NUBWO HG03

NUBWO HG03 USB Gaming Headset User Manual

Model: HG03

Brand: NUBWO

INTRODUCTION

Thank you for choosing the NUBWO HG03 USB Gaming Headset. This manual provides detailed instructions for setting up, operating, and maintaining your headset to ensure optimal performance and an immersive gaming experience. The HG03 headset features 7.1 surround sound, a dedicated FPS mode, and a noise-canceling microphone, designed for PC and console gaming.

PACKAGE CONTENTS

Please verify that all items are present in your package:

- 1 x NUBWO HG03 USB Gaming Headset
- 1 x User Manual (this document)

PRODUCT FEATURES

- **FPS 3D Spatial Sound:** Experience precise directional audio, allowing you to identify in-game sounds like footsteps and gunfire from various angles. This feature is enabled via plug-and-play USB connectivity.
- **One-Click FPS Mode:** Activate a dedicated FPS mode with a single button press on the in-line controller. This mode enhances high frequencies to help pinpoint enemy movements.
- **Noise-Canceling Microphone:** The directional microphone is designed to provide clear voice communication by suppressing background noise, such as keyboard clicks. Its memory-steel core boom

allows for flexible positioning.

- **Comfortable and Durable Design:** Weighing approximately 280g, the headset features breathable fabric-wrapped memory foam ear cushions for extended wear. The lightweight aluminum headband offers flexibility and durability.
- **Universal USB Compatibility:** Connects via USB to PC (Windows 7/8/10), PS4/PS5 consoles, and laptops. Note: This headset connects via USB only and does not support direct connection to console controllers.

SETUP INSTRUCTIONS

1. **Connect the Headset:** Plug the USB connector of the NUBWO HG03 headset into an available USB port on your PC, laptop, PS4, or PS5 console.
2. **Driver Installation (PC):** For Windows 7/8/10, the necessary drivers should install automatically upon connection. If not, check your operating system's sound settings.
3. **Audio Output Configuration:**
 - **For PC:** Navigate to your sound settings (Right-click the speaker icon in the taskbar > Sound Settings or Playback Devices). Select "NUBWO HG03" as your default playback and recording device.
 - **For PS4/PS5:** Go to Settings > Sound > Audio Output. Select "NUBWO HG03" as the output device. Ensure "Output to Headphones" is set to "All Audio".
4. **Microphone Setup:**
 - Adjust the flexible microphone boom to a comfortable position near your mouth.
 - In your device's sound settings, ensure "NUBWO HG03" is selected as the default input device and adjust the microphone volume level.

Universal Pro-Grade USB Compatibility

Works with Any USB Audio Port, Not Controller-Compatible

OPERATING INSTRUCTIONS

In-line Controller Functions

Pro-Grade FPS Sound

You can "see" their position directly through HG03

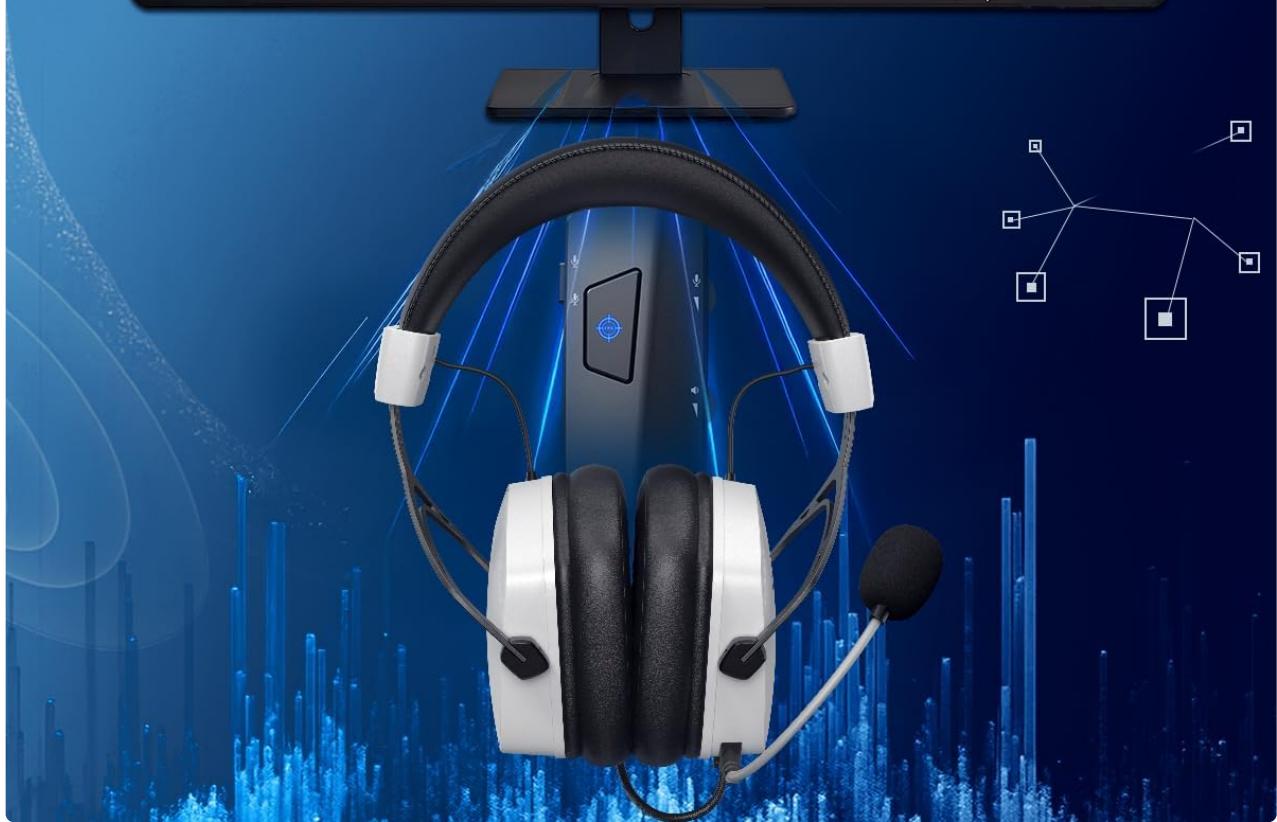

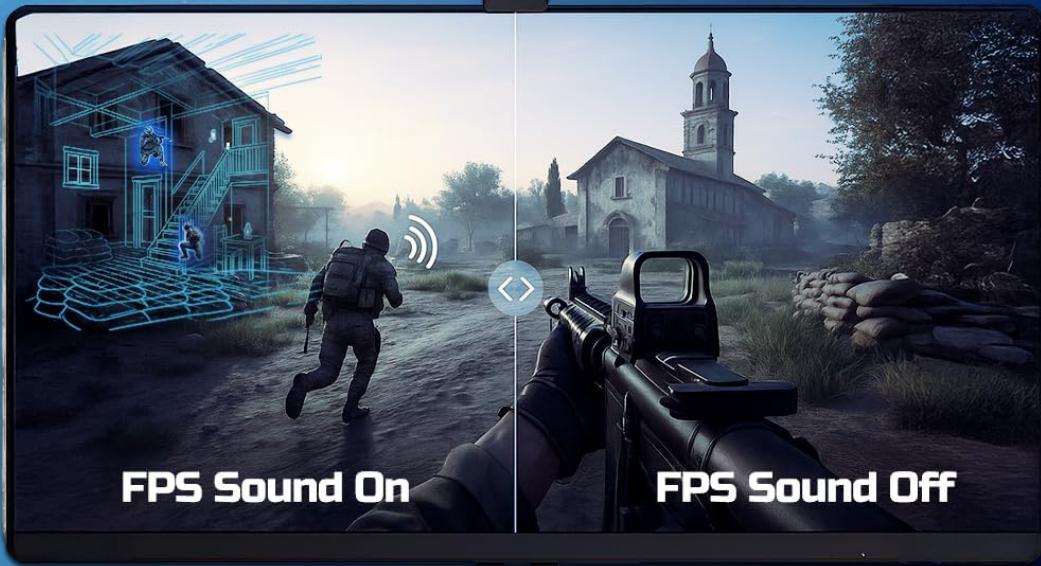

Image: Close-up of the NUBWO HG03 in-line controller, showing the volume scroll wheel, mic mute switch, and FPS mode button.

- **Master Volume Scroll Wheel:** Located on the side of the in-line controller, rotate it up or down to adjust the overall audio volume.
- **Microphone Mute Switch:** A physical switch on the controller allows you to quickly mute or unmute your microphone.
- **FPS Mode Button:** Press this button to toggle the dedicated FPS audio mode on or off. This mode enhances specific frequencies for improved positional audio in games.

FPS 3D Spatial Sound

The headset's 3D spatial audio technology provides enhanced directional sound. When active, this feature helps you perceive the location of in-game sounds with greater accuracy, which is particularly beneficial in first-person shooter (FPS) games.

Image: A visual representation of the FPS 3D Spatial Sound feature, showing how sound cues are enhanced for positional awareness in gaming.

Microphone Usage

The flexible microphone can be adjusted to your preferred position. Ensure it is close to your mouth for optimal voice clarity. The noise-canceling feature works to reduce ambient sounds, focusing on your voice for clear communication with teammates.

Engineered Gram by Gram

Fabric-Wrapped Memory Foam &
Featherlight Aluminum Headband

COMPATIBILITY

The NUBWO HG03 USB Gaming Headset is compatible with the following devices:

- PC (Windows 7, Windows 8, Windows 10)
- Laptops
- PlayStation 4 (PS4)
- PlayStation 5 (PS5)

Important Note:

This headset connects exclusively via USB. It does not support direct connection to console controllers via a 3.5mm audio jack.

MAINTENANCE

To ensure the longevity and optimal performance of your NUBWO HG03 headset, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the headset and ear cushions. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the speaker grilles or USB port.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures. Avoid placing heavy objects on top of the headset.
- **Cable Care:** Avoid sharp bends or excessive pulling on the USB cable. Do not wrap the cable too tightly around the headset.
- **Microphone Care:** Handle the microphone boom gently. Avoid twisting or forcing it into extreme positions.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound from headset.	<ul style="list-style-type: none">◦ Headset not selected as default audio device.◦ Volume too low or muted.◦ Loose USB connection.	<ul style="list-style-type: none">◦ Check device sound settings and set "NUBWO HG03" as default output.◦ Adjust the in-line volume wheel and ensure system volume is not muted.◦ Reconnect the USB cable firmly.
