Hiswelle HQ-JS2301

Hiswelle 8L Cool Mist Humidifier

MODEL: HQ-JS2301

Introduction

Thank you for choosing the Hiswelle 8L Cool Mist Humidifier, Model HQ-JS2301. This ultrasonic humidifier is designed to improve air quality and comfort in large rooms, bedrooms, living rooms, and offices. It features a large water capacity, adjustable mist levels, smart humidity control, aromatherapy capabilities, and a quiet operation mode. Please read this manual thoroughly before use to ensure proper operation and maintenance.

Important Safety Instructions

- Always place the humidifier on a firm, flat, waterproof surface at least 12 inches (30 cm) away from walls and appliances.
- Do not immerse the humidifier base in water or other liquids.
- Unplug the appliance before filling, cleaning, or moving it.
- Keep the humidifier out of reach of children and pets.
- Do not block the mist outlet or air intake vents.
- Use only clean, cool tap water. Distilled or demineralized water is recommended to prevent white dust.
- Do not add essential oils directly into the water tank. Use the dedicated essential oil tray.
- The humidifier is equipped with an automatic shut-off feature when the water tank is empty.

Product Components

The Hiswelle HQ-JS2301 Humidifier package includes the following items:

- Humidifier Unit (Base, Water Tank, Mist Outlet)
- Remote Control
- User Manual

Setup

1. **Unpack:** Carefully remove all packaging materials and place the humidifier on a flat, stable surface.
2. **Placement:** Ensure the humidifier is placed in a location where the mist can disperse freely, away from direct sunlight, heat sources, and sensitive electronics.
3. **Fill Water Tank:** The humidifier features a convenient top-fill design. Open the top cover and pour clean, cool water directly into the tank. Do not exceed the 'MAX' fill line.
4. **Connect Power:** Plug the power cord into a standard electrical outlet. The unit will beep once, and the display will briefly illuminate.

Image: The humidifier positioned in a living space, illustrating its suitability for large areas up to 500 sq ft and a run time of up to 48 hours.

Operating Instructions

The humidifier can be operated using the touch control panel on the unit or the included remote control.

1. Power On/Off

Press the **Power** button once to turn the humidifier on or off.

2. Mist Level Adjustment

Press the **Mist** button repeatedly to cycle through 4 mist output levels: Low, Medium, High, and Highest. The current level will be indicated on the display.

Image: Visual representation of the 4 mist volume modes (Low, Medium, High, Highest) and their approximate run times.

3. 360° Mist Nozzle

The mist nozzle can be rotated 360 degrees to direct the mist in any desired direction, ensuring even distribution of humidity.

Image: The humidifier demonstrating its 360-degree rotatable mist nozzle for flexible mist direction.

4. Smart Constant Humidity Control

Press the **Humidity** button to set your desired humidity level between 40% and 90% Relative Humidity (RH) in 5% increments. The humidifier will automatically adjust its mist output to maintain the set humidity level.

5. Timer Function

Press the **Timer** button to set an operating time from 1 to 16 hours. The humidifier will automatically turn off once the set time has elapsed.

6. Aromatherapy

To use essential oils, pull out the aroma tray located at the bottom of the unit. Add a few drops of your preferred essential oil onto the aroma pad. Reinsert the tray. The mist will carry the fragrance into the air.

7. Night Light

Press the **Light** button to activate the 7-color ambient night light. Press again to cycle through colors or turn off.

8. Sleep Mode

Activate **Sleep Mode** for ultra-quiet operation (below 35dB) and to turn off the display lights, ensuring an undisturbed rest.

9. Remote Control

The included remote control allows you to conveniently operate all functions from a distance.

Maintenance

Regular cleaning is essential for optimal performance and hygiene.

1. Daily Maintenance

- Empty and rinse the water tank daily.
- Wipe the inside of the tank and the base with a clean, dry cloth.

2. Weekly Cleaning

- **Descaling:** Mix 1 teaspoon of white vinegar with 1 cup of water. Pour the solution into the water tank and let it sit for 30 minutes.
- Gently scrub the inside of the tank and the ultrasonic atomizer with a soft brush or cloth to remove mineral buildup.
- Rinse the tank thoroughly with clean water until the vinegar smell is gone.
- Wipe the exterior of the unit with a soft, damp cloth.

3. Storage

When not in use for an extended period, clean the humidifier thoroughly, ensure all parts are dry, and store it in a cool, dry place.

Troubleshooting

Problem	Possible Cause	Solution
No mist or weak mist	Low water level; Mineral buildup on atomizer; Mist outlet blocked.	Refill water tank; Clean atomizer with vinegar solution; Clear any obstructions from mist outlet.
Unit not turning on	Not plugged in; Power outage; Unit malfunction.	Ensure power cord is securely plugged in; Check power supply; Contact customer support if issue persists.
Leaking water	Water tank not properly seated; Overfilled tank; Damaged tank.	Ensure tank is correctly placed on the base; Do not overfill past 'MAX' line; Inspect tank for cracks.
Display blinking or unit shutting off randomly	Sensor issue; Internal malfunction.	Unplug the unit for 5 minutes and plug back in; If issue persists, contact customer support.

Specifications
