PHYSICAL OVERVIEW

Familiarize yourself with the physical components of your Pixel 10 Pro.

Front View

The front of the device features the 6.3-inch Super Actua Display, designed for high brightness and clarity. A small punch-hole cutout at the top houses the front camera.

Figure 3: The Super Actua Display of the Pixel 10 Pro.

Rear View and Camera System

The back of the Pixel 10 Pro features a distinctive triple rear camera system housed in a horizontal bar. This system includes a 50 MP main sensor, an ultrawide lens, and a telephoto lens, enabling advanced photography features like 100x Pro Res Zoom and super steady videos.
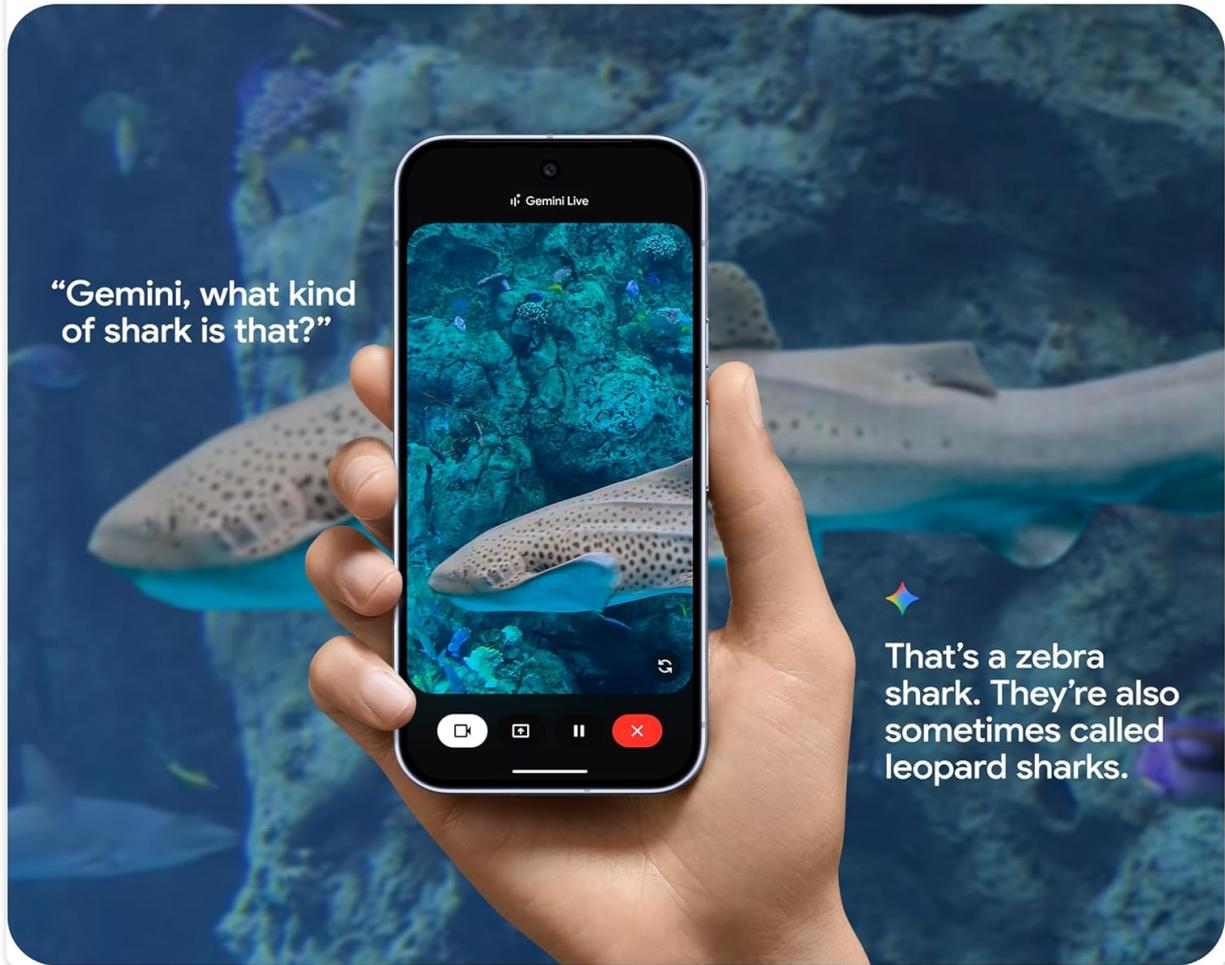

Figure 4: Rear view highlighting the camera system.

Side and Bottom Components

The device's sides house the power button and volume rocker. The bottom edge typically includes the USB-C port for charging and data transfer, along with speaker grilles and microphones.

Made with spacecraft-grade aluminum and Corning® Gorilla® Glass Victus® 2.

Pixel's brightest Super Actua display ever.

Designed for durability. Made for real life.

OPERATING INSTRUCTIONS

Gemini AI Assistant

The Pixel 10 Pro integrates the Gemini AI Assistant, offering a natural, free-flowing conversational experience. You can use Gemini Live to interact with your surroundings by pointing your camera at objects or chat with Gemini to brainstorm ideas and manage tasks across applications.

BATTERY AND CHARGING

The Pixel 10 Pro is equipped with a 4870 mAh battery, providing over 24 hours of usage on a single charge. For optimal performance, use the included USB-C to USB-C cable for charging. The device supports fast charging and Pixelsnap wireless charging.

CONNECTIVITY

This is an unlocked Android phone, offering flexibility to choose your preferred carrier and data plan. It is compatible with major carriers such as Google Fi, Verizon, T-Mobile, and AT&T. The device supports Bluetooth, NFC, Wi-Fi, and GPS for comprehensive connectivity.

MAINTENANCE AND CARE

The Pixel 10 Pro is built with durable aluminum and Corning Gorilla Glass Victus 2, providing scratch and drop resistance. It also features IP68 water protection, making it resilient against dust and water exposure.

TROUBLESHOOTING

If you encounter issues with your Pixel 10 Pro, consider the following:

- **Restart Device:** A simple restart can resolve many minor software glitches.
- **Check Connectivity:** Ensure Wi-Fi, Bluetooth, or cellular data are enabled and functioning correctly.
- **Software Updates:** Regularly check for and install software updates to ensure optimal performance and security. Google provides 7 years of security and software updates.
- **Security Features:** The Pixel helps protect against spam, scams, and phishing. Your phone will automatically lock if lost or stolen.
