## SETUP

### 1. Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the provided USB-C cable to the charging case and a power source. The LED display on the case will indicate the charging status.

### 2. App Download and Installation

To access all translation features, download the dedicated application:

1. Scan the QR code provided in the manual or on the product packaging to download the "Ear Dance" app.
2. Install the app on your Android or iOS smartphone.

## Scarica l'App

Scansiona il QR code nel manuale per scaricare l'app.

1. Seleziona "EV68" nella pagina di connessione Bluetooth del telefono per completare la connessione.
2. Avvia l'app "Ear Dance" e il dispositivo si conatterà automaticamente.
3. Dopo la connessione, vai alla sezione "Il Mio" dell'app e clicca su Associa Dispositivo.
4. Scansiona o inserisci il codice di autorizzazione (codice QR) presente sulla confezione.
5. Dopo l'autorizzazione, inizia a utilizzare la funzione di traduzione.

Image: Instructions for downloading the 'Ear Dance' app and connecting the earbuds, showing the app interface and the earbuds.

### 3. Bluetooth Pairing

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your smartphone, navigate to Bluetooth settings and select "EV68" from the list of available devices to connect.
3. Once connected, open the "Ear Dance" app. The device should automatically connect within the app.

# Revitalize with Bluetooth 5.3 Upgrade

Compatible with most devices, providing a stable and fast connection.

Image: A smartphone screen showing the Bluetooth pairing process, with the EV68 earbuds and their case nearby.

## 4. Permanent Authorization

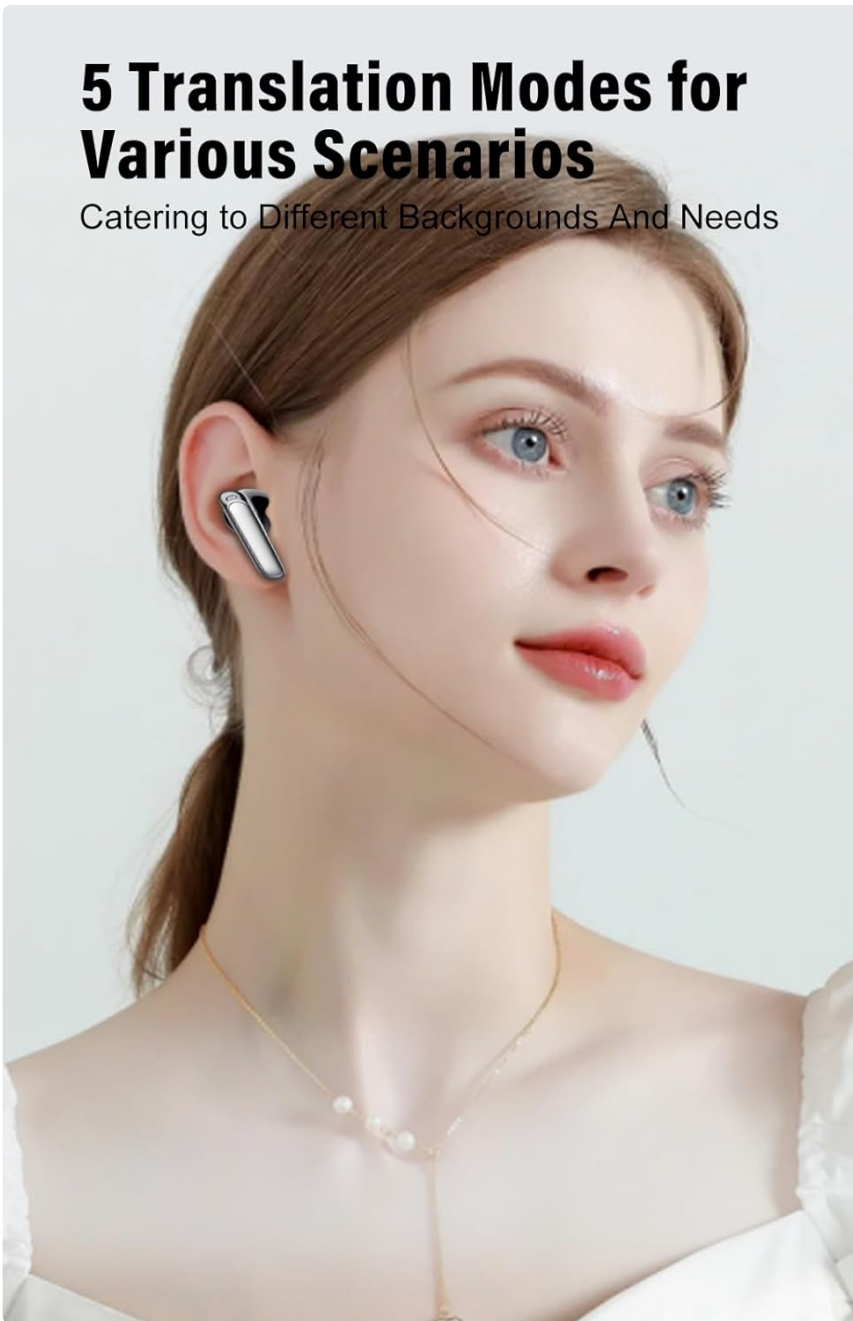

After connecting, go to the "My" section within the "Ear Dance" app and click on "Associate Device." Scan or enter the authorization code (QR code) found on the product packaging to permanently activate all translation functions.

## OPERATING MODES

The Puqo EV68 earbuds offer five distinct translation modes to suit various communication scenarios:

# 5 Translation Modes for Various Scenarios

Catering to Different Backgrounds And Needs

**Free talk**

**Headphone  
+ phone mode**

**Translation  
machine mode**

**Audio and video  
translation mode**

**Photo  
Translation Mode**

Image: An overview of the 5 translation modes available with the Puqo EV68 earbuds, including Free Talk, Headphone + Phone, Translation Machine, Audio and Video Translation, and Photo Translation.

## 1. Free Talk Mode

Wear the earbuds and speak freely. The system automatically recognizes the language and translates short phrases in real-time, ideal for casual conversations.

## Modalità Conversazione Libera

Indossa gli auricolari e parla liberamente: il sistema riconosce automaticamente la lingua e traduce frasi brevi in tempo reale.

Image: Two individuals engaged in conversation, demonstrating the Free Talk Mode where the earbuds facilitate real-time translation.

## 2. Earbud + Phone Mode

One user double-taps the earbud, while the other taps a button on the app. This mode enables simple and fast two-way conversations, perfect for direct interaction.

## Modalità Auricolare+Smartphone

Un utente fa doppio clic sull'auricolare, l'altro tocca il pulsante sull'app: conversazione bidirezionale semplice e veloce.

Image: A scenario depicting the Earbud + Smartphone Mode, where one person uses an earbud and the other interacts via a smartphone for translation.

## 3. Translation Machine Mode

Once the app is installed, the earbud functions as a traditional translator device, providing fluid multilingual communication.

## Modalità Dispositivo Traduttore

Una volta installata l'app, l'auricolare funziona come un traduttore tradizionale per una comunicazione multilingue fluida.

Image: Two individuals at a cafe, one using a smartphone, demonstrating the Translator Device Mode for seamless communication.

## 4. Photo Translation Mode

This mode allows you to instantly translate text captured through your phone's camera, useful for menus, signs, or documents.

## Traduzione da Foto

La modalità fotocamera traduce istantaneamente testi rilevati tramite obiettivo.

Image: A user translating a menu with their smartphone camera, showcasing the Photo Translation Mode.

## 5. AI Conversation Mode

Activate the "AI Conversation Mode" in the app for intelligent responses to daily or professional questions. This mode leverages advanced algorithms to provide reliable advice based on pre-loaded knowledge.

## Modalità Conversazione AI

Attiva la "Modalità Conversazione AI" nell'app per risposte immediate a domande quotidiane o professionali.

## FEATURES AND CONTROLS

### Audio and Communication

- **HD Audio:** Equipped with 13mm drivers for deep bass and detailed sound, enhancing both music and conversations.
- **ENC Noise Reduction:** The integrated ENC microphone system reduces ambient noise, ensuring clear calls in various environments.

## Chiamate Cristalline

Rendi le tue chiamate più chiare con il microfono ENC integrato.

Image: The earbuds with sound wave graphics, highlighting their capability for crystal clear calls due to ENC noise reduction.

### Battery Life and Charging

The earbuds provide up to 8 hours of use on a single charge, extended to 48 hours with the charging case. The case features an LED screen to display real-time battery levels. A full charge takes approximately 1.5 hours via USB-C.

# Prolonged Battery Life & LED Power Display

8 hours on one charge, for up to 48 hours of music and calls

**1.5h**

Quickly Charged

**Type-C**

Fast Charging

**H**  
with Charging Case

**H**  
Single Charge

Image: Visual representation of the battery life: 8 hours on a single charge, up to 48 hours with the charging case, and 1.5 hours for a full USB-C charge.

## Touch Controls

The earbuds feature intuitive touch controls for easy management of audio and calls:

- **Play/Pause:** Single tap
- **Change Track:** Double tap (left for previous, right for next)
- **Adjust Volume:** Triple tap (left for volume down, right for volume up)
- **Answer Call:** Single tap
- **Reject/End Call:** Long press
- **Activate Voice Assistant (Siri):** Long press (specific earbud)

## Controllo Tattile con Impronta Digitale

Image: A visual guide to the touch controls on the earbuds, detailing actions for music playback, call management, and voice assistant activation.

## Comfort and Durability

- **Ergonomic Design:** 45° in-ear design with three pairs of soft eartips (S/M/L) ensures optimal comfort for prolonged use.
- **IPX7 Waterproof:** Provides protection against sweat and rain, making them suitable for various activities.

Image: A woman wearing an earbud, accompanied by diagrams illustrating the different eartip sizes and the correct 45-degree insertion for personalized comfort.

## MAINTENANCE

### Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove eartips and clean them with mild soap and water, then dry thoroughly before reattaching.
- Avoid using abrasive materials or harsh chemicals.

### Storage

- Store the earbuds in their charging case when not in use to protect them and keep them charged.

- Keep the device in a cool, dry place, away from extreme temperatures and direct sunlight.

## Battery Care

- Charge the earbuds regularly, even if not used frequently, to maintain battery health.
- Avoid completely draining the battery before recharging.

## TROUBLESHOOTING

If you encounter issues with your Puqo EV68 earbuds, please refer to the following common solutions:

- **Earbuds not pairing:**  
Ensure both earbuds are in the charging case and fully charged. Take them out to activate pairing mode. Turn off and on your device's Bluetooth. If issues persist, try forgetting the device in your Bluetooth settings and re-pairing.
- **No sound from one earbud:**  
Check battery levels for both earbuds. Ensure they are properly connected to your device. Try placing both earbuds back in the case, closing it, and then reopening to reset the connection.
- **Translation not working:**  
Verify that the "Ear Dance" app is open and connected to the earbuds. Ensure you have an active internet connection for online translation. Check app settings for language selection and microphone permissions.
- **Poor audio quality:**  
Ensure earbuds are clean and free of debris. Try different eartip sizes for a better seal. Check your device's audio settings.
- **Charging issues:**  
Ensure the USB-C cable is securely connected to both the case and the power source. Try a different charging cable or adapter. Clean the charging contacts on the earbuds and inside the case.

For further assistance, please contact Puqo customer support.
