vivo T4 Lite 5G

Vivo T4 Lite 5G Smartphone User Manual

Model: T4 Lite 5G

Introduction

Welcome to the user manual for your new Vivo T4 Lite 5G smartphone. This guide provides essential information to help you set up, operate, maintain, and troubleshoot your device. The Vivo T4 Lite 5G is designed for optimal performance, featuring a powerful 6000 mAh battery, a 50MP AI camera, and a MediaTek Dimensity 6300 5G processor, all within an ultra-slim design.

What's in the Box

Upon unboxing your Vivo T4 Lite 5G, please ensure all the following items are present:

- Vivo T4 Lite 5G Smartphone
- Power Adapter
- USB Cable (Type-C)
- SIM Tray Ejector
- Phone Case
- Screen Protector (pre-applied or in box)

Setup

1. Inserting the SIM Card and SD Card

Your Vivo T4 Lite 5G supports a single Nano SIM card and expandable storage via a microSD card (up to 2 TB).

1. Locate the SIM card tray on the side of your phone.
2. Insert the provided SIM Tray Ejector tool into the small hole next to the tray and gently push until the tray pops out.
3. Place your Nano SIM card into the designated slot with the gold contacts facing down. If using a microSD card, place it in the appropriate slot.
4. Carefully push the tray back into the phone until it is flush with the side.

2. Charging the Battery

Before first use, it is recommended to fully charge your device.

1. Connect the USB Cable to the Power Adapter.
2. Plug the Power Adapter into a power outlet.

3. Connect the USB Type-C end of the cable to the charging port at the bottom of your phone.
4. The charging indicator will appear on the screen.

3. Powering On and Initial Setup

1. Press and hold the Power button (located on the side) until the Vivo logo appears.
2. Follow the on-screen instructions to select your language, connect to a Wi-Fi network, and set up your Google account.
3. You can also set up fingerprint recognition during this process for enhanced security.

Operating Your Device

Power On/Off/Restart

- **Power On:** Press and hold the Power button until the device vibrates and the Vivo logo appears.

- **Power Off:** Press and hold the Power button for a few seconds, then tap 'Power off' on the screen.
- **Restart:** Press and hold the Power button for a few seconds, then tap 'Restart' on the screen.

Display

The Vivo T4 Lite 5G features a 17.12 cm (6.74 inch) HD+ display with 1000 nits peak brightness, offering clear visuals. It also includes TÜV Rheinland Eye Protection to reduce blue light emission and minimize eye strain.

Battery Management

The device is equipped with a large 6000 mAh battery. To optimize battery life:

- Adjust screen brightness.
- Close unused apps running in the background.
- Enable power-saving modes when needed.

Performance and Software

Powered by the MediaTek Dimensity 6300 5G Processor, the Vivo T4 Lite 5G delivers smooth performance. It comes with 4GB RAM and 128GB internal storage, expandable up to 2TB with a microSD card. The phone runs on Funtouch OS 15, based on Android 15, providing a user-friendly interface.

Image: Information about Funtouch OS 15, based on Android 15, and the commitment to 2 years of OS updates and 3 years of security updates.

Security

The Vivo T4 Lite 5G includes Fingerprint Recognition for quick and secure unlocking of your device.

Connectivity

The device supports 5G cellular technology, Bluetooth, Wi-Fi, and features a USB Type-C port for charging and data transfer, along with a 3.5 mm headphone jack.

Maintenance

Cleaning Your Device

Use a soft, lint-free cloth to clean the screen and body of your phone. Avoid using harsh chemicals or abrasive materials that could damage the finish.

Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. Vivo provides 2 years of OS updates and 3 years of security updates for this model.

Durability and Protection

The Vivo T4 Lite 5G is built with IP64 Dust & Water Resistance, offering protection against dust ingress and splashes of water. It also features Military Grade Shock Resistance (MIL-STD 810H) for enhanced durability against drops and impacts.

Troubleshooting

If you encounter issues with your device, try the following steps:

- **Device Unresponsive:** Press and hold the Power button for about 10 seconds to force a restart.
- **Network Issues:** Check if your SIM card is properly inserted. Try toggling Airplane Mode on and off.
- **App Crashing:** Clear the cache and data of the problematic app in Settings > Apps. If the issue persists, uninstall and reinstall the app.
- **Battery Draining Quickly:** Review battery usage in Settings to identify power-hungry apps. Reduce screen brightness and disable unnecessary features.
- **Slow Performance:** Close background applications. Clear unnecessary files and cache. Consider a factory reset as a last resort (back up your data first).

For more complex issues, refer to the official Vivo support website or contact customer service.
