

MXV IF-36FSB

MXV 70-Inch Fireplace TV Stand with 36-Inch Electric Fireplace Instruction Manual

Model: IF-36FSB

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembling, operating, or maintaining this product. Failure to follow these instructions may result in electric shock, fire, property damage, or personal injury.

- Always disconnect the power cord from the outlet before cleaning, performing maintenance, or moving the fireplace.
- Do not share an outlet with other appliances when using the electric fireplace. Use a dedicated outlet.
- Keep combustible materials, such as furniture, pillows, bedding, papers, clothes, and curtains at least 3 feet (0.9 m) from the front of the heater.
- Do not insert or allow foreign objects to enter any ventilation or exhaust opening as this may cause an electric shock or fire, or damage the heater.
- Do not operate any heater with a damaged cord or plug or after the heater malfunctions, has been dropped or damaged in any manner.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

1. SETUP AND ASSEMBLY

The MXV Fireplace TV Stand is designed for straightforward assembly. It typically arrives in two separate boxes. Ensure all parts are present before beginning assembly.

1.1 Unpacking and Parts Identification

Carefully unpack all components. Refer to the included parts list and diagrams to identify each piece. Pre-drilled holes and numbered parts facilitate the assembly process.

1.2 Assembly Steps

1. Assemble the base frame using the provided screws and dowels. Pay attention to hole orientation for correct alignment.
2. Attach the side and middle support panels to the base. Ensure card slots correspond for proper fit.
3. Install the electric fireplace unit into the central cavity. You may need to remove the glass cover and pour in the decorative crystals before re-installing the glass.
4. Secure the top panel of the TV stand, ensuring the power outlet module is correctly seated and screwed in.
5. Install the LED light strips along the designated areas. It is recommended to peel off the blue film and ensure the strip is positioned away from the edge, not exceeding marked positions. Secure with clamps.
6. Attach the cabinet doors using the hinges. Adjust the hinges as needed for proper alignment (vertical, depth, and horizontal adjustments are possible).
7. Connect the LED light strip power cord to the fireplace unit's USB port.

2. OPERATING INSTRUCTIONS

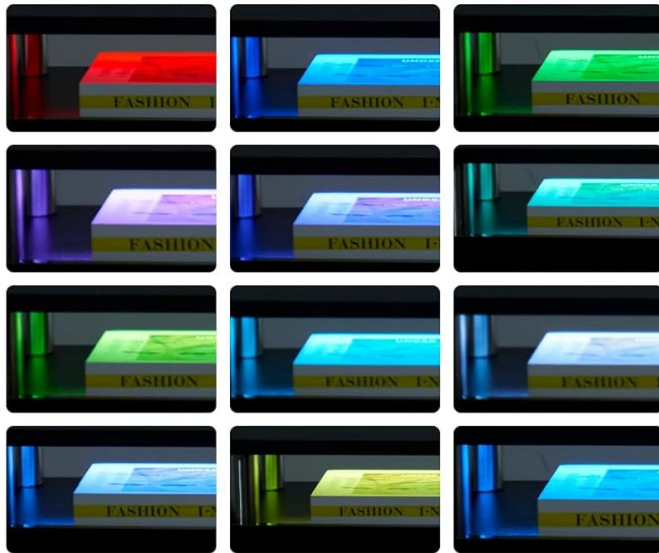

Your MXV Fireplace TV Stand features an integrated electric fireplace with various lighting and heating functions, controllable via remote or touch panel.

2.1 Electric Fireplace Operation

- **Power:** Turn the fireplace on/off using the remote control or the touch panel on the unit.
- **Flame Effects:** The 36-inch electric fireplace offers 12-color flame effects with 5 dimmer levels. Adjust colors and brightness to suit your preference.
- **Heating Function:** The fireplace provides 750W/1500W heating power. Temperature can be adjusted

from 62°F to 82°F.

- **Timer:** Set a timer for automatic shut-off.
- **Overheat Protection:** The unit is equipped with overheat protection for safety.

12 LED COLORS CHANGE

According to the atmosphere of your room, you can switch it at will.

3. MAINTENANCE

Regular maintenance ensures the longevity and appearance of your MXV Fireplace TV Stand.

- **Cleaning:** For the high-gloss finish, use a soft, damp cloth to gently wipe surfaces. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Dusting:** Regularly dust the unit to prevent buildup, especially around the fireplace vents.
- **Fireplace Care:** Ensure the fireplace vents are clear of obstructions to maintain proper airflow and heating efficiency.
- **Cable Management:** Periodically check and reorganize cables to prevent tangling and ensure safety.

4. TROUBLESHOOTING

If you encounter any issues with your TV stand or electric fireplace, refer to the following common solutions:

- **Fireplace Not Turning On:**
 - Check if the power cord is securely plugged into a dedicated electrical outlet.
 - Ensure the main power switch on the fireplace unit is in the "On" position.

- Verify that the remote control batteries are functional.
- **No Heat Output:**
 - Confirm that the heating function is activated via the remote or touch panel.
 - Check the temperature setting; ensure it is set above the current room temperature.
 - Ensure the air vents are not obstructed.
- **LED Lights Not Working/Malfunctioning:**
 - Check the connection of the LED light strip to the fireplace unit's USB port.
 - Ensure the LED remote control batteries are functional.
 - If individual LED strips are faulty, contact customer support for replacement.
- **Cabinet Doors Misaligned:**
 - Adjust the hinges using a screwdriver. Refer to the assembly instructions for detailed hinge adjustment procedures (vertical, depth, and horizontal).

5. SPECIFICATIONS

Feature	Detail
Brand	MXV
