a qualified technician is highly recommended to ensure safety and proper functionality, especially for gas connections.

4.1 Gas Connection

- This appliance is designed for use with Natural Gas. Ensure your home's gas supply matches this requirement.
- All gas connections must be made by a certified gas technician.
- Check for gas leaks using a soapy water solution after connection. Never use an open flame.

4.2 Placement

- Place the cooktop on a stable, level, and heat-resistant surface.
- Ensure adequate clearance from combustible materials as per local building codes.
- Provide sufficient ventilation around the appliance.

Elevate Your Kitchen with Style and Strength

5. OPERATING INSTRUCTIONS

5.1 Igniting a Burner

1. Ensure the gas supply is open.
2. Push down and turn the desired burner knob counter-clockwise to the 'Ignite' position.
3. The auto electric ignition will spark, igniting the gas. Hold the knob down for a few seconds after ignition to allow the flame safety device to activate.
4. Once lit, adjust the flame size by turning the knob between the 'High' and 'Low' settings.

5.2 Turning Off a Burner

Turn the burner knob clockwise until it clicks into the 'Off' position. Ensure the flame is completely extinguished.

5.3 Burner Usage

The cooktop features one Jumbo, one Big, and one Small burner. Select the appropriate burner size for your cookware to ensure efficient heating and prevent heat loss.

- **Jumbo Burner:** Ideal for large pots and high-heat cooking.
- **Big Burner:** Suitable for medium to large pots and general cooking.
- **Small Burner:** Best for simmering, small pots, and low-heat tasks.

6. MAINTENANCE AND CLEANING

Regular cleaning and maintenance will prolong the life and appearance of your cooktop.

6.1 General Cleaning

- Always ensure the cooktop is cool before cleaning.
- Use a soft cloth or sponge with mild detergent and warm water.
- Avoid abrasive cleaners, scouring pads, or harsh chemicals that can damage the tempered glass or burner finishes.

6.2 Tempered Glass Surface

Wipe the glass surface with a damp cloth and mild detergent. For stubborn stains, use a non-abrasive glass cleaner. Dry thoroughly with a clean, soft cloth to prevent streaks.

6.3 Burners and Pan Supports

- Remove the pan supports and burner caps/crowns. Wash them in warm soapy water.
- Ensure all parts are completely dry before reassembling to prevent ignition issues.
- Clean the burner ports with a soft brush if they are clogged.

6.4 Drip Tray

The matt black drip tray collects spills. Remove and clean it regularly with warm soapy water. Ensure it is dry before placing it back.

7. TROUBLESHOOTING

Refer to the following table for common issues and their solutions. If the problem persists, contact customer support or a qualified technician.

Problem	Possible Cause	Solution
Burner does not ignite	No gas supply; Clogged burner port; Ignition electrode dirty/damaged; Power outage (for auto ignition)	Check gas valve; Clean burner ports; Clean/adjust electrode; Check power supply. If issue persists, contact service.
Irregular flame	Clogged burner ports; Burner cap not seated correctly	Clean burner ports; Re-seat burner cap properly.
Gas smell	Gas leak; Burner not fully extinguished	Immediately shut off gas supply, ventilate area, do not operate electrical switches. Contact gas supplier/technician. Ensure burners are fully off.
Knob is stiff	Food debris or grease buildup	Clean around the knob base. Do not force the knob.
