WiMiUS P61 PRO

WiMiUS P61 Pro Smart Mini Projector User Manual

Model: P61 PRO

1. INTRODUCTION

This manual provides essential information for the safe and efficient operation of your WiMiUS P61 Pro Smart Mini Projector. Please read it thoroughly before using the device and retain it for future reference.

The WiMiUS P61 Pro is a portable smart mini projector featuring native 1080P resolution with 4K support, integrated streaming apps like Netflix, YouTube, and Prime Video, Dolby Audio, WiFi 6, Bluetooth 5.2, auto keystone correction, and electric focus. Its compact design allows for versatile use in various environments.

2. SAFETY INFORMATION

- **Eye Safety:** Do not look directly into the projector lens when the lamp is on. The bright light can cause eye damage.
- **Ventilation:** Ensure adequate ventilation around the projector. Do not block ventilation openings. Overheating can lead to malfunction or fire.
- **Power Supply:** Use only the provided power adapter. Ensure the power source matches the voltage requirements specified on the adapter.
- **Liquid and Moisture:** Keep the projector away from water, rain, and excessive humidity. Do not operate with wet hands.
- **Cleaning:** Disconnect power before cleaning. Use a soft, dry cloth. Avoid abrasive cleaners or solvents.
- **Placement:** Place the projector on a stable, level surface. Avoid placing it in direct sunlight or near heat sources.
- **Children:** Keep the projector out of reach of children.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- WiMiUS P61 PRO Projector *1
- Remote Control *1 (Batteries not included)

- Power Cord *1
- HDMI Cable *1
- Quick Start Guide *1

4. PRODUCT OVERVIEW

The WiMiUS P61 Pro is designed for ease of use and portability. Below are key features and components.

Image 4.1: Front view of the WiMiUS P61 Pro Mini Projector displaying its smart system, Dolby Audio, 4K support, and auto keystone features against a Netflix background.

Image 4.2: The WiMiUS P61 Pro Mini Projector showcasing its built-in smart system with pre-installed apps like Netflix, YouTube, Prime Video, Disney+, and Hulu, eliminating the need for external TV sticks.

5. SETUP

5.1 Placement

Position the projector on a stable surface. The optimal projection distance for a 40-120 inch display is between 3 and 11 feet. The projector features a 1.24:1 throw ratio.

- **Tabletop:** Place the projector on a flat table.
- **Tripod:** Use the M6 threaded mount at the bottom to attach a tripod.
- **Ceiling Mount:** Securely mount the projector to the ceiling using a compatible mount.

Image 5.1: Illustration of various placement options for the WiMiUS P61 Pro Mini Projector, including tabletop, tripod, and ceiling mount, demonstrating its versatility.

5.2 Power Connection

1. Connect the power cord to the projector's power input.
2. Plug the other end of the power cord into a suitable electrical outlet.

5.3 Initial Power On

Press the power button on the projector or the remote control to turn on the device. The projector will initiate its startup sequence.

5.4 Focus and Keystone Adjustment

The P61 Pro features automatic adjustments for optimal image quality.

- **Electric Focus:** The projector will automatically adjust focus for a clear image. Manual adjustment can also be performed via the remote if needed.
- **Auto Keystone Correction:** The projector automatically corrects vertical trapezoidal distortion (up to $\pm 30^\circ$). This ensures a rectangular image even if the projector is not perfectly aligned with the screen.
- **Zoom Function:** Adjust the screen size from 50% to 100% without moving the projector.

Image 5.2: Visual representation of the WiMiUS P61 Pro's electric focus, $\pm 30^\circ$ auto vertical keystone correction, and 50-100% zoom capabilities, ensuring a perfectly aligned and clear image.

6. OPERATING

6.1 Remote Control Navigation

Use the included remote control to navigate the projector's interface. The remote has dedicated buttons for popular streaming services like Netflix, YouTube, and Prime Video for quick access.

6.2 Connecting to Wi-Fi

1. From the home screen, navigate to 'Settings'.
2. Select 'Network' or 'Wi-Fi Settings'.
3. Choose your desired Wi-Fi network from the list.
4. Enter the password and connect. The projector supports Wi-Fi 6 for fast and stable streaming.

6.3 Streaming Applications

The WiMiUS P61 Pro comes with officially licensed Netflix, YouTube, and Prime Video pre-installed. Other apps can be downloaded from the integrated app store.

1. Select the desired app from the home screen.
2. Log in with your account credentials.
3. Begin streaming content directly.

6.4 Bluetooth Connection

The projector features two-way Bluetooth 5.2, allowing it to connect to external audio devices or function as a Bluetooth speaker for your phone.

- Connecting to External Audio:** Go to 'Settings' > 'Bluetooth', turn on Bluetooth, and select your desired speaker or headphones to pair.
- Using as Bluetooth Speaker:** Switch the projector to Bluetooth speaker mode (refer to on-screen instructions or quick guide). Pair your phone with the projector.

Image 6.1: Depiction of the WiMiUS P61 Pro's two-way Bluetooth 5.2 functionality, enabling connection to external audio devices or streaming music from a phone to the projector's speakers.

6.5 External Device Connection

The projector offers multiple ports for connecting various devices.

- HDMI:** Connect gaming consoles (PS4, Switch), laptops, or other HDMI-enabled devices using the HDMI cable. Supports CEC/ARC.
- USB:** Plug in USB drives to play media files directly.
- Audio Out:** Connect to external sound systems via the 3.5mm audio jack.

6.6 Screen Mirroring

The projector supports Miracast, DLNA, and AirPlay for wireless screen mirroring from compatible devices.

1. Ensure your mobile device and projector are connected to the same Wi-Fi network.
2. Select the screen mirroring function on the projector (e.g., 'Miracast', 'AirPlay').
3. On your mobile device, enable screen mirroring/casting and select the projector from the list of available devices.

Image 6.2: A user enjoying a racing game projected by the WiMiUS P61 Pro, highlighting its Wi-Fi 6 capability for faster streaming and screen mirroring via Miracast, DLNA, and AirPlay.

7. MAINTENANCE

7.1 Cleaning the Lens

Use a soft, lint-free cloth specifically designed for optical lenses to gently wipe the projector lens. Avoid touching the lens with bare hands.

7.2 Ventilation

Regularly check that the projector's ventilation ports are clear of dust and debris to prevent overheating. Do not place the projector on soft surfaces that might block airflow.

7.3 Storage

When not in use for extended periods, store the projector in a cool, dry, dust-free environment. Use the original packaging or a protective case to prevent damage.

8. TROUBLESHOOTING

- **No Power:** Ensure the power cord is securely connected to both the projector and the power outlet. Try a different outlet.
- **No Image:** Check if the projector is powered on. Verify the input source is correctly selected (HDMI, USB, etc.). Ensure cables are properly connected.
- **Blurry Image:** Allow the auto-focus to complete. If still blurry, manually adjust focus using the remote control. Ensure the projection surface is flat.
- **Image Not Rectangular:** The auto keystone correction should adjust this automatically. If not, check for obstructions or try repositioning the projector.
- **No Sound:** Check the volume settings on the projector and any connected external audio devices. Ensure Bluetooth audio is correctly paired or HDMI ARC is configured.
- **Wi-Fi Connection Issues:** Ensure the Wi-Fi password is correct. Restart the projector and your router. Check for signal interference.
- **Remote Control Not Working:** Ensure batteries are correctly inserted and not depleted. Point the remote directly at the projector's IR receiver.

9. SPECIFICATIONS

Feature	Specification
Brand	WiMiUS
Model Number	P61 PRO
Display Resolution	1920 x 1080 (Native 1080P), 4K Supported
Item Weight	1.98 pounds
