## 3. OPERATING INSTRUCTIONS

### 3.1. Power On/Off and Basic Navigation

Press and hold the Power button located on the side of the tablet to turn it on or off. The Blackview ZENO 1 runs on Android 15, offering an intuitive user interface. Navigate using touch gestures: tap to select, swipe to scroll, pinch to zoom.

### 3.2. Display Features

The 8-inch LCD features an 800x1280 HD resolution with a 90Hz refresh rate for smooth visuals and reduced eye strain. It also supports Widevine L1, enabling 1080P streaming from services like Netflix and Amazon Prime Video.

## 90Hz high refresh rate eye protection screen

8-inch 16:10 LCD screen (800×1280 resolution), 90Hz refresh rate + 180Hz touch sampling rate, smoother scrolling and browsing, reducing visual fatigue when working or watching videos.

### 3.6. Security Features

The Blackview ZENO 1 supports Face Unlock, allowing you to securely access your device with a glance. Android 15 also provides enhanced privacy and security features, including Private Space encryption and theft detection lock.

## 4. MAINTENANCE

### 4.1. Battery Care

To maximize battery life, avoid extreme temperatures and fully discharging the tablet regularly. Use only the provided charger and cable. For optimal performance, keep the battery charge between 20% and 80% when possible.

### 4.2. Cleaning the Device

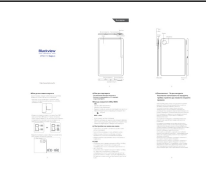

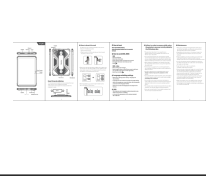

Use a soft, lint-free cloth to clean the screen and body of the tablet. For stubborn smudges, slightly dampen the cloth with water or a screen-cleaning solution. Avoid using harsh chemicals or abrasive materials.

### 4.3. Software Updates

Regularly check for and install system updates to ensure your tablet has the latest features, security patches, and performance improvements. You can usually find this option in the tablet's Settings menu under "System" or "About tablet."
