## Gizoon B0FFB15676

# Gizoon Outdoor Storage Cabinet Instruction Manual

Model: B0FFB15676 | Dimensions: 17.4"D x 52.8"W x 63.8"H

## INTRODUCTION

---

Thank you for choosing the Gizoon Outdoor Storage Cabinet. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new storage solution. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## SETUP AND ASSEMBLY

---

Assembly of this outdoor storage cabinet requires careful attention to detail. It is recommended to assemble with a partner to ensure stability and ease of construction. Wear gloves to prevent injury during handling of components.

### Unpacking and Parts Inspection

Before starting assembly, unpack all components and verify that all parts are present and undamaged. Each component is clearly labeled for efficient identification. Refer to the included parts list to confirm all items are accounted for.

### Assembly Steps

Follow the step-by-step instructions provided in the assembly guide included with your product. Ensure all screws and fasteners are securely tightened. An electric screwdriver (not included) can be used for efficiency, but a manual screwdriver (included) is sufficient.

## OPERATION

### Storage Capacity and Shelves

The cabinet offers a large storage space with two removable shelves, allowing for flexible organization of various tools and equipment. The shelves can be adjusted or removed to accommodate taller items such as long-handled tools or sports equipment.

## MAINTENANCE

---

### Weather Protection

The cabinet is constructed from durable fir wood and features a waterproof asphalt roof designed to resist weather-related wear and water buildup. Regularly inspect the roof for any damage or debris to ensure continued waterproofing. Periodically clean the exterior with a damp cloth to maintain its appearance.

## 4 Metal Brackets

Better Fix the Outdoor Storage Cabinet

## 6 Adjustable feet

Don't Worry about Uneven Floor

### Stability and Leveling

Four metal brackets and six adjustable feet are included to prevent movement and ensure stability, especially on uneven ground. Regularly check the feet and brackets to ensure they are secure and properly adjusted.

# UV RESISTANT & WATERPROOF

## TROUBLESHOOTING

---

### Uneven Ground

If the cabinet appears unstable or uneven, utilize the six adjustable feet located at the base. Rotate the feet to raise or lower corners until the cabinet is level and stable on your patio or garden surface.

### Door Alignment Issues

If the double doors do not align perfectly or close smoothly, ensure the cabinet is placed on a level surface. Adjust the feet as necessary to square the cabinet frame, which can improve door alignment. Check that all hinges are securely fastened.

### Water Leakage

In case of water leakage, inspect the waterproof asphalt roof for any gaps, cracks, or dislodged material. Ensure the roof panels are correctly overlapped and sealed according to assembly instructions. Verify that the cabinet doors close completely and the magnetic clasp is engaged.

# SPECIFICATIONS

<b>Brand</b>	Gizoon
<b>Model Number</b>	B0FFB15676
<b>Color</b>	Gray
