HIRREO EF15-A

HIRREO Military Smart Watch EF15-A User Manual

Model: EF15-A

Introduction

Thank you for choosing the HIRREO Military Smart Watch EF15-A. This manual provides detailed instructions on how to set up, operate, and maintain your new smartwatch. Please read this manual thoroughly to ensure proper use and to fully utilize all features of your device.

What's in the Box

- Smartwatch ×1
- Watch Band (Stainless Steel)
- Silicone band ×1
- Magnetic charging cable ×1
- User Manual ×1

Setup

1. Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and to a USB power source. A full charge typically takes about 2 hours. The 800mAh battery provides approximately 10-20 days of normal usage and over 60 days of standby time.

2. App Installation and Pairing

To unlock the full potential of your HIRREO Smart Watch, download and install the companion app on your smartphone.

1. Turn on your phone's Bluetooth.
2. Scan the QR code provided in the manual or search for "FitCloudPro" in your smartphone's app store (http://fitcloud.hetangsmart.com/qrcode/_cn/).
3. Download and install the "FitCloudPro" app.
4. Open the app and grant necessary permissions.
5. In the app, navigate to the device section and select "Add Device" or "Connect Device".
6. The app will search for available devices. Select "AK82MA" or the corresponding model name to pair.
7. Confirm the pairing request on both your phone and the smartwatch.
8. Once connected, ensure "Call audio" and "Media audio" are enabled in your phone's Bluetooth settings for the watch to handle calls and music.

Operating Instructions

1. Display and Watch Faces

The smartwatch features a 1.75-inch HD circular display with 360 x 360 pixels. You can customize your watch face from over 200 options available in the app, or upload your own photos as wallpapers. The rotating crown allows for easy navigation through menus and watch faces.

2. Bluetooth Calls & Notifications

With Bluetooth 5.2, the watch offers stable connections for calls and notifications. It features a 60dB speaker and a noise-canceling microphone for clear communication. Once paired, you can answer, make, and end calls directly from your wrist. The watch also displays message notifications from various apps (SMS, Facebook, WhatsApp, TikTok, etc.).

3. Health Monitoring

The watch continuously monitors heart rate, stress levels, and sleep quality. It supports independent static/dynamic heart rate monitoring with intelligent alerts. Professional sleep analysis helps you understand your sleep patterns (light sleep, deep sleep, REM, awake time). The pedometer tracks your steps, distance, and calories burned throughout the day.

6. Other Functions

The HIRREO Smart Watch EF15-A includes a variety of additional daily functions:

- **Stopwatch & Timer:** For precise timekeeping during activities.
- **Calculator:** Convenient for quick calculations.
- **Weather Forecast:** Get real-time weather updates.
- **Music Playback Control:** Control music on your paired smartphone.
- **Voice Assistant:** Interact with your phone's voice assistant directly from the watch.
- **Find Watch & Phone:** Locate your devices easily.
- **Password Lock:** Enhance privacy and security.
- **Remote Photography:** Control your phone's camera remotely.

Maintenance

1. Water Resistance

The HIRREO Smart Watch EF15-A is 5ATM waterproof, meaning it can withstand pressures equivalent to a depth of 50 meters. It is suitable for daily use, swimming, and exposure to rain. However, it is not recommended for use in hot water, saunas, or steamy environments, as steam can penetrate the seals and cause damage.

Image: HIRREO Smart Watch EF15-A demonstrating IP68 waterproof rating. This image illustrates the watch's water resistance for activities like swimming, but advises against hot water or steam.

2. Durability

Constructed with special composite materials and a metal shell, the watch is designed for ruggedness. It has passed various durability tests, including those for drilling, crushing, exposure to hot steam, salt spray, and liquid contamination, ensuring performance even in low temperatures.

Troubleshooting

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the magnetic charger and wait a few minutes.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch is within range. Restart both the watch and your phone, then try pairing again through the FitCloudPro app.
- **Notifications not appearing:** Check app permissions in your phone settings to ensure FitCloudPro has access to notifications. Also, verify that notification settings are enabled within the FitCloudPro app for specific applications.
- **Call audio issues:** Ensure "Call audio" is enabled for the watch in your phone's Bluetooth settings after pairing.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch regularly.

Specifications
