

Pinmoco B0FFTC19Q8

Pinmoco Ergonomic Cross-Legged Office Chair

MODEL: B0FFTC19Q8 USER MANUAL

1. Introduction

Thank you for choosing the Pinmoco Ergonomic Cross-Legged Office Chair. This manual provides essential information for the proper assembly, operation, maintenance, and troubleshooting of your new chair. Please read this manual thoroughly before use to ensure safe and optimal performance. This chair is designed to support various sitting postures, including cross-legged, kneeling, and traditional sitting, offering enhanced comfort and flexibility for diverse users.

2. Safety Information

Important Safety Warnings:

- This product may tip if used improperly. Always assemble according to the instructions provided.
- This chair has a maximum weight limit of **330 lbs (150 kg)**. Do not exceed this limit to ensure stability and safety.
- Ensure all screws and bolts are securely tightened before use and periodically check for looseness.
- Keep small parts away from children during assembly to prevent choking hazards.
- Do not stand on the chair or use it as a step stool.
- Avoid placing the chair near open flames or excessive heat sources.
- Use on a flat, stable surface to prevent tipping.

3. Package Contents

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Backrest Cushion

- Main Seat Cushion
- Footrest Cushion
- Chair Base with Wheels (5-star base)
- Gas Lift Cylinder
- Assembly Hardware (screws, washers, Allen wrench)
- Instruction Manual

4. Setup and Assembly

Follow these steps carefully to assemble your Pinmoco Ergonomic Cross-Legged Office Chair. It is recommended to assemble the chair on a soft, clean surface to prevent scratches.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Check against the package contents list.
2. **Attach Wheels to Base:** Insert the five casters into the holes at the end of each leg of the chair base. Push firmly until they click into place.
3. **Insert Gas Lift:** Place the gas lift cylinder into the center hole of the chair base. Ensure it is seated firmly.
4. **Assemble Seat Components:** Attach the backrest, main seat, and footrest cushions to their respective support frames using the provided screws and Allen wrench. Ensure all connections are secure.
5. **Connect Seat to Gas Lift:** Carefully place the assembled seat structure onto the gas lift cylinder. Press down firmly to secure the connection.
6. **Final Check:** Once assembled, gently test the chair's stability and ensure all connections are tight.

5. Operating Instructions

Your Pinmoco Ergonomic Cross-Legged Office Chair is designed for versatile use and comfort.

- **Height Adjustment:** Locate the lever under the main seat. Pull the lever upwards while seated to lower the chair, or pull it upwards while standing to raise the chair. Release the lever at your desired height. The chair offers a height adjustment range of approximately 4.7 inches.
- **360° Rotation:** The chair is equipped with a smooth 360-degree swivel function, allowing for easy movement and access to your workspace without needing to reposition the entire chair.
- **Versatile Sitting Positions:** This chair supports various postures including traditional sitting, cross-legged, kneeling, and reclining. Adjust your position as needed for optimal comfort and ergonomic support throughout your day.

Image: A person sitting in a meditative cross-legged posture on the chair, showcasing its suitability for yoga and meditation practices, emphasizing the comfort provided by the design.

6. Maintenance and Care

Proper care will extend the life and appearance of your chair.

- **Cleaning Fabric:** For general cleaning, use a soft brush or vacuum cleaner to remove dust and loose debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner and follow the product instructions, testing on an inconspicuous area first. Do not use harsh chemicals or abrasive cleaners.
- **Frame and Wheels:** Wipe the metal and plastic parts with a damp cloth and mild soap if necessary. Ensure the wheels are free of hair and debris to maintain smooth movement.
- **Regular Checks:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary to maintain stability and safety.

7. Troubleshooting

If you encounter any issues with your chair, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair wobbles or feels unstable	Loose screws or uneven assembly.	Ensure all assembly screws are securely tightened. Check that the chair is on a flat, even surface.
Difficulty adjusting height	Gas lift not properly engaged or faulty.	Ensure the gas lift lever is fully engaged. If the issue persists, the gas lift may need replacement. Contact support.
Wheels not rolling smoothly	Debris caught in casters or casters not fully inserted.	Remove any hair or debris from the wheels. Ensure casters are fully pushed into the base.
Squeaking noises	Loose connections or friction between parts.	Tighten all screws. Apply a small amount of silicone lubricant to moving parts if necessary, avoiding fabric.

If you experience issues not listed here or if the suggested solutions do not resolve the problem, please contact Pinmoco customer support for assistance.
