# Glocusent Rechargeable Neck Light (Model A38)

User Manual

## 1. INTRODUCTION

---

Thank you for choosing the Glocusent Rechargeable Neck Light, Model A38. This versatile and ergonomic neck light is designed to provide hands-free illumination for various activities such as reading, knitting, crafting, and repairing. With adjustable brightness, multiple color temperatures, and a long-lasting rechargeable battery, it offers a comfortable and efficient lighting solution.

## 2. WHAT'S IN THE BOX

- Glocusent Neck Light (1 unit)
- Charging Cable (1 unit)
- User Manual (1 unit)
- Bookmark (1 unit)

## 3. PRODUCT FEATURES

---

### 3.1 Uniform & Wider Lighting

The Glocusent Neck Light features two specialized beams: a rectangular floodlight for wide, even, and shadow-free illumination, and a circular spotlight for concentrated precision. Powered by 19 LEDs and a wider lamp head, it provides bright, user-friendly lighting suitable for various tasks.

# Uniform and Wider Lighting

### 4. SETUP & CHARGING

---

#### 4.1 Initial Charge

Before first use, fully charge the neck light. Connect the provided USB-C charging cable to the charging port on the device and a compatible USB power adapter (not included). The charging indicator will show progress and turn solid green when fully charged.

#### 4.2 Charging Time

A full charge typically takes approximately 3 hours.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Power On/Off & Brightness Adjustment

- Press the power button (usually marked with a power symbol or light icon) to turn the light on or off.
- Short press the brightness button to cycle through 5 preset brightness levels.
- Long press the brightness button for stepless dimming, allowing you to fine-tune the light intensity.

### 5.2 Color Temperature Adjustment

- Short press the color temperature button (usually marked with a key or temperature icon) to cycle through 5 color modes (1800K, 2500K, 3400K, 4500K, 6000K).
- Long press the color temperature button for stepless adjustment between color temperatures.

### 5.3 Switching Between Floodlight and Spotlight

The neck light features independent controls for each arm, allowing you to use the rectangular floodlight for broad illumination or the circular spotlight for focused tasks. Refer to the buttons on each light head for specific controls.

## 6. MAINTENANCE

---

- Keep the device dry and clean.
- Wipe with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Store in a cool, dry place when not in use for extended periods.

## 7. TROUBLESHOOTING

---

### 7.1 Light Not Turning On

- Ensure the device is fully charged. Connect it to a power source using the provided USB-C cable.
- Check if the power button is pressed correctly.

### 7.2 Inconsistent Brightness/Color

- Ensure buttons are pressed firmly. For stepless adjustment, hold the button down.
- If issues persist, try fully discharging and recharging the device.

### 7.3 Charging Issues

- Verify the charging cable is securely connected to both the device and the power adapter.
- Try a different USB power adapter or USB port.
