4. SETUP

4.1 Initial Charging

Before first use, fully charge your Wooask M6 earbuds and charging case. Connect the provided USB-A to Type-C charging cable to the charging case and a power source. The indicator light on the case will show charging status.

4.2 App Installation

To utilize the translation features, download the companion application. Search for the 'WasTrans App' (or similar companion app as indicated in your product packaging) on your smartphone's app store (iOS/Android).

4.3 Bluetooth Pairing

1. Ensure your earbuds are charged and removed from the charging case.
2. Enable Bluetooth on your smartphone.
3. Open the companion app. The app will guide you through the pairing process. Look for 'Wooask-M6' or a similar device name in your phone's Bluetooth settings.
4. Confirm pairing when prompted.

Tip: For optimal voice pickup and translation accuracy, ensure both earbuds are connected and the corresponding languages are set within the app before starting a conversation.

5. OPERATING INSTRUCTIONS

5.1 Translation Modes

The Wooask M6 offers several translation modes to suit different scenarios:

- **Free Talk Mode:** For natural, real-time two-way conversations. Each person wears an earbud, and the app translates spoken words instantly.
- **Speaker Mode:** Ideal for group settings. One person wears an earbud, and the translated speech is played aloud through your smartphone's speaker.
- **Touch Mode:** Activate translation by tapping the earbud. Speak after the tap, and the translation will be provided.
- **Offline Mode:** Use pre-downloaded language packs for translation without an internet connection. This is particularly useful for travel in areas with limited Wi-Fi.
- **Photo Translation:** Use your smartphone camera through the app to translate text from signs, menus, or documents.

5.2 Music Playback and Calls

The earbuds function as standard Bluetooth headphones for audio playback and phone calls. Use the touch controls on the earbuds to manage music (play/pause, skip tracks) and answer/end calls. Refer to the app for specific touch control configurations.

6. MAINTENANCE

6.1 Charging

The earbuds provide approximately 7 hours of use on a single charge, with the charging case extending total usage to up to 19 hours. A full charge of the case typically takes 1.5 hours.

6.2 Cleaning and Storage

Regularly clean the eartips and earbud surfaces with a soft, dry cloth. Avoid using harsh chemicals. Store the earbuds in their charging case when not in use to protect them and ensure they remain charged.

6.3 Eartip Replacement

The package includes S/M/L size eartips. Choose the size that provides the most comfortable and secure fit for optimal

sound quality and noise isolation.

7. TROUBLESHOOTING

- **Earbuds not pairing:** Ensure both earbuds are charged, Bluetooth is enabled on your device, and the earbuds are in pairing mode. Restart the app and your phone if necessary.
- **Inaccurate translation:** Verify a stable internet connection (for online translation), speak clearly and at a moderate pace, and ensure the correct source and target languages are selected in the app.
- **One earbud not working:** Check the charge level of both earbuds. Re-pair the earbuds with your device. If the issue persists, contact customer support.
- **Poor audio quality:** Ensure eartips are correctly fitted and the earbuds are clean. Check your device's volume settings.
