## Cityflee XWSQ02

# Cityflee Automatic Cat Feeder with 5G WiFi

Model: XWSQ02

User Manual

## 1. PRODUCT OVERVIEW

The Cityflee Automatic Cat Feeder (Model XWSQ02) is designed to provide scheduled and controlled feeding for your pets. It features 5G/2.4G Wi-Fi connectivity for app control, dual power options, adjustable height, and a dual-bowl design for multiple pets.

## 2. SETUP INSTRUCTIONS

### 2.1 Unboxing and Assembly

Carefully remove all components from the packaging. The feeder comes in several modular pieces for easy assembly. Ensure all parts are present before proceeding.

Video: An unboxing and initial assembly guide for the Cityflee Automatic Cat Feeder, demonstrating how to put the main components together.

### 2.2 Power Supply

The feeder supports dual power options:

- **Adapter:** Connect the provided power adapter to the feeder and a wall outlet.
- **Batteries:** For backup during power outages, insert 4 AA non-rechargeable batteries (not included) into the designated compartment. The feeder will automatically switch to battery power if the main power is interrupted.

## Record Messages )))

Master voice, personalized meal call

Image: Illustration of the feeder's dual power system, showing connection to a power adapter and the option for battery backup.

### 2.3 App Installation and Wi-Fi Connection

To utilize the smart features, download the Smart Life App:

1. Scan the QR code or visit [smartapp.tuya.com/smartlife](https://smartapp.tuya.com/smartlife) to download the Smart Life App.
2. Register or log in to your account.
3. Add the device by selecting the model XWSQ02.
4. Connect the feeder to your home Wi-Fi network. The feeder supports both 2.4G and 5G Wi-Fi for a stable connection.

### Opposite Bowl ⇄ Design

Each pet gets their own meal, no more fighting

Image: Step-by-step visual guide for downloading the Smart Life App, adding the feeder, and completing the Wi-Fi setup.

Image: The feeder highlighting its compatibility with both 2.4G and 5G Wi-Fi networks for enhanced stability.

## 3. OPERATING INSTRUCTIONS

### 3.1 Setting a Feeding Schedule

Use the Smart Life App to customize your pet's feeding schedule:

- Schedule up to 6 meals per day.
- Adjust portion sizes from 1 to 24 portions per meal.

- Monitor feeding records directly from the app.

## Detachable Easy to Clean

Some parts are wipeable only  
for quick

Image: The app's interface demonstrating the customizable feeding plan, allowing users to set multiple meals and precise portion sizes.

### 3.2 Voice Recording

Record a personalized 10-second voice message to call your pets for meals. This feature can help comfort your pets and reinforce feeding times.

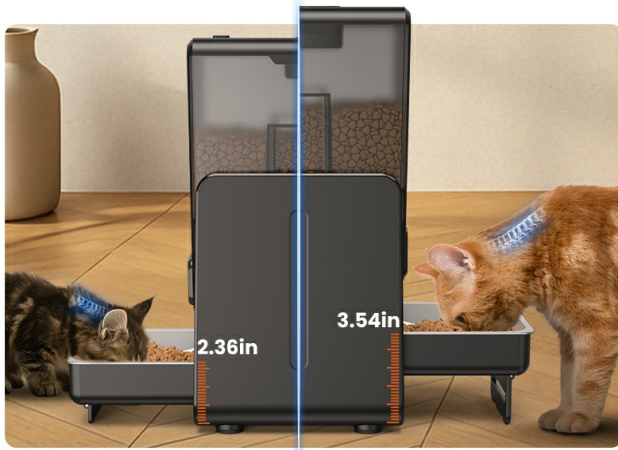

Image: A cat interacting with the feeder, illustrating the voice recording feature that calls pets to eat.

### 3.3 Manual Feeding

A manual feed button is available on the control panel for immediate dispensing of food outside of the scheduled times.

### 3.4 Adjustable Height and Dual Bowls

The feeder offers two height options (2.36 inches and 3.54 inches) to accommodate pets of different sizes, promoting a healthy eating posture. The dual-bowl design with 12 inches of spacing allows two pets to eat simultaneously without conflict.

## Provides a More Comfortable Feeding Height

The two adjustable height settings meet your pet's needs, relieving pressure on their spine and joints

Image: Two cats using the feeder, demonstrating the adjustable height feature for improved spinal health and comfortable eating.

Image: The feeder's opposite bowl design with 12-inch spacing, ensuring each pet has its own meal space.

### 3.5 Food Compatibility

The feeder is compatible with dry food kibble sizes up to 0.5 inches in diameter. A built-in desiccant helps keep food fresh.

### Customizable Feeding Plan

6 Max Meals Per Day

1-24 Portions Per Meals

Image: Visual representation of different dry food types and kibble sizes that are suitable for the feeder.

### 3.6 Adjustable Slow Feed Mode

Set feeding intervals of 1-10 minutes per portion to slow down your pet's eating, promoting healthier digestion and preventing overeating.

### Family-Friendly Sharing, Pet-Friendly Care

Securely share control with loved ones, ensuring your pet is always cared for—even when you're not home

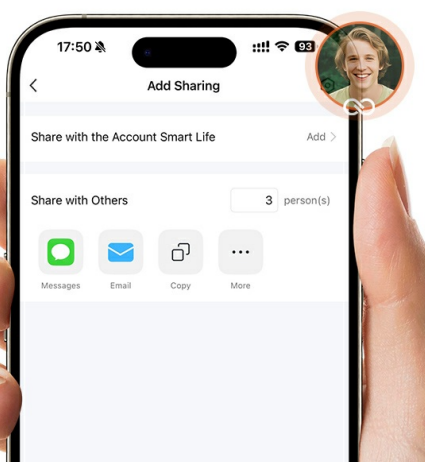

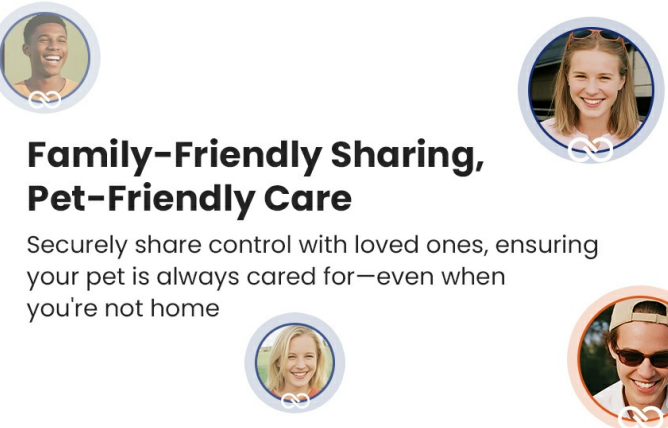

Image: The app's feature for adjusting the slow feed mode, allowing users to set specific time intervals for food dispensing.

## 4. MAINTENANCE

### 4.1 Cleaning

The Cityflee Automatic Cat Feeder is designed for easy cleaning. It includes 2 removable troughs and 2 stainless steel bowls. These components are BPA-free and can be easily detached for washing. Regular cleaning ensures hygienic feeding for your pets.

Image: Exploded view of the feeder's detachable parts, such as the food container and bowls, emphasizing ease of cleaning.

## 5. TROUBLESHOOTING

- **Feeder not dispensing food:** Check if the food hopper is empty. Ensure kibble size is within the recommended 0.5-inch diameter to prevent blockages. Verify the power supply (adapter or batteries).
- **App connectivity issues:** Ensure your Wi-Fi network is stable and the feeder is within range. Confirm you are connected to a 2.4G or 5G network. Try restarting the app and the feeder.
- **Control panel not responding:** Check if the control panel is securely attached. If using batteries, ensure they are correctly inserted and have sufficient charge.
- **Voice recording not playing:** Verify the recording was saved correctly. Check the volume settings in the app or on the device.
