Puqo EV68

Puqo EV68 AI Language Translation Earbuds User Manual

Model: EV68

1. INTRODUCTION

Thank you for choosing the Puqo EV68 AI Language Translation Earbuds. This device combines real-time language translation with high-quality audio for music and calls, designed to facilitate seamless communication across language barriers. Please read this manual carefully to ensure proper use and optimal performance of your earbuds.

2. PACKAGE CONTENTS

Verify that all items are present in your package:

- 2 x Puqo EV68 Translation Earbuds
- 1 x Portable Charging Case
- 1 x USB-C Charging Cable
- 3 x Pairs of Ear Tips (S, M, L)
- 1 x User Manual

Academic Exchange

At global conferences, the EV68 offers real-time translation, enabling participants to easily follow and engage in discussions without language barriers.

Key Features:

- **3-in-1 Functionality:** Seamlessly switch between real-time translation, phone calls, and music playback.
- **Extensive Language Support:** Supports 164 languages for comprehensive global communication.
- **Multiple Translation Modes:** Includes Free Talk, Headset + Phone, Translation Mode, Camera Translation, and AI Conversation Mode.
- **Advanced Connectivity:** Bluetooth 5.3 ensures fast and stable connections.
- **Clear Audio:** ENC noise-canceling microphone for clear conversations and 13mm composite drivers for rich sound.
- **Extended Battery Life:** Up to 8 hours on a single charge, and up to 48 hours with the charging case.

- **Comfortable Design:** 45° in-ear design with soft ear pads for prolonged comfort.
- **Smart Touch Controls:** Intuitive touch sensors for managing calls, music, and voice assistant.

4. SETUP

4.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. The charging case features an LED display to show battery levels.

1. Place the earbuds into the charging case.
2. Connect the USB-C charging cable to the charging port on the case and to a power source.
3. The LED display on the case will indicate charging status. A full charge typically takes about 1.5 hours.

4.2 App Installation and Bluetooth Pairing

The Puqo EV68 earbuds require the "Ear Dance" app for full translation functionality.

1. **Download the App:** Scan the QR code provided in the physical user manual or search for "Ear Dance" in your device's app store to download and install the application.

2. **Bluetooth Pairing:**

- Open the charging case. The earbuds will automatically enter pairing mode.
- On your smartphone or device, enable Bluetooth and search for available devices.
- Select "EV68" from the list to connect.

3. **Connect within App:** Open the "Ear Dance" app. It should automatically detect and connect to the earbuds. Navigate to the "My" page in the app and click "Bind Device".

4. **Authorization:** Scan or enter the authorization code (2D code) found on the packaging box.

5. After successful authorization, you can begin using the translation functions.

5. OPERATING INSTRUCTIONS

5.1 Translation Modes

The Puqo EV68 offers five distinct translation modes to suit various communication needs:

5 Translation Modes for Various Scenarios

Catering to Different Backgrounds And Needs

Free talk

**Headphone
+ phone mode**

**Translation
machine mode**

**Audio and video
translation mode**

**Photo
Translation Mode**

Image: Overview of the 5 translation modes.

• Free Talk Mode:

In this mode, the earbuds automatically detect and translate spoken language in real-time without requiring manual taps on the phone or headset. Ideal for natural, flowing conversations.

Free Talk Mode

Simply wear the headphones, and the device will automatically recognize your language, providing real-time translation of short sentences. Powered by advanced natural language processing, it ensures smooth and natural conversations.

Image: Free Talk Mode in action.

- **Headset + Phone Mode:**

One person speaks into the headset (double-tap to activate), and the other person speaks into the phone (tap the phone button). This allows for smooth two-way conversations.

Headset + Mobile Mode

One person double-clicks the headset while the other taps a button on the phone, allowing for smooth two-way conversation.

Image: Headset + Phone Mode for two-way communication.

- **Translation Mode (Traditional Translator):**

Functions similarly to a traditional handheld translator. Speak into the earbuds, and the translated language will play through the phone's speaker. This mode is managed via the app.

Translator Device Mode

Once you download and set up the app, the device functions as a classic translator, providing a seamless multilingual translation experience for easy communication across languages.

Image: Translator Device Mode using the app.

- **Camera Translation Mode:**

Utilize your phone's camera through the app to recognize and translate text from signs, menus, or documents in real-time.

Photo Translation

The photo translation mode can instantly recognize and translate text through the camera.

Image: Camera Translation Mode for text recognition.

- **AI Conversation Mode:**

Engage with an AI assistant through the app to get intelligent answers to questions or assistance with tasks. This mode leverages advanced algorithms for practical solutions.

All-in-One: Music, Calls & Translation

Music, calls and translation in one device - designed to meet all your audio and communication needs.

13.0MM speakers

5.2 Music and Call Controls

The earbuds feature smart touch controls for managing audio and calls:

Image: Smart Touch Control functions.

- **Play/Pause:** Single tap on either earbud.
- **Next Song:** Double tap the right earbud.
- **Previous Song:** Double tap the left earbud.
- **Volume Up:** Triple tap the right earbud.
- **Volume Down:** Triple tap the left earbud.
- **Answer/End Call:** Single tap on either earbud during an incoming call or active call.
- **Reject Call:** Press and hold either earbud for 2 seconds during an incoming call.
- **Activate Voice Assistant (Siri/Google Assistant):** Press and hold either earbud for 3 seconds.

5.3 Personalized Sound Experience

The "Ear Dance" app allows you to customize your listening experience with various sound effects, including sleep, nature, and relaxation modes, to match your mood or environment.

6. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Puqo EV68 earbuds.

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or solvents.
- **Ear Tips:** Remove and clean the ear tips periodically with mild soap and water, then dry thoroughly before reattaching.
- **Water Resistance:** The earbuds are IPX7 waterproof, meaning they can withstand immersion in up to 1 meter of water for 30 minutes. However, the charging case is not waterproof. Avoid exposing the charging case to liquids. Always ensure earbuds are dry before placing them back in the charging case.
- **Storage:** Store the earbuds in their charging case when not in use to protect them from dust and damage. Store in a cool, dry place away from extreme temperatures.

7. TROUBLESHOOTING

If you encounter issues with your Puqo EV68 earbuds, refer to the following common solutions:

Problem	Possible Solution
Earbuds not pairing with device.	<ul style="list-style-type: none"> ◦ Ensure earbuds are charged and out of the case. ◦ Turn off and on Bluetooth on your device. ◦ Forget "EV68" in your device's Bluetooth settings and try pairing again. ◦ Restart your device.
No sound or poor sound quality.	<ul style="list-style-type: none"> ◦ Check the volume level on both the earbuds and your connected device. ◦ Ensure earbuds are properly seated in your ears. ◦ Clean any debris from the earbud speakers and ear tips. ◦ Reconnect the earbuds to your device.
Translation not working or inaccurate.	<ul style="list-style-type: none"> ◦ Ensure the "Ear Dance" app is open and connected to the earbuds. ◦ Check your internet connection, as translation requires online access. ◦ Verify that the correct source and target languages are selected in the app. ◦ Speak clearly and at a moderate pace. ◦ Ensure the app is authorized with the code from the packaging.
Earbuds not charging.	<ul style="list-style-type: none"> ◦ Ensure the charging cable is securely connected to both the case and the power source. ◦ Try a different USB-C cable or power adapter. ◦ Clean the charging contacts on both the earbuds and the case.
