

## HORLAT Portable Projector Bag

# HORLAT Portable Projector Bag Instruction Manual

Model: Portable Projector Bag

## INTRODUCTION

Thank you for choosing the HORLAT Portable Projector Bag. This manual provides essential information for the proper setup, use, and maintenance of your new projector carrying case. Designed for durability and convenience, this bag ensures your projector and accessories are protected during transport and storage.

## PRODUCT OVERVIEW

The HORLAT Portable Projector Bag features a versatile design with a durable grey fabric exterior and black finishes. It is ideal for daily use and travel, offering secure storage for your projector and related items.

Image 1: The HORLAT Portable Projector Bag. This image displays the grey fabric exterior of the bag with black zippers and a top handle, showcasing its compact and functional design.

## SETUP

---

1. **Unpacking:** Carefully remove the projector bag from its packaging. Inspect for any signs of damage.
2. **Initial Inspection:** Ensure all zippers and straps are in good working condition.
3. **Adjusting Straps:** If using the shoulder strap, adjust its length to a comfortable carrying position. The top handle provides an alternative carrying option.
4. **Internal Organization:** Familiarize yourself with the internal compartments and dividers (if any) to plan the optimal arrangement for your projector and accessories.

## OPERATING INSTRUCTIONS

---

1. **Placing the Projector:** Open the main compartment using the zipper. Gently place your projector inside, ensuring it fits snugly and is centered to distribute weight evenly.
2. **Storing Accessories:** Utilize the additional pockets and compartments for cables, remote controls, power adapters, and other small accessories. This helps prevent items from shifting and potentially damaging the projector.
3. **Securing the Contents:** Close all zippers completely to secure the contents of the bag.
4. **Carrying the Bag:** Use the top handle for short distances or the adjustable shoulder strap for longer commutes. Ensure the bag is balanced to minimize strain.

## MAINTENANCE

- **Cleaning:** For minor spills or dirt, wipe the exterior with a damp cloth and mild soap. Allow it to air dry completely. Do not machine wash or tumble dry.
- **Deep Cleaning:** For more stubborn stains, a soft brush can be used with a gentle fabric cleaner. Test the cleaner on an inconspicuous area first.
- **Storage:** When not in use, store the bag in a cool, dry place away from direct sunlight to prevent material degradation.
- **Zipper Care:** Periodically check zippers for smooth operation. If a zipper becomes stiff, apply a small amount of zipper lubricant or wax.

### TROUBLESHOOTING

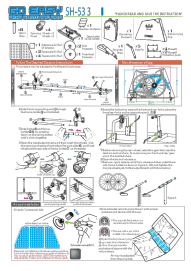

- **Zipper Stuck:** Do not force a stuck zipper. Gently pull the fabric away from the zipper teeth and try to move the slider. If necessary, apply a lubricant.
- **Minor Tears/Fraying:** Small tears or fraying can often be repaired with a fabric repair kit or by a professional tailor to prevent further damage.
- **Unpleasant Odor:** Air out the bag in a well-ventilated area. For persistent odors, sprinkle baking soda inside, let it sit for a few hours, then vacuum it out.

### SPECIFICATIONS

Feature	Detail
Brand	HORLAT
Product Dimensions	34 x 18 x 24 cm (13.4 x 7.1 x 9.4 inches)
Weight	386 g (0.85 lbs)
Color	Gray
Material	Fabric
Style	Luggage Case
Closure Type	Zipper
Strap Type	Shoulder Strap
Handle Type	Shoulder Strap, Top Handle
