## Package Contents

Verify that all items are present in your package:

- Mastergrip Shooting Grip x 1
- Dedicated Phone Case x 1 (for Samsung Galaxy S25 Ultra)

- 67mm CPL Filter Lens x 1
- Handle Strap x 1
- Filter Adapter Ring x 1

Image: An overhead view of all components included in the TELESIN Fun Shot Mastergrip Photography Kit: the grip, phone case, CPL filter, handle strap, and filter adapter ring.

## Setup Instructions

1. **Install the Phone Case:** Carefully place your Samsung Galaxy S25 Ultra into the dedicated phone case. Ensure it fits securely.
2. **Attach the Mastergrip:** Align the phone case with the quick-lock slide rail on the Mastergrip. Slide the phone case into the grip until it clicks into place. Flick the latch to secure it.
3. **Install the Filter Adapter Ring:** Screw the filter adapter ring onto the lens area of the phone case.
4. **Attach the CPL Filter:** Screw the 67mm CPL filter lens onto the installed filter adapter ring.
5. **Attach the Handle Strap:** Secure the handle strap to the designated attachment point on the Mastergrip for added security during use.

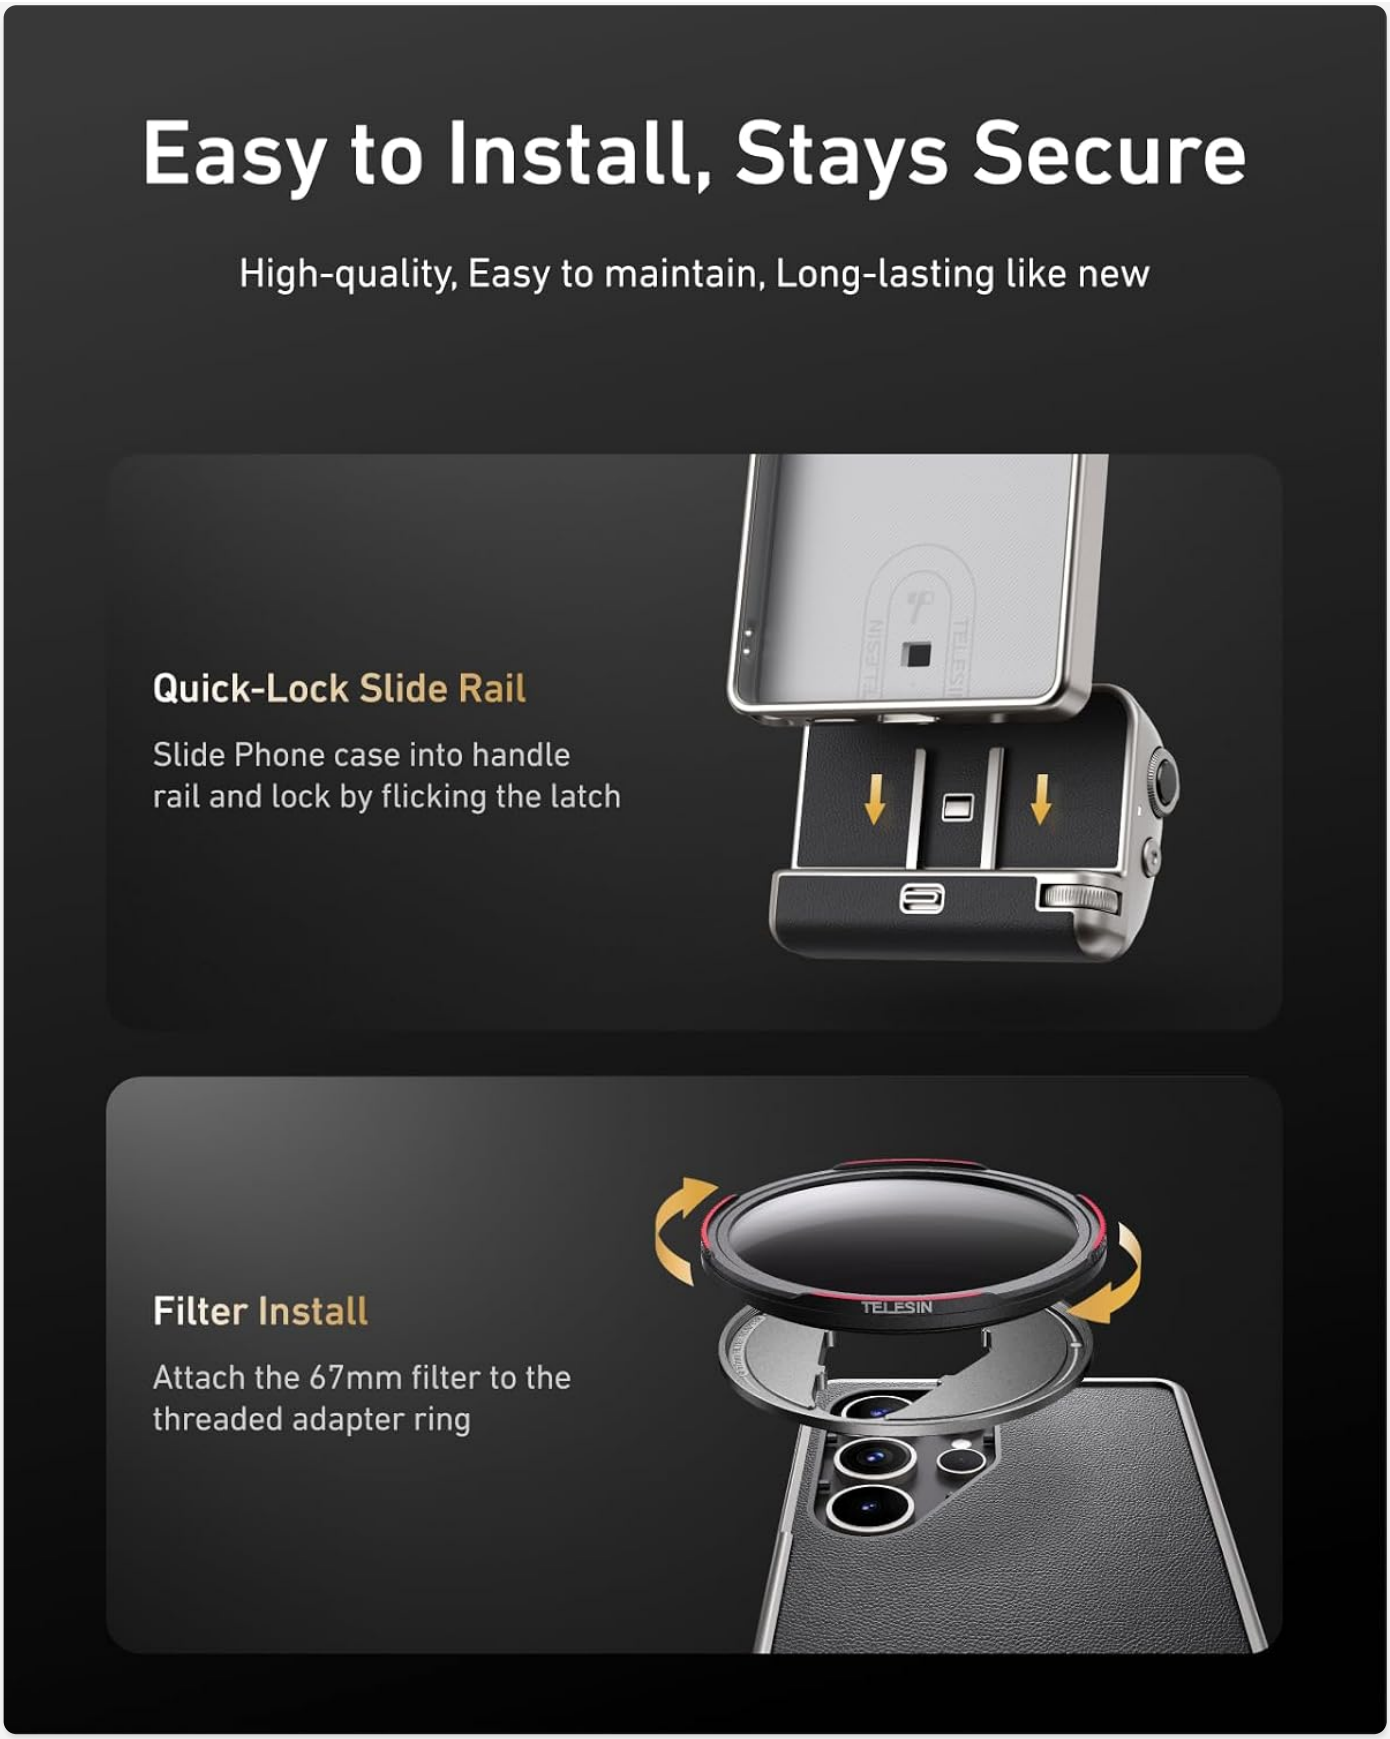

Image: Visual guide demonstrating the quick-lock slide rail mechanism for attaching the phone case to the grip, and the process of screwing the 67mm filter onto the adapter ring on the phone case.

## Operating Instructions

### Basic Controls

The Mastergrip features intuitive controls designed for ease of use:

- **Dual-Stage Shutter Button:** Press halfway to focus, press fully to capture a photo or start/stop video recording.
- **Quick Zoom Slider:** Use the slider to smoothly adjust the zoom level of your camera.
- **Mode Switch Button:** Quickly switch between photo, video, and burst modes.

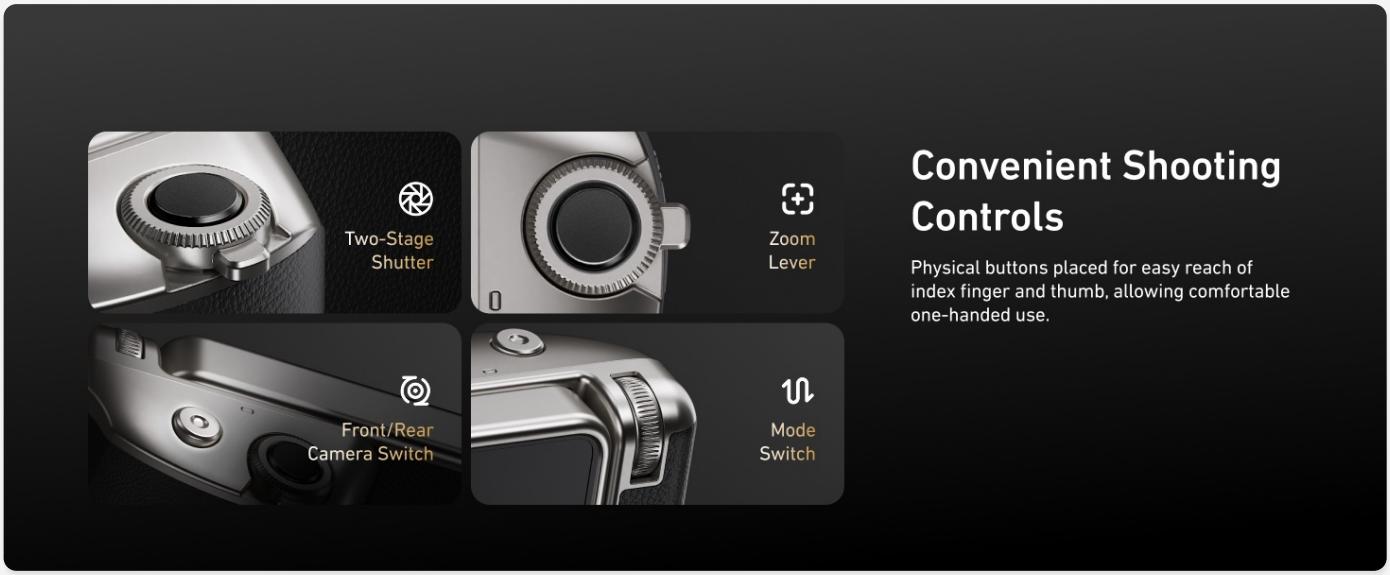

Image: Detailed view of the Mastergrip's control buttons, including the two-stage shutter, zoom lever, and mode switch, highlighting their ergonomic placement for convenient shooting.

## Using the CPL Filter

The included 67mm CPL (Circular Polarizer) filter helps manage reflections and enhance colors:

- **Eliminate Reflection:** Rotate the CPL filter to reduce glare from water surfaces, glass, or other reflective objects.
- **Enhance Contrast:** Improve the contrast and saturation of your images, particularly for skies and landscapes.
- **Restore Colors:** Achieve more vibrant and natural colors by reducing atmospheric haze.

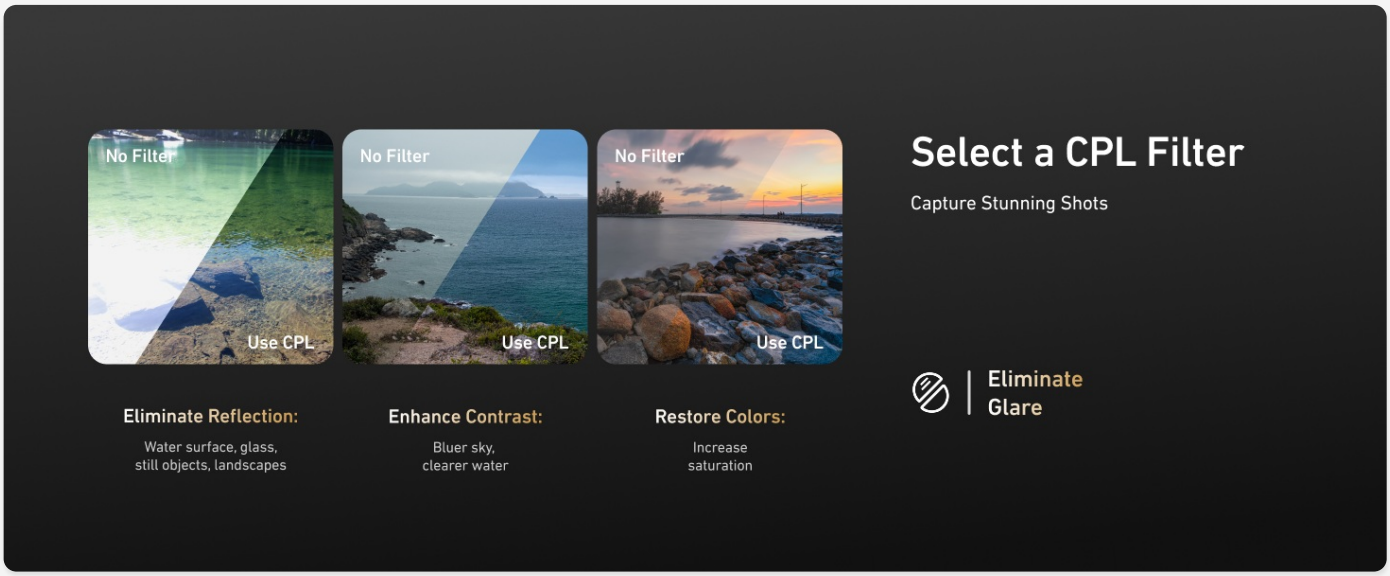

Image: A visual demonstration of the CPL filter's effects, showing how it eliminates reflections, enhances contrast, and restores colors in various outdoor scenes compared to images taken without the filter.

## Ergonomics and Versatility

- The ergonomic design provides a comfortable and stable grip for extended shooting sessions.
- Seamlessly transition between portrait and landscape orientations without removing your phone from the grip.
- The 1/4” tripod screw connector allows for attachment to tripods or other accessories.

- A lanyard port is included for attaching the handle strap, providing extra security.

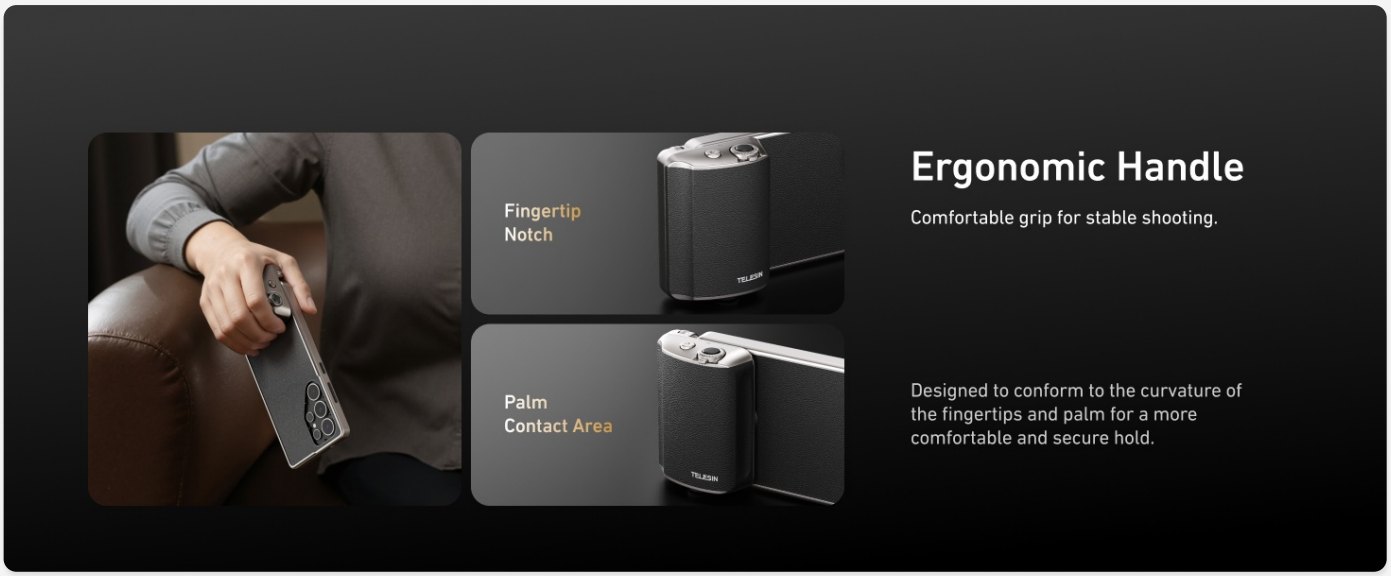

Image: A diagram highlighting the ergonomic features of the Mastergrip, including the fingertip notch and palm contact area, designed for a comfortable and secure hold during photography.

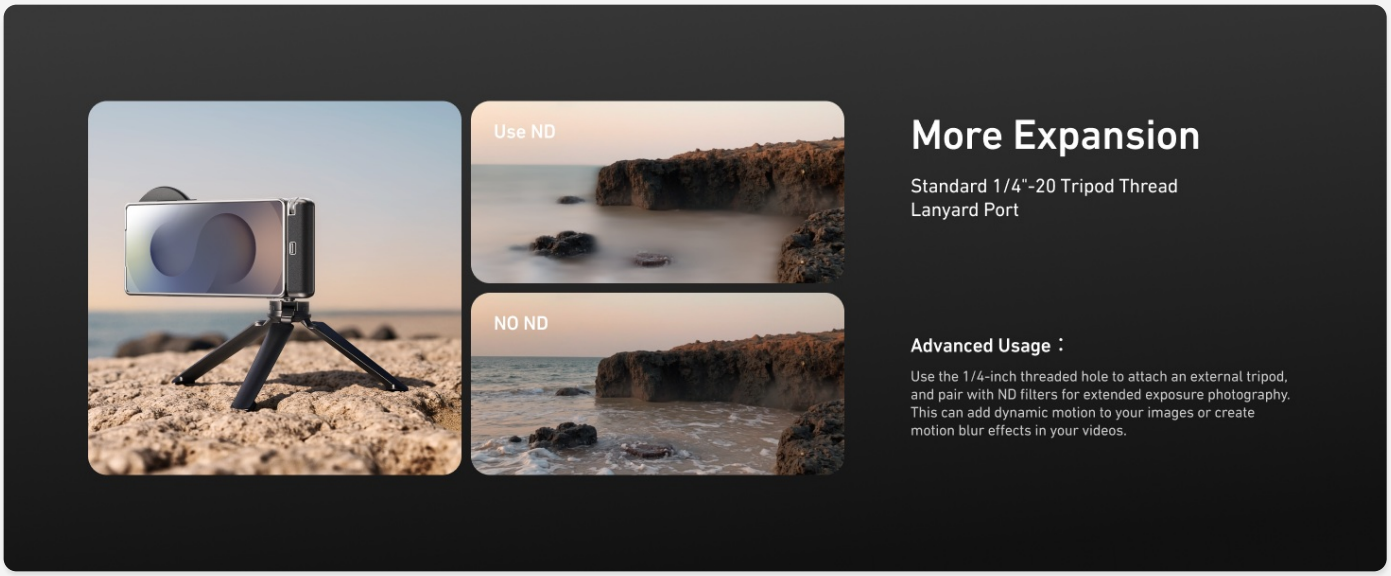

Image: The Mastergrip attached to a tripod, illustrating its expandability. This image also shows the potential for advanced usage with ND filters for effects like motion blur, though ND filters are not included in this specific kit.

## Battery Information

The Mastergrip has a built-in 300mAh battery. A full charge provides power for over 10,000 shutter actuations, ensuring reliable performance during extended use.

## Maintenance

To ensure the longevity and optimal performance of your Mastergrip kit, follow these maintenance guidelines:

- **Cleaning the Grip and Case:** The grip and phone case are made from high-quality silicone leather. Wipe them gently with a soft, damp cloth to remove dust or smudges. Avoid harsh chemicals or abrasive materials.
- **Cleaning the CPL Filter:** Use a microfiber lens cleaning cloth to gently wipe the CPL filter. For stubborn smudges, use a specialized lens cleaning solution. Do not touch the filter surface with your fingers.
- **Storage:** When not in use, store the Mastergrip kit in a clean, dry place away from direct sunlight and extreme temperatures.

- **Battery Care:** For optimal battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in constant use.

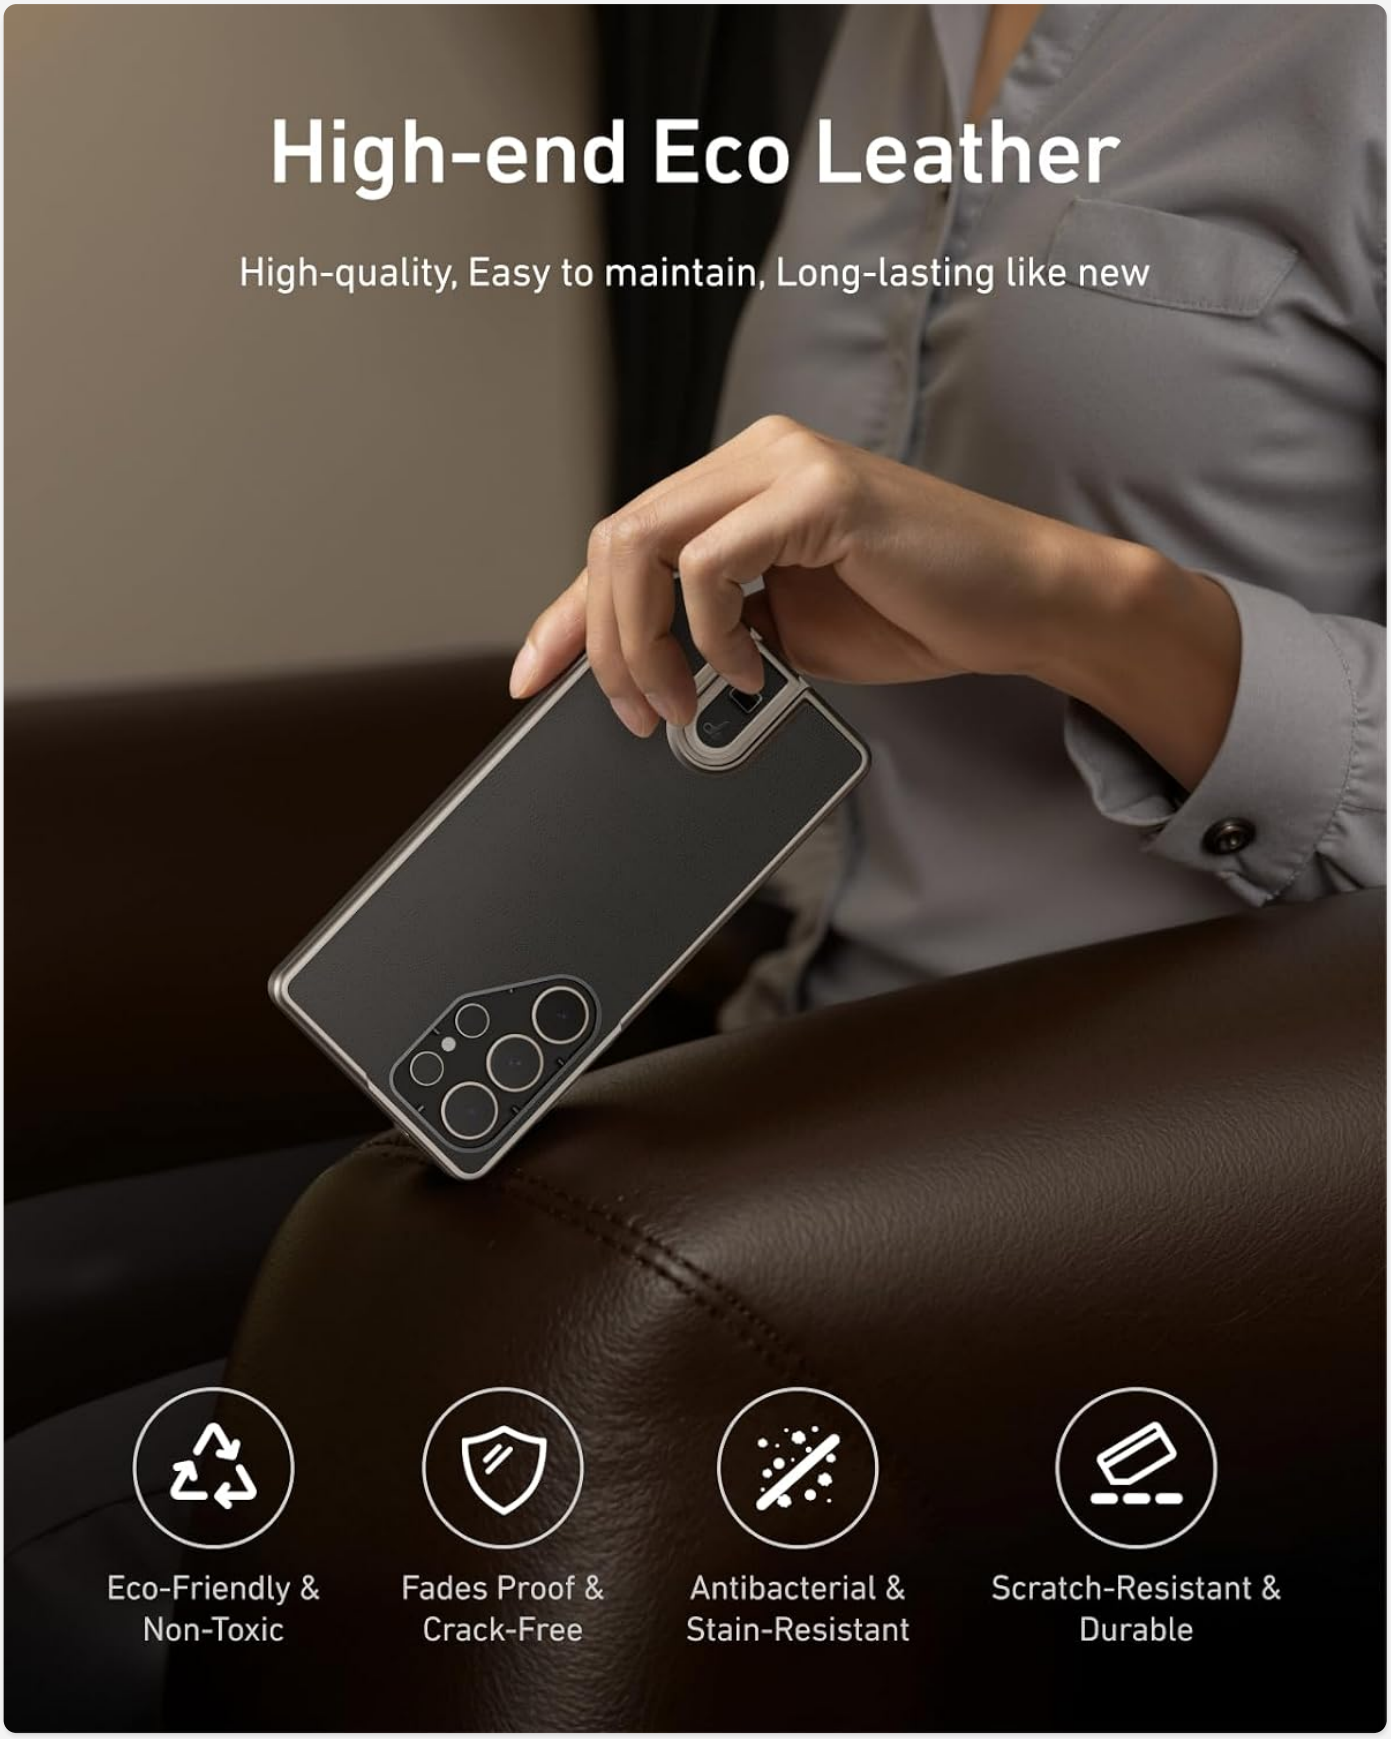

Image: A close-up of the phone case being held, emphasizing its high-end, eco-friendly silicone leather material, which is durable, fade-proof, antibacterial, stain-resistant, and scratch-resistant.

## Troubleshooting

| Problem | Possible Cause | Solution |
|---|---|---|
| Grip not connecting to phone | Bluetooth not enabled or paired; low battery. | Ensure Bluetooth is enabled on your phone and the Mastergrip is paired. Check battery level and recharge if necessary. |
| Shutter button unresponsive | Low battery; connection issue; camera app not active. | Recharge the Mastergrip. Re-establish Bluetooth connection. Ensure your phone's camera application is open and active. |
| Filter not screwing on properly | Misalignment; debris in threads. | Ensure the filter adapter ring is correctly installed. Check for any debris in the threads of the filter or adapter ring and clean if necessary. |
| Short battery life | Frequent use; aging battery. | Ensure the device is fully charged before use. If battery life significantly degrades over time, contact support. |

## Specifications

- **Model Number:** GPL-US-P1-TSS-002
- **Compatible Devices:** Samsung Galaxy S25 Ultra, Smartphones
- **Package Dimensions:** 8.43 x 7.95 x 2.56 inches
- **Item Weight:** 13 ounces
- **Battery:** 1 Lithium Polymer battery (included), 300mAh capacity
- **Special Features:** Ergonomic Design, Lightweight, 1/4” Tripod Screw Connector
- **Included Filter:** 67mm CPL Filter Lens
- **Manufacturer:** TELESIN
