WOPITUES DS-A-1-white

WOPITUES 10-Drawer Mobile Storage Cart Instruction Manual

Model: DS-A-1-white

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your WOPITUES 10-Drawer Mobile Storage Cart. Designed for versatile use, this cart offers ample storage for cosmetics, art supplies, office items, toys, and more, helping to organize various spaces efficiently.

Please read this manual thoroughly before assembly and use to ensure proper installation and safe operation.

SAFETY INFORMATION

- Ensure all parts are securely fastened during assembly. Loose parts can cause instability.
- Do not overload drawers. Each drawer has a weight capacity of approximately 11 pounds (5 kg).
- Keep small parts and assembly tools away from children during assembly.
- Place the cart on a level surface to prevent tipping.
- Use the locking casters to secure the cart in place when mobility is not desired.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Main MDF wood panels (top, bottom, sides, back)
- 10 Clear PET plastic drawers
- 10 Clear acrylic drawer dividers
- 4 Swivel casters (2 with locking mechanism)
- Assembly hardware (screws, dowels, etc.)
- Assembly instructions manual

SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. An electric drill can expedite the process, but a screwdriver is sufficient.

Step 1: Prepare Components

Unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided parts list in the separate assembly instructions.

Step 2: Assemble the Frame

Connect the side panels to the top and bottom panels using the provided screws and dowels. Ensure all connections are tight and secure. The pre-drilled holes are partially marked; apply firm pressure with a screwdriver or use an electric drill for easier insertion.

Attach the back panel to complete the main frame structure.

Step 3: Install Casters (Optional)

If mobility is desired, attach the four swivel casters to the bottom panel of the cart. Two of the casters include a locking mechanism for stability. Ensure they are securely screwed into place.

Alternatively, the cart can be used without casters for a stationary setup. Adhesive pads are provided to cover the wheel holes if casters are not installed.

Image: Detail of the 360-degree swivel and lockable casters.

Step 4: Insert Drawers and Dividers

Slide the 10 clear plastic drawers into the assembled frame. Each drawer is designed with a positive stop to prevent accidental removal. To fully remove a drawer for cleaning or access, lift the front edge slightly and pull it out. Place one clear acrylic divider into each drawer as needed. The drawers feature multiple slots, allowing for flexible organization of contents.

Versatile Storage Drawers to Help You Sort and Organize Your Belongings

Each drawer is equipped with only one divider

OPERATING INSTRUCTIONS

- **Drawer Usage:** Pull drawers out gently using the integrated handles. To remove a drawer completely for cleaning or access, lift the front edge slightly and pull it out.
- **Organization:** Utilize the included acrylic dividers to customize drawer compartments according to your storage needs. The transparent drawers allow for easy identification of contents.
- **Mobility:** If casters are installed, unlock them to move the cart freely. Lock the casters when the cart is in its desired position to prevent unintended movement.
- **Weight Distribution:** Distribute items evenly across drawers to maintain stability and prevent tipping.

MAINTENANCE

- **Cleaning the Frame:** Wipe the MDF wood frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Cleaning the Drawers:** The clear PET plastic drawers are easy to remove and clean. Wash with mild soap and water, then dry thoroughly before reinserting.
- **Caster Maintenance:** Periodically check casters for debris (hair, lint) and clean as needed to ensure smooth rolling.
- **Hardware Check:** Occasionally check all screws and fasteners to ensure they remain tight. Tighten if necessary.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Drawers do not slide smoothly.	Debris in tracks, drawer overloaded, misaligned frame.	Remove drawers and clean tracks. Reduce drawer load. Check frame assembly for proper alignment and tighten screws.
Cart is unstable or wobbles.	Uneven surface, loose assembly screws, overloaded.	Move cart to a level surface. Re-tighten all assembly screws. Ensure weight is evenly distributed and not exceeding capacity.
Casters do not roll freely.	Debris (hair, lint) caught in casters, casters locked.	Clean any debris from caster wheels. Ensure locking mechanisms are disengaged.
Missing or damaged parts.	Shipping damage or packaging error.	Contact WOPITUES customer support via the Amazon platform for assistance.
