FABATO VB002-BW

FABATO Vanity with LED Mirror and Charging Station - Instruction Manual

Brand: FABATO

Model: VB002-BW

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your FABATO Vanity with LED Mirror and Charging Station (Model VB002-BW). Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your product. Keep this manual for future reference.

SAFETY INSTRUCTIONS

- Always assemble the vanity on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten if necessary.
- Do not overload drawers or shelves. Distribute weight evenly.
- Keep electrical components (LED mirror, charging station) away from water and moisture.
- Use only the provided power cord for the charging station and LED mirror.
- Keep small parts out of reach of children during assembly.
- For stability, consider anchoring the vanity to a wall, especially if children are present. Wall anchoring hardware may not be included.

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. Refer to the detailed parts list included in your product packaging. Typical components include:

- Vanity tabletop with integrated drawers
- Side cabinet unit
- Mirror unit with LED lighting and shelving
- Legs (metal)

- Hardware pack (screws, connectors, tools)
- Power adapter for LED mirror and charging station
- Instruction manual (this document)

SETUP AND ASSEMBLY

Your FABATO Vanity is designed for straightforward assembly. Detailed, step-by-step instructions with diagrams are included in the separate assembly guide provided in your product packaging. It is recommended that two people assemble the vanity for ease and safety.

1. Unpack all components and verify against the parts list.
2. Follow the numbered steps in the assembly guide to attach the legs, assemble the main vanity body, and secure the mirror unit.

3. Ensure all connections are tight and stable before proceeding.
4. Connect the power adapter to the designated port on the vanity and then to a wall outlet.

OPERATING INSTRUCTIONS

LED Mirror Operation

The vanity features a high-definition sliding mirror with integrated LED lighting. The lighting offers three modes and adjustable brightness.

- **Power On/Off:** Lightly touch the power icon on the mirror surface to turn the LED light on or off.
- **Change Light Mode:** With the light on, tap the power icon repeatedly to cycle through the three light modes: Cool White, Neutral, and Warm Yellow.
- **Adjust Brightness:** Press and hold the power icon to continuously adjust the brightness level. Release when the

desired brightness is achieved.

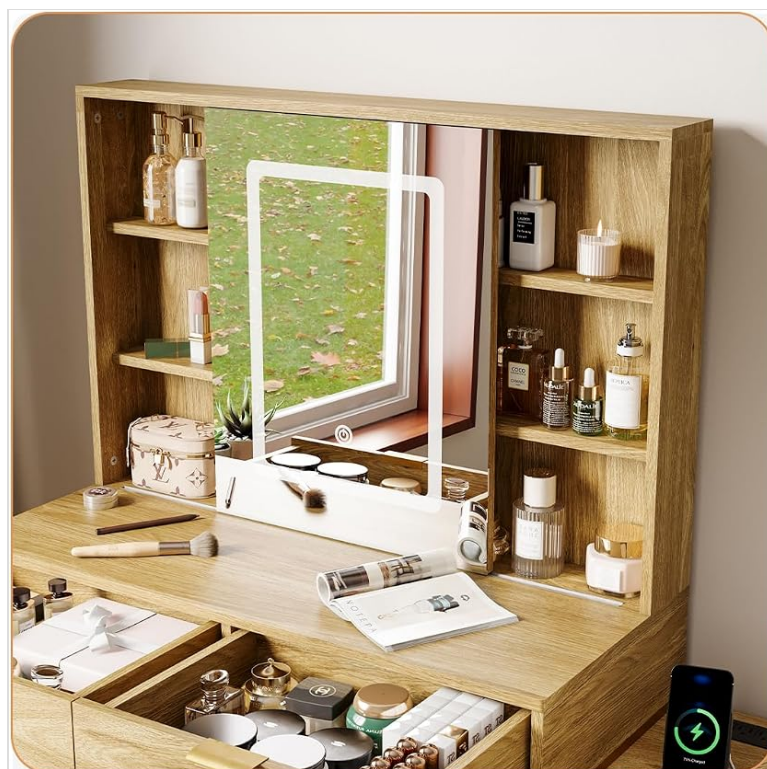

Figure 3: LED Mirror Controls. This image details the touch control for the LED mirror, demonstrating how to power on/off, change light modes, and adjust brightness.

Charging Station

The integrated charging station provides convenient power access for your electronic devices.

- **AC Outlets:** Two 125V/12A AC outlets are available for standard plugs.
- **USB-A Ports:** Two 5V/2A (QC USB-A) ports are provided for charging compatible USB devices.
- **Type-C Port:** One Type-C port is available for charging compatible Type-C devices.
- Ensure devices are compatible with the charging station's output specifications before connecting.

Storage Features

The vanity offers multiple storage options to keep your items organized.

- **Sliding Mirror with Hidden Shelves:** The mirror slides to reveal additional storage shelves behind it.
- **Two Drawers:** Located under the tabletop, these drawers provide enclosed storage.
- **Three-Tier Shelves:** Open shelving adjacent to the mirror for easy access.
- **Lower Right Cabinet:** A cabinet with a door for larger or concealed items.

Figure 5: Storage Overview. This image provides a comprehensive view of the vanity's storage capabilities, including drawers, shelves, and the lower cabinet.

DESIGN FEATURES

The FABATO Vanity incorporates thoughtful design elements for enhanced usability and aesthetics:

- **Robot Vacuum Clearance:** The vanity's leg height is designed to allow most robot vacuum cleaners to pass underneath, facilitating easy floor cleaning.
- **Rubber Feet:** The legs are equipped with rubber feet to protect your floors from scratches and provide stability.
- **Metal Drawer Handles:** Durable and stylish metal handles are used for the drawers, ensuring smooth operation and a modern aesthetic.

Figure 6: Design Details. This image illustrates specific design features such as the clearance for robot vacuums, rubber feet, and metal drawer handles.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish. For the mirror, use a glass cleaner and a lint-free cloth.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Electrical Components:** Ensure the charging station and LED mirror are unplugged before cleaning. Do not spray liquids directly onto electrical parts.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain stability.

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED mirror light does not turn on.	Power cord not connected or loose. Faulty power outlet.	Ensure the power cord is securely plugged into the vanity and a working wall outlet. Try a different outlet.
Charging station is not providing power.	Power cord not connected. Device not compatible or cable faulty.	Verify the vanity's main power cord is connected. Check if the device's charging cable is functional. Ensure the device is compatible with the charging station's output.
Vanity feels unstable or wobbly.	Loose assembly screws. Uneven floor.	Check and re-tighten all assembly screws. Place the vanity on a level surface or use shims under the legs if necessary.
Drawers do not slide smoothly.	Obstruction in the drawer slides. Misaligned slides.	Remove the drawer and check for any obstructions. Ensure drawer slides are properly aligned and free of debris.

SPECIFICATIONS

Brand	FABATO
Model Number	VB002-BW
Product Dimensions	40D x 130W x 136H Centimeters
Item Weight	47 Kilograms
Material	Engineered Wood, Metal
Color	Oak
Number of Drawers	2
LED Light Modes	3 (Cool, Neutral, Warm)
Charging Station	2x AC Outlets (125V/12A), 2x USB-A (5V/2A QC), 1x Type-C
