

## RORRY H1

# RORRY H1 10000mAh Portable Power Bank User Manual

Model: H1

## 1. INTRODUCTION AND OVERVIEW

Thank you for choosing the RORRY H1 10000mAh Portable Power Bank. This device is designed to provide convenient and efficient charging for a wide range of electronic devices, including smartphones, smartwatches, tablets, and more. It features a high-capacity battery, multiple charging outputs, and integrated cables for maximum portability and versatility. Please read this manual thoroughly before use to ensure proper operation and to maximize the lifespan of your power bank.

## 2. PRODUCT FEATURES

- Integrated Retractable Cables:** Features built-in Lightning and USB-C cables that extend up to 65cm and retract neatly for tangle-free storage.
- High-Speed Charging:** Equipped with a 5W Apple Watch fast charging module, compatible with Ultra 2/S11 to S7. The built-in USB-C cable and USB-C port support Power Delivery (PD) up to 30W for rapid charging of compatible devices.
- 10000mAh Large Capacity:** Provides ample power for a full day, capable of charging an iPhone 17 approximately 1.8 times, an Apple Watch Series 11 about 21 times, and AirPods 4 about 13 times.
- Pass-Through Charging & 5-Device Simultaneous Charging:** Supports charging the power bank and connected devices simultaneously. Features built-in Lightning and USB-C cables, a 30W USB-C port, a 15W USB-A port, and Apple Watch wireless charging, enabling simultaneous charging of up to 5 devices.
- Enhanced Durability & Safety:** The integrated retractable cables have undergone 15,000 bend tests. The product is PSE certified and includes a 4-fold safety protection system against overcharge, over-discharge, short circuits, and overheating.

### 3. SETUP

#### 3.1 Initial Charging of the Power Bank

Before first use, fully charge your RORRY H1 power bank. Connect the power bank to a wall charger using its built-in USB-C cable or an external USB-C cable via the USB-C port. The LED indicators will show the charging progress. A full charge typically takes about 2 hours with a 20W power adapter.

## 4. OPERATING INSTRUCTIONS

### 4.1 Charging Devices

The RORRY H1 offers multiple ways to charge your devices:

- Using Built-in Cables:** Extend the appropriate retractable cable (Lightning or USB-C) and connect it to your device.
- Using USB-C/USB-A Ports:** Connect your device's charging cable to the USB-C (30W PD) or USB-A (15W) output ports on the power bank.
- Apple Watch Wireless Charging:** Place your Apple Watch on the designated wireless charging pad on the power bank. Ensure it is properly aligned for charging to begin.

The power bank will automatically detect the connected device and begin charging. The LED indicators will show the remaining battery level of the power bank.

## 4.2 Pass-Through Charging

The RORRY H1 supports pass-through charging. This means you can recharge the power bank while it is simultaneously charging your devices. Simply connect the power bank to a wall charger, and then connect your devices to the power bank. Both the power bank and your devices will charge.

## 4.3 Portability and On-the-Go Use

The compact and lightweight design of the RORRY H1, combined with its integrated cables, makes it ideal for travel, commuting, and outdoor activities. It fits easily into bags and pockets, ensuring you always have power when you need it.

## 5. MAINTENANCE

- Cleaning:** Use a soft, dry cloth to clean the power bank. Do not use liquid cleaners or abrasive materials.
- Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- Battery Care:** To prolong battery life, fully charge the power bank at least once every three months if not in regular use. Avoid fully discharging the battery frequently.
- Cable Care:** When retracting the built-in cables, ensure they are not twisted or forced. Gently pull both ends simultaneously to retract them smoothly.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not charging	Low power bank battery; Loose cable connection; Incompatible device; Device not turned on.	Recharge the power bank; Ensure cables are securely connected; Verify device compatibility; Turn on the device.
Power bank not recharging	Faulty wall adapter or cable; Loose connection.	Try a different wall adapter and cable; Ensure connections are secure.
Slow charging	Cable or adapter not supporting fast charging; Device not supporting fast charging.	Use a PD-compatible cable and adapter; Ensure your device supports fast charging.
Apple Watch not charging wirelessly	Misalignment on charging pad; Apple Watch not compatible.	Adjust Apple Watch position on the pad; Verify Apple Watch model compatibility.
