AKIRES Windowless Portable Air Conditioner

User Manual

AKIRES WINDOWLESS PORTABLE AIR CONDITIONER

1. Introduction

Thank you for choosing the AKIRES 3-in-1 Windowless Portable Air Conditioner. This versatile appliance combines the functions of an air cooler, fan, and humidifier, designed to provide efficient and comfortable cooling in various indoor and outdoor settings. Its portable design, large water tank, and energy-saving features make it an ideal solution for personal and small-to-medium space cooling.

2. Safety Instructions

Please read all safety instructions carefully before operating the appliance to prevent injury or damage.

- Always place the unit on a stable, level surface.
- Do not immerse the unit, power cord, or plug in water or other liquids.
- Ensure the power supply matches the voltage specified on the rating label.
- Unplug the unit from the power outlet before cleaning, refilling, or performing any maintenance.
- Keep children and pets away from the unit during operation. The bladeless design enhances safety, but supervision is always recommended.

- Do not block air inlets or outlets.
- Do not use the cooling function if the water tank is empty.
- Regularly clean the water tank and water curtains to prevent mold and odor.

3. Product Overview

The AKIRES Portable Air Conditioner is designed for convenience and efficiency. It features a large 4.2-gallon water tank for extended operation, 360° swivel wheels, and a built-in handle for easy mobility. The unit is ETL listed and constructed with durable ABS material.

Key Features:

- **3-IN-1 Functionality:** Operates as an air cooler, fan, and humidifier.
- **Large Water Tank:** 4.2-gallon capacity for up to 13 hours of cooling without frequent refilling.
- **Portability:** Equipped with 360° swivel wheels and built-in handles for effortless movement. No hose or complex installation required.
- **Energy Efficient:** Operates at 130W, significantly less than traditional AC units.
- **12-Hour Timer:** Programmable auto shut-off for energy saving and convenience.
- **120° Oscillation:** Wide-angle oscillation for broad air distribution.
- **Washable Water Curtains:** High-absorption water curtains for efficient cooling and easy maintenance.
- **Remote Control:** For convenient operation from a distance.

Thoughtful Design. Pleasant Experience.

4. Setup

The AKIRES Portable Air Conditioner requires minimal setup. Simply unbox, position, and prepare for operation.

Initial Setup Steps:

1. **Positioning:** Place the unit on a flat, stable surface in the desired location. Ensure there is adequate space around the unit for proper airflow.
2. **Fill Water Tank:** Open the top cover and carefully pour clean water into the 4.2-gallon water tank. Do not exceed the maximum fill line.
3. **Add Ice Packs (Optional for Enhanced Cooling):**
 - Add water to the provided ice packs and place them in a freezer for 3-5 hours until frozen.
 - Once frozen, place the ice packs into the upper water tank.
4. **Power On:** Plug the power cord into a standard electrical outlet.

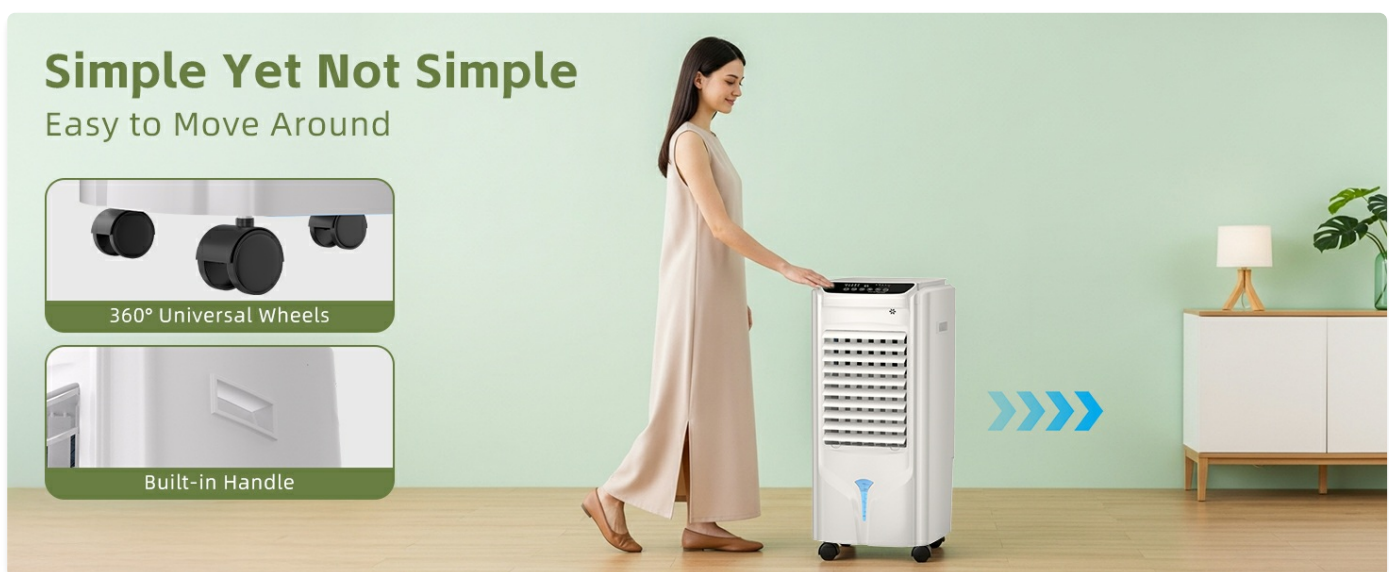

Image: Visual guide for adding water to ice packs, freezing them, placing them in the tank, adding water to the tank, and switching to cooling mode.

5. Operation

The control panel is located on the top of the unit, and a remote control is included for convenient operation.

Operating Modes:

- **Fan Mode (Without Water):** Circulates air like a standard fan.
- **Humidifying Mode (Add Water):** Adds moisture to the air, ideal for dry conditions.
- **Cooling Mode (Add Ice & Water):** Evaporative cooling effect, enhanced by ice packs.

Image: Illustrates the three operational modes: Fan (without water), Humidifying (with water), and Cooling (with ice and water).

Wind Modes & Speeds:

- **Wind Modes:** Normal, Natural, Sleep.
- **Wind Speeds:** Low, Mid, High. Adjust according to your comfort level.

Timer Function:

Set the 12-hour timer to automatically turn off the unit, conserving energy and providing convenience, especially during sleep.

Image: Highlights features for restful sleep, including the 12-hour timer, low noise operation, and sleep mode, along with energy consumption comparison.

6. Maintenance

Regular maintenance ensures optimal performance and longevity of your air conditioner.

Cleaning the Water Tank:

To avoid water deterioration and odor, it is recommended to update the water frequently. For thorough cleaning, unplug the unit and drain any remaining water. Wipe the inside of the tank with a soft cloth and mild detergent, then rinse thoroughly.

You don't need to refill water frequently

To avoid water deterioration and odor. Please pay attention to update the water.

Image: Demonstrates refilling the 4.2-gallon water tank, with a note to update water regularly to prevent odor.

Cleaning Water Curtains:

The washable water curtains should be cleaned periodically. Refer to the product manual for specific instructions on how to remove and clean them. Ensure they are completely dry before reinserting.

Storage:

When not in use for extended periods, ensure the unit is clean and dry. Store it in a cool, dry place away from direct sunlight.

7. Troubleshooting

If you encounter issues with your AKIRES Portable Air Conditioner, refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
Unit does not turn on	No power supply	Check if the power cord is securely plugged in and the outlet is functional.
Weak airflow	Air inlets/outlets blocked; Fan speed too low	Clear any obstructions; Increase fan speed.
No cooling effect	Water tank empty; No ice packs; Water curtains dirty	Fill water tank; Add ice packs; Clean water curtains.
Unpleasant odor	Stagnant water in tank; Dirty water curtains	Drain and clean water tank; Clean or replace water curtains.
Unit is noisy	Unit not on a level surface; Internal component issue	Ensure unit is on a flat surface; If noise persists, contact customer support.
