Hands Craft Hello Kitty Sweet Shop Book Nook Kit

Model: TGBH02
Official Instruction Manual

INTRODUCTION

Welcome to the world of miniature crafting with the Hands Craft Hello Kitty Sweet Shop Book Nook Kit. This kit allows you to construct a detailed, illuminated miniature sweet shop featuring Hello Kitty. Designed for crafters aged 14 and above, this kit provides a relaxing and engaging building experience, resulting in a charming display piece.

Key Features:

- **149-Piece Kit:** All necessary components are included for a complete build.
- **Touch-Activated LED Lights:** Integrated lighting system brings your sweet shop to life. Requires 2x AAA batteries (not included).
- **Detailed Miniature Design:** Features iconic Sanrio elements, including candy jars, awnings, and a Hello Kitty figurine.
- **Precise Laser-Cut Pieces:** Components are accurately cut for a seamless fit and high-quality finish.

SETUP AND ASSEMBLY

Follow these steps carefully to assemble your Hello Kitty Sweet Shop Book Nook Kit. It is recommended to lay out all pieces and familiarize yourself with the instruction manual provided in the

kit before beginning.

Unboxing and Preparation:

1. Carefully open the kit packaging.
2. Identify all component sheets and the separate instruction booklet.
3. Ensure you have a clean, well-lit workspace.
4. Gather necessary tools: tweezers (often included), small craft knife (optional for delicate parts), and adhesive (if not pre-applied or specified).

Assembly Steps:

The assembly process involves detaching laser-cut pieces, applying stickers, and interlocking components. Refer to the detailed, numbered instructions and diagrams in your kit's manual for specific guidance on each piece.

- **Step 1: Detach Pieces**

Gently press out the pre-cut pieces from their sheets. Use a craft knife if any connections are stubborn.

- **Step 2: Apply Stickers and Decorations**

Many pieces require decorative stickers. Use tweezers for precise placement.

- **Step 3: Construct Base and Walls**

Begin by assembling the main structural components, such as the base and side walls, interlocking them as indicated.

- **Step 4: Build Interior Elements**

Assemble the miniature furniture, shelves, and display items. Place them within the book nook structure according to the manual.

- **Step 5: Install Lighting**

Carefully follow the instructions for installing the LED lighting components. Ensure wires are neatly tucked away and connections are secure.

- **Step 6: Final Touches**

Add the remaining decorative elements, including the Hello Kitty figurine and the sweet shop awning.

OPERATING INSTRUCTIONS

The Hello Kitty Sweet Shop Book Nook Kit features touch-activated LED lighting to illuminate your miniature scene.

Powering the Lights:

1. Ensure 2x AAA batteries are correctly installed in the battery compartment (located at the back or bottom of the unit, as per your kit's specific design).
2. Locate the touch sensor, typically integrated into the design (e.g., a specific spot on the exterior or a decorative element).
3. Gently tap the touch sensor to turn the LED lights on or off.

MAINTENANCE

To ensure the longevity and appearance of your Hello Kitty Sweet Shop Book Nook, follow these simple maintenance guidelines:

- **Cleaning:** Gently dust the book nook with a soft, dry cloth or a soft-bristled brush. Avoid using liquid cleaners or abrasive materials, as they may damage the delicate components and finishes.
- **Handling:** Handle the book nook with care to prevent damage to the intricate parts. Avoid dropping or applying excessive pressure.
- **Storage:** Store the book nook in a dry environment, away from direct sunlight and extreme temperatures, which can cause warping or fading.
- **Battery Replacement:** If the LED lights dim or stop working, replace the AAA batteries. Ensure correct polarity when inserting new batteries.

TROUBLESHOOTING

If you encounter any issues with your Hello Kitty Sweet Shop Book Nook Kit, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
LED lights do not turn on.	<ol style="list-style-type: none">1. Batteries are dead or incorrectly installed.2. Loose wire connection.	<ol style="list-style-type: none">1. Replace batteries with new AAA batteries, ensuring correct polarity (+/-).2. Check all wire connections to the LED strip and battery compartment. Gently re-seat any loose connections.
Pieces do not fit together.	<ol style="list-style-type: none">1. Incorrect piece orientation.2. Excess material from laser cutting.	<ol style="list-style-type: none">1. Double-check the instruction manual diagrams for correct orientation.2. Gently sand or trim any excess material from the edges of the pieces using fine-grit sandpaper or a craft knife.
Some decorative stickers are peeling.	Insufficient adhesion.	Apply a small amount of craft glue to the back of the peeling sticker and press firmly until dry.
