## ZMISHIBO OBL52

# ZMISHIBO OBL52 132cm Ceiling Fan with Light User Manual

Model: OBL52

## INTRODUCTION

Thank you for choosing the ZMISHIBO OBL52 132cm Ceiling Fan with Light. This modern ceiling fan is designed to provide optimal air circulation and lighting for your home. It features durable ABS wood-effect blades, a silent DC motor for energy efficiency, adjustable light color temperature (3000K-6000K), 6 speed settings, and a reversible function for year-round comfort. Control is convenient via the included remote control or a dedicated mobile application. Please read this manual carefully before installation and use to ensure safe and efficient operation.

## SETUP AND INSTALLATION

Proper installation is crucial for the safe and efficient operation of your ceiling fan. It is recommended that installation be performed by a qualified electrician.

### Package Contents

Before beginning, ensure all components are present and undamaged. Refer to the image below for a visual guide of the included parts.

Image: All components included in the ZMISHIBO OBL52 ceiling fan package.

## Installation Steps

Follow these steps for a successful installation. For a detailed visual guide, please refer to the installation video provided.

1. **Prepare the Motor Unit:** Carefully remove the screws from the main motor piece to access the internal components for blade attachment.
2. **Attach the Blades:** Securely fix the blade arms to the fan motor using the provided screws. Ensure all screws are tightened to prevent wobbling.
3. **Install the LED Light:** Connect the LED light module to the fan's wiring and secure it to the bottom of the motor housing.
4. **Select and Assemble the Downrod:** Choose the appropriate suspension rod (12.7 cm or 20.3 cm) based on your ceiling height. Thread the electrical wires through the downrod and attach it to the motor unit, securing it with the provided pin and screws.
5. **Mount the Bracket:** Fix the mounting bracket securely to your ceiling joist or a suitable electrical box. Ensure it is capable of supporting the fan's weight.
6. **Electrical Wiring:** Connect the fan's electrical wires to your household wiring according to the color-coded diagram in the manual and on the fan. Ensure all connections are secure and insulated.
7. **Hang the Fan and Secure Canopy:** Carefully lift the assembled fan and hang it onto the ceiling mounting bracket. Slide the canopy up to cover the wiring and secure it with the screws.

## OPERATING INSTRUCTIONS

Your ZMISHIBO OBL52 ceiling fan offers multiple control options and features for personalized comfort.

### Control Options

The fan can be controlled using the included remote control or a smartphone application.

- **Remote Control:** The remote allows you to turn the fan and light ON/OFF, adjust fan speed, change light color temperature and brightness, and set the timer.
- **Mobile Application:** Download the dedicated app by scanning the QR code provided. The app offers comprehensive control over all fan and light functions from your smartphone.

## APP- & Fernbedienung

El control mediante APP requiere Bluetooth.

Image: Dual control options via remote and mobile application.

### Fan Speed Settings

The fan features 6 adjustable speeds to suit your preference and room conditions.

- **Speeds 1-2:** Gentle breeze, ideal for quiet environments or light air circulation.
- **Speeds 3-4:** Natural wind, suitable for everyday use and moderate cooling.
- **Speeds 5-6:** Fresh wind, provides strong airflow for maximum cooling.

## Light Settings

The integrated LED light offers adjustable color temperature and brightness.

- **Color Temperature:** Choose between 3000K (Warm White), 4000K (Neutral White), and 6000K (Cool White) to match your mood or activity.
- **Brightness:** The light is stepless dimmable, allowing you to adjust the intensity from 10% to 100%.

- **Memory Function:** The light retains its last setting if turned off for more than 10 seconds. A quick ON/OFF cycle will reset it.

Image: Adjustable color temperatures and seasonal modes.

### Seasonal Reversible Function

The fan features a reversible motor for year-round use:

- **Summer Mode (Forward Rotation):** Creates a downward airflow, generating a cooling breeze.
- **Winter Mode (Reverse Rotation):** Creates an upward airflow, circulating warm air trapped near the ceiling to optimize heating efficiency.

## Timer Function

Set the fan to automatically turn off after 2 or 4 hours using the timer function on the remote or app.

## MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Check Connections:** Annually inspect all electrical connections and mounting hardware to ensure they are secure.
- **Blade Balance:** If the fan wobbles, check that the blades are securely attached and balanced. Balancing kits can be purchased if needed.

Always turn off the power to the fan at the circuit breaker before performing any cleaning or maintenance.

## TROUBLESHOOTING

If you encounter any issues with your ZMISHIBO OBL52 ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not turn on	No power supply; loose wiring; remote control battery dead.	Check circuit breaker; ensure all wires are securely connected; replace remote control batteries.
Light does not work	Loose light kit wiring; LED module failure.	Check light kit connections; contact support for LED module replacement if necessary.
Fan wobbles	Loose blade screws; unbalanced blades; loose mounting bracket.	Tighten blade screws; use a blade balancing kit; ensure mounting bracket is securely fastened.

Problem	Possible Cause	Solution
Remote control not responding	Dead batteries; remote not paired with fan.	Replace batteries (2 AAA); refer to pairing instructions in the full manual.

## SPECIFICATIONS

Feature	Detail
Brand	ZMISHIBO
Model Number	OBL52
Diameter	132 cm
Blades	3 ABS Wood Effect
Motor Type	DC Motor (Silent, Energy Efficient)
Power Consumption	45 Watts
Light Source	Integrated LED (24W)
Color Temperature	3000K-6000K (Adjustable)
Luminous Flux	4500 lm
Fan Speeds	6 Levels
Reversible Function	Yes (Summer/Winter)
Control Methods	Remote Control, Mobile APP
Timer	2H/4H
Power Source	Corded Electric
Product Weight	4.9 kg
Package Dimensions	68.5 x 32.5 x 22.5 cm

## WARRANTY

ZMISHIBO offers professional after-sales service and a satisfaction guarantee for this product. This includes a 2-year service period from the date of purchase. Please retain your proof of purchase for warranty claims.
