Chrangmay Modern 9-Drawer Chest of Drawers Instruction Manual

Model: dougui
Brand: Chrangmay

Introduction

Thank you for choosing the Chrangmay Modern 9-Drawer Chest of Drawers. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new furniture. Please read all instructions carefully before beginning assembly and retain this manual for future reference.
Important Safety Note: Always install the anti-tipping device to prevent serious injury. Never allow children to climb on drawers.

Setup

1. Unpacking and Component Check

Carefully unpack all components and hardware. Verify that all parts listed in the packing list are present and undamaged. If any parts are missing or damaged, please contact customer support.

2. Assembly Instructions

Assembly is required for this product. The process is designed to be straightforward with clear, concise instructions provided in the included manual. It is recommended to have a second person assist with assembly for ease and safety.

Operating Instructions

1. Drawer Usage

The 9 drawers are designed for smooth operation, sliding easily on ball bearings. To open, gently pull the handle. To close, push the drawer until it is fully seated. Avoid forcing drawers open or closed.

Maintenance

1. Cleaning

To maintain the appearance of your dresser, wipe it with a dry cloth. For light cleaning, a damp cloth can be used, followed immediately by a dry cloth to prevent moisture damage. Avoid harsh chemicals or abrasive cleaners.

2. Material Care

The dresser is constructed from scratch-resistant and moisture-resistant MDF boards. While durable, avoid placing

extremely hot or cold items directly on the surface without protection. The polished finish helps protect the wood.

Troubleshooting

1. Drawers Not Sliding Smoothly

If drawers do not open or close smoothly, check the installation of the drawer slides. Ensure they are correctly aligned and securely fastened. Sometimes, a slight adjustment can resolve the issue. Refer to the assembly instructions for proper slide installation.

2. Stability Concerns

If the dresser feels unstable, ensure the anti-tipping device is correctly installed and secured to a wall stud. Adjust the leveling feet at the bottom of the dresser to compensate for uneven flooring. Avoid opening multiple drawers simultaneously, especially if the dresser is not anchored to the wall, as this can cause it to tip.
