### Key Features:

- **Portable & Lightweight Design:** Easy to carry for various activities.
- **USB Rechargeable:** Built-in battery charges via any USB port (power bank, laptop, car, adapter).
- **6-Blade System:** Efficient blending for fruits, vegetables, and more.
- **Easy to Clean:** Detachable parts facilitate simple cleaning and maintenance.
- **Safety Lock Mechanism:** Prevents accidental operation for user safety.

## 2. SAFETY INSTRUCTIONS

Please read and understand all safety instructions before using the appliance to prevent injury or damage.

- Do not immerse the motor base in water or other liquids.
- Keep hands and utensils out of the blender jar while blending to prevent injury.
- Ensure the lid is securely fastened before operating the blender.
- Do not operate the blender if the blades are damaged or if the unit appears to be malfunctioning.
- Keep out of reach of children.
- Only use the provided charging cable or a certified USB cable for charging.
- Avoid overfilling the blender jar. Do not exceed 80% capacity.
- Do not attempt to blend hard items like whole nuts, coffee beans, or frozen solid fruits without sufficient liquid, as this may damage the blades or motor.
- Always ensure the blender is fully assembled and the safety lock is engaged before starting.

## 3. PRODUCT COMPONENTS

Familiarize yourself with the parts of your Etekcity Portable Juicer Blender.

Image 3.1: Exploded view of the portable juicer blender components.

1. **Cap:** Top cover with a carrying strap.
2. **Strainer:** Integrated filter for smoother drinks.
3. **Jar (380ml):** Food-grade PC material container for ingredients.
4. **Six Blades 3D Blade:** Stainless steel blade assembly for efficient blending.
5. **IN/OFF Button:** Power button to operate the blender.
6. **LED Indicator:** Light indicating power and charging status.
7. **USB Port:** For charging the internal battery.

## 4. SETUP AND CHARGING

### Initial Charge:

Before first use, fully charge the blender. The unit may arrive with a low battery. Connect the provided USB charging cable to the blender's USB port and a power source (e.g., USB wall adapter, power bank, laptop). Charging typically takes 3-5 hours.

## USB RECHARGEABLE

Portable for home, office, traveling, picnic ect.

2200mAh Battery  
Charging about 3-5 hours

 =  x 12

Power Bank

Easy to carry  
no water leakage

Charging Adapter

Laptop

Car

## Assembly:

Ensure all components are clean before assembly. Place the blade assembly onto the motor base, then screw the jar onto the blade assembly. Finally, secure the cap onto the jar.

## 5. OPERATING INSTRUCTIONS

Follow these steps to prepare your beverages:

Image 5.1: Step-by-step guide for operating the portable juicer blender.

1. **Prepare Ingredients:** Cut fruits or other ingredients into small chunks (approximately 1-2 cm).
2. **Load Ingredients:** Place the cut ingredients into the blender jar. Do not fill more than 80% of the jar's capacity.
3. **Add Liquid:** Add a small amount of liquid such as water, milk, or yogurt. This aids in blending and prevents the motor from straining.
4. **Secure Lid:** Ensure the cap is tightly secured onto the jar.
5. **Start Blending:** Double-click the ON/OFF button to start the blending cycle.
6. **Shake Gently:** During blending, gently shake the blender to ensure all ingredients are thoroughly mixed.

7. **Finish:** The blender will automatically stop after a cycle, or you can press the ON/OFF button once to stop it manually.
8. **Serve:** Open the cap and pour out your freshly blended juice or smoothie.

### Recommended Uses:

Image 5.2: Versatile applications of the Etekcity Portable Juicer Blender.

- Fresh Fruit Juice
- Smoothies
- Baby Food
- Natural Face Masks
- Vegetable Juice
- Milk Shakes

## 6. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and longevity of your blender.

- **Disassembly:** Separate the jar from the motor base. The cap and strainer can also be detached.

- **Washing:** Wash the jar, cap, and blade assembly with warm, soapy water. Use a brush if necessary to clean around the blades.
- **Motor Base:** Wipe the motor base with a damp cloth. Do not submerge it in water.
- **Drying:** Ensure all parts are thoroughly dried before reassembling or storing.
- **Storage:** Store the blender in a clean, dry place.

## 7. TROUBLESHOOTING

If you encounter issues with your Etekcity Portable Juicer Blender, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Blender does not start.	Low battery, improper assembly, safety lock not engaged.	Charge the blender fully. Ensure the jar is securely attached to the motor base. Double-click the ON/OFF button to start.

Problem	Possible Cause	Solution
Blades stop during operation.	Overloaded, ingredients too large/hard, low battery.	Reduce ingredient quantity. Cut ingredients into smaller pieces. Add more liquid. Recharge the blender.
Leakage from the jar.	Lid not properly sealed, jar not tightened, damaged seal.	Ensure the cap is tightly screwed on. Verify the jar is securely fastened to the blade assembly and motor base. Check the silicone seal for damage and ensure it is correctly seated.
Poor blending results.	Insufficient liquid, ingredients too large, overfilling.	Add more liquid. Cut ingredients smaller. Do not overfill the jar. Shake gently during blending.
