2. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- Exercise caution around sharp edges during assembly and handling.
- Do not overload the bed frame beyond its specified weight capacity of 800 lbs.
- Ensure all bolts and screws are securely tightened before use and periodically check for tightness.
- Keep small parts away from children during assembly to prevent choking hazards.
- Assemble the bed frame on a soft, clean surface to prevent scratching.

3. PACKAGE CONTENTS

Before assembly, verify that all components are present. Refer to the included assembly instructions for a complete list of parts and hardware. Typically, the package includes:

- Headboard with integrated LED lights

- Footboard
- Side rails
- Steel slats
- Center support bars and legs
- Assembly hardware (screws, bolts, washers, Allen wrench)
- LED light remote control and power adapter
- Instruction manual

4. ASSEMBLY INSTRUCTIONS

Assembly typically requires two adults and takes approximately 45 minutes. Follow the step-by-step instructions provided in the separate assembly guide included with your product. A general overview of the process is as follows:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface. Compare them with the parts list in your assembly guide.
2. **Assemble Headboard and Footboard:** Attach the rattan panels to the frame sections as instructed.
3. **Connect Side Rails:** Securely attach the side rails to the headboard and footboard using the provided hardware.
4. **Install Center Support:** Assemble and install the center support bar(s) and legs for mattress stability.
5. **Place Slats:** Position the steel slats across the bed frame. Ensure they are evenly spaced and secured according to the instructions. The embedded design helps prevent mattress sliding.
6. **Connect LED Lights:** Follow the specific instructions for connecting the LED light strip to the headboard and plugging in the power adapter.
7. **Final Tightening:** Double-check all connections and tighten any loose hardware. Add the three screws to reinforce the headboard to prevent wobbling.

5. OPERATING INSTRUCTIONS (LED LIGHTS)

Your GarveeHome bed frame features integrated RGB LED lights in the headboard. These lights can be controlled via a dedicated app or the included remote control.

5.1. App Control

- Download the designated LED control app from your smartphone's app store.
- Follow the app's instructions to pair it with your bed frame's LED lights.
- Through the app, you can customize brightness, select from 60,000 colors, choose various lighting modes, set time schedules, and activate music or microphone modes for dynamic lighting effects.

5.2. Remote Control

- Use the provided remote control to power the lights on/off, change colors, adjust brightness, and select preset modes.
- Ensure the remote control has working batteries and is pointed towards the LED receiver on the bed frame.

6. MAINTENANCE

To ensure the longevity and appearance of your bed frame, follow these maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. For the rattan, use a soft brush or cloth to gently remove dust. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability and prevent squeaking.
- **Rattan Care:** The PE rattan cane is durable, but avoid prolonged exposure to direct sunlight or extreme humidity to prevent material degradation.
- **LED Lights:** Ensure the LED light strip and wiring are not pinched or damaged. If any issues arise with the lights, refer to the troubleshooting section or contact customer support.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your bed frame.

7.1. Bed Frame is Wobbly or Squeaks

- **Solution:** Check all bolts and screws, especially those connecting the headboard, footboard, and side rails. Tighten any loose hardware. Ensure the three reinforcement screws for the headboard are securely in place.
- **Solution:** Verify that the center support legs are properly installed and making firm contact with the floor.

7.2. Mattress Slides on the Frame

- **Solution:** The bed frame features an embedded design to minimize mattress movement. Ensure your mattress is correctly seated within the frame.
- **Solution:** Check if the anti-slip pads on the slats are intact and properly positioned.

7.3. LED Lights Not Working

- **Solution:** Ensure the power adapter is securely plugged into both the bed frame and a working power outlet.
- **Solution:** Check the remote control batteries.
- **Solution:** If using the app, ensure your device's Bluetooth is on and the app is correctly paired with the lights.
- **Solution:** Inspect the LED strip and wiring for any visible damage. If damage is found, discontinue use and contact customer support.
