LIGE EF13-A

LIGE EF13-A Military Smartwatch User Manual

Model: EF13-A

Introduction	Setup	Operation	Maintenance	Troubleshooting	Specifications	Warranty & Support

INTRODUCTION

This manual provides detailed instructions for the LIGE EF13-A Military Smartwatch. This multi-functional device offers Bluetooth calling, fitness tracking, health monitoring, and various smart features designed to enhance your daily life. Please read this manual thoroughly to ensure proper use and maintenance of your smartwatch.

SETUP

1. Unboxing and Initial Inspection

Carefully remove all components from the packaging. Ensure the smartwatch, charging cable, and any included straps are present and undamaged. The LIGE EF13-A smartwatch typically includes two straps: a wear-resistant stainless steel strap and a soft silicone strap.

2. Charging the Smartwatch

Before first use, fully charge the smartwatch. Connect the magnetic charging cable to the charging port on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. The watch features a 1000mAh battery.

3. App Installation

Download and install the companion application on your smartphone. The LIGE EF13-A smartwatch uses the **Fit Cloud Pro** app. Search for "Fit Cloud Pro" in your smartphone's app store (Google Play Store for Android or Apple App Store for iOS).

4. Pairing with Your Smartphone

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the Fit Cloud Pro app and follow the on-screen instructions to add a new device.
3. Select the LIGE EF13-A from the list of available devices.
4. Confirm the pairing request on both your smartphone and the smartwatch.
5. The smartwatch utilizes Bluetooth 5.3 for a fast and stable connection.

OPERATING INSTRUCTIONS

1. Basic Navigation

The smartwatch features a 1.85-inch HD full-touch display with 360*360 resolution. Swipe left, right, up, or down to navigate through menus, notifications, and widgets. Tap to select items.

Image: A visual comparison demonstrating the larger and clearer 1.85-inch HD display of the smartwatch compared to a smaller screen.

2. Making and Receiving Calls

Once paired via Bluetooth, you can answer or dial calls directly from your smartwatch. The built-in 60dB HD speaker and noise-cancelling microphone ensure clear communication.

3. Notifications

Receive notifications for SMS, Facebook, WhatsApp, and other social media apps directly on your watch. Ensure notification permissions are enabled in the Fit Cloud Pro app.

4. Health Tracking

- **Heart Rate Monitor:** Monitor your heart rate throughout the day. Access historical data in the Fit Cloud Pro app.
- **Sleep Monitor:** Tracks your sleep patterns, including deep sleep, light sleep, and awake times.
- **Sedentary Reminder:** Alerts you when you've been inactive for too long.
- **Water Reminder:** Prompts you to drink water at regular intervals.

Note: All health data is for reference only and should not be used for medical purposes.

5. Sports Modes

The smartwatch supports over 100 sports modes, including running, cycling, hiking, basketball, badminton, surfing, and weightlifting. Select your desired activity to track steps, distance, calories burned, and heart rate during your workout.

7. Customization

- **DIY Dial:** Customize your watch face by uploading your favorite photos through the Fit Cloud Pro app.
- **Screen Brightness:** Adjust the screen brightness settings for optimal visibility in different lighting conditions.

8. Other Functions

The smartwatch includes additional features such as:

- Voice Assistant
- Weather Forecast
- Remote Camera Control
- Music Control
- Alarms

- Stopwatch
- Timer

MAINTENANCE

1. Water Resistance

The LIGE EF13-A smartwatch is IP68 waterproof, meaning it is resistant to sweat, rain, and splashes.**It is not suitable for swimming, showering with hot water, or other water activities involving submersion or high-pressure water.**

2. Cleaning

Wipe the smartwatch and straps regularly with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and then dry thoroughly. Avoid using harsh chemicals or abrasive materials.

3. Battery Care

To maximize battery life, avoid extreme temperatures. The 1000mAh battery provides approximately 10-15 days of use in normal mode and up to 30 days in power-saving mode. Charge the watch when the battery level is low to prevent complete discharge.

TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with smartphone:**

  1. Ensure Bluetooth is enabled on your phone and the watch.
  2. Make sure the watch is within range of your phone.
  3. Restart both the watch and your phone.
  4. Check if the Fit Cloud Pro app has necessary permissions.

- **Notifications not appearing:**

  1. Verify that notifications are enabled in the Fit Cloud Pro app for specific applications.
  2. Check your phone's system settings to ensure the app has notification access.
  3. Ensure the watch is connected to your phone via Bluetooth.

- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors regularly. Remember, data is for reference only.
- **Short battery life:** Reduce screen brightness, disable unnecessary features, and ensure background app usage is optimized on your phone.
