# USTAAD Art Radium Vinyl 'Don't Touch My Car' Sticker

Instruction Manual

Brand: Generic | Model: 3121

## 1. INTRODUCTION

Thank you for choosing the USTAAD Art Radium Vinyl 'Don't Touch My Car' Sticker. This high-quality vinyl decal is designed for both cars and bikes, featuring a unique glow-in-the-dark property. This manual provides essential information for proper application, usage, and maintenance to ensure the longevity and optimal appearance of your sticker.

## 2. PACKAGE CONTENTS

- 2 x USTAAD Art Radium Vinyl 'Don't Touch My Car' Stickers

## 3. SETUP AND APPLICATION

Follow these steps carefully for optimal adhesion and appearance of your vinyl sticker:

- 1. Prepare the Surface:** Ensure the surface where you intend to apply the sticker is clean, dry, and free from dust, grease, or wax. Use a mild cleaner and allow it to dry completely.
- 2. Positioning:** Carefully determine the exact placement of the sticker before removing the backing paper. You may use masking tape to temporarily hold it in place.
- 3. Remove Backing Paper:** Slowly peel off the white backing paper from one corner, ensuring the sticker adheres to the transparent transfer layer.
- 4. Apply the Sticker:** Align the sticker with the desired position on the clean surface. Starting from one edge, slowly apply the sticker, pressing it down firmly with a plastic card (like a credit card) to smooth out any air bubbles. Work your way across the entire sticker.
- 5. Remove Transparent Layer:** Once the sticker is fully adhered to the surface, slowly and carefully peel off the front transparent transfer layer at a sharp angle. If any part of the sticker lifts, press it back down with the plastic card and try again.

Image: Example of the 'Don't Touch My Car' sticker. The background will be the surface it is applied to.

## 4. OPERATING (FEATURES)

This sticker features a special radium/vinyl material that allows it to glow in the dark. For optimal glow effect, expose the sticker to light for a period before viewing it in low-light conditions.

## 5. MAINTENANCE

- **Cleaning:** The sticker is washable. You can clean it gently with a soft cloth and mild soap and water. Avoid harsh chemicals or abrasive cleaning tools that could damage the vinyl.
- **Durability:** The high-quality vinyl material is designed to be non-damaging to surfaces and withstand various weather conditions.

## 6. TROUBLESHOOTING

- **Bubbles After Application:** Small bubbles can sometimes appear. Use a fine needle to gently prick the edge of the bubble and then smooth it out with your finger or a plastic card.
- **Sticker Not Adhering:** Ensure the surface was thoroughly cleaned and dry before application. Cold temperatures can affect adhesion; apply in moderate temperatures if possible.
- **Edges Lifting:** If edges begin to lift, gently press them back down. For persistent lifting, a small amount of vinyl-safe adhesive can be used, but this is generally not required for proper application.

## 7. SPECIFICATIONS

Feature	Detail
Brand	Generic
Model Number	3121
Material	Vinyl
Special Features	Glow in the Dark, Non-damaging surface, Peel and Stick, Washable
Recommended Uses	Car, Bike
