ALIENPRO KITDEPLAYA

ALIENPRO Vulkano Portable Speaker Kit User Manual

Brand: ALIENPRO | **Model:** KITDEPLAYA

1. INTRODUCTION

Thank you for choosing the ALIENPRO Vulkano Portable Speaker Kit. This kit is designed to provide a comprehensive audio and lighting experience, featuring two powerful Bluetooth speakers, a dynamic mini laser, and an ambient USB lamp. This manual will guide you through the setup, operation, and maintenance of your new product to ensure optimal performance and enjoyment.

2. SAFETY INFORMATION

Please read all safety instructions carefully before using this product. Retain this manual for future reference.

- Do not expose the device to rain, moisture, or extreme temperatures.
- Avoid placing the device near heat sources or in direct sunlight.
- Do not disassemble or modify the product. Refer all servicing to qualified personnel.
- Keep the laser away from eyes. Direct exposure to laser beams can cause eye damage.
- Ensure proper ventilation around the speakers during operation.
- Use only the provided or recommended charging cables and power adapters.

3. PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- 2 x ALIENPRO Vulkano Portable Bluetooth Speakers (80W R.M.S. each)
- 1 x Super Mini RG Multipoint Laser
- 1 x USB Rotating Lamp
- Charging Cables (for speakers)
- User Manual (this document)

4. COMPONENT OVERVIEW

4.1. ALIENPRO Vulkano Portable Speakers

Each Vulkano speaker features a 5.25-inch subwoofer, delivering 80W R.M.S. of audio power. They include integrated RGB LED lighting with 5 distinct modes, a 4400mAh rechargeable battery, and multiple connectivity options.

Image 4.1: Top panel of the Vulkano speaker, showing controls for power, volume, mode selection, play/pause, and light effects. Features like Karaoke function, Voice Assistant, and TWS connection are also indicated.

Key Features:

- **Connectivity:** Bluetooth 5.3, USB, TF card, FM Radio, Auxiliary Input.
- **Audio:** 80W R.M.S. output with 5.25" subwoofer.

- **Lighting:** RGB LED with 5 modes.
- **Battery:** 4400mAh rechargeable battery.
- **Functions:** Karaoke function, Voice Assistant support, True Wireless Stereo (TWS) pairing.

4.2. Super Mini RG Multipoint Laser

This compact laser projects dynamic red and green multipoint patterns, enhancing the visual atmosphere for any event.

Image 4.2: The Super Mini RG Multipoint Laser, shown with its adjustable tripod. The image highlights its automatic and audio-rhythmic modes.

Key Features:

- **Light Source:** Red and Green laser diodes.
- **Modes:** Automatic and Audio-Rhythmic (sound-activated) modes.
- **Power:** USB powered.

4.3. USB Rotating Lamp

The USB rotating lamp adds a vibrant, rotating light effect, perfect for creating a party ambiance in dark spaces.

Image 4.3: The USB Rotating Lamp, illustrating its USB connection for power.

Key Features:

- **Effect:** Rotating multi-color light patterns.
- **Power:** USB powered.

5. SETUP

5.1. Charging the Speakers

1. Before first use, fully charge both Vulkano speakers.
2. Connect the provided charging cable to the charging port on each speaker and to a suitable USB power adapter (not included).
3. The charging indicator light will illuminate during charging and turn off or change color when fully charged.

5.2. Initial Power On

- **Speakers:** Press and hold the power button on each speaker until you hear an audible prompt or see the LED lights activate.
- **Laser:** Connect the laser's USB cable to a USB power source (e.g., a USB wall adapter, power bank,

or a speaker's USB port if available).

- **Lamp:** Connect the lamp's USB cable to a USB power source.

6. OPERATING INSTRUCTIONS

6.1. Bluetooth Pairing (Single Speaker)

1. Power on one Vulkano speaker. It will automatically enter Bluetooth pairing mode.
2. On your mobile device, enable Bluetooth and search for available devices.
3. Select "ALIENPRO Vulkano" from the list. Once connected, you will hear a confirmation sound.

6.2. True Wireless Stereo (TWS) Pairing (Two Speakers)

TWS allows you to connect two Vulkano speakers wirelessly for a stereo sound experience.

1. Ensure both speakers are powered on and not connected to any Bluetooth device.
2. On one speaker (this will be the primary speaker), press the TWS button (often labeled 'M' or a dedicated TWS icon). The speaker will emit a sound indicating it's searching for another TWS speaker.
3. The two speakers will automatically connect to each other. You will hear a confirmation sound once TWS pairing is successful.
4. Now, connect your mobile device to the primary speaker via Bluetooth as described in section 6.1. Both speakers will play audio in stereo.

6.3. Media Playback (USB/TF Card/Aux/FM)

- **USB/TF Card:** Insert a USB drive or TF card into the respective port on the speaker. The speaker will automatically switch to USB/TF mode and begin playback.
- **Auxiliary Input:** Connect an audio device using a 3.5mm auxiliary cable to the AUX port. Press the 'Mode' button on the speaker to switch to AUX mode.
- **FM Radio:** Press the 'Mode' button to switch to FM radio mode. Use the play/pause button to auto-scan and save stations. Use the next/previous track buttons to navigate stations.

6.4. Speaker Lighting Modes

Press the dedicated light mode button (often indicated by a light bulb icon) on the speaker to cycle through the 5 available RGB LED lighting modes.

6.5. Laser and Lamp Operation

- **Super Mini RG Laser:** Once powered via USB, the laser will automatically start projecting patterns. Use the switch on the laser unit to select between automatic mode (continuous patterns) and audio-rhythmic mode (patterns react to sound).
- **USB Rotating Lamp:** Once powered via USB, the lamp will automatically begin rotating and projecting multi-color light effects.

6.6. Karaoke Function and Voice Assistant

- **Karaoke:** Connect a microphone (not included) to the microphone input port on the speaker. Adjust microphone volume as needed.
- **Voice Assistant:** Press the dedicated voice assistant button (often indicated by a microphone icon) on the speaker to activate your paired device's voice assistant (e.g., Siri, Google Assistant).

7. CHARGING AND BATTERY

Each Vulkano speaker is equipped with a 4400mAh rechargeable battery, providing extended playback time. When the battery is low, the speaker may indicate this with an audible prompt or flashing LED. Connect the speaker to a USB power source using the provided cable for charging. Charging time may vary.

8. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surfaces of the speakers, laser, and lamp. Do not use abrasive cleaners or solvents.
- **Storage:** Store the kit in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Battery Care:** For optimal battery life, avoid fully discharging the speakers frequently. Charge them regularly, even if not in use for extended periods.

9. TROUBLESHOOTING

Problem	Solution
Speaker does not power on.	Ensure the battery is charged. Connect to a power source and try again.
No sound from speaker.	Check volume levels on both the speaker and your connected device. Ensure the correct input mode is selected.
Bluetooth pairing fails.	Ensure the speaker is in pairing mode. Disable and re-enable Bluetooth on your device. Move closer to the speaker.
TWS pairing fails.	Ensure both speakers are powered on and not connected to any other Bluetooth device. Try initiating TWS pairing again.
Laser or lamp not working.	Ensure the USB cable is securely connected to a working USB power source.
