Key Features:

- **Real-Time Noise Reduction:** For an immersive audio experience.
- **Bluetooth 5.0:** Ensures stable and efficient wireless connectivity.
- **Foldable Design:** Enhances portability and storage.
- **Long Battery Life:** Extended listening time on a single charge.
- **Built-in Microphone:** For hands-free calls and voice assistant interaction.

SETUP

1. Charging the Headphones

Before first use, fully charge your BY01 headphones. Connect the provided charging cable to the charging port on the headphones and the other end to a USB power source (e.g., computer USB port, wall adapter).

- The LED indicator will typically show red during charging and turn off or change color (e.g., blue) when fully charged.

- A full charge usually takes approximately 2-3 hours.

2. Powering On/Off

- **To Power On:** Press and hold the Power button for approximately 3 seconds until the LED indicator flashes.
- **To Power Off:** Press and hold the Power button for approximately 5 seconds until the LED indicator turns off.

3. Bluetooth Pairing

To connect your BY01 headphones to a Bluetooth-enabled device:

1. Ensure the headphones are powered off.
2. Press and hold the Power button for about 5-7 seconds until the LED indicator flashes red and blue alternately. This indicates pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "BY01" from the list of found devices.
5. Once connected, the LED indicator on the headphones will typically flash blue slowly or remain solid blue.
6. If prompted for a password, enter "0000".

The headphones will automatically attempt to reconnect to the last paired device when powered on.

OPERATING INSTRUCTIONS

Music Playback

- **Play/Pause:** Press the Multi-function button (often the Power button) once.
- **Next Track:** Press and hold the Volume Up button.
- **Previous Track:** Press and hold the Volume Down button.
- **Volume Up:** Short press the Volume Up button.
- **Volume Down:** Short press the Volume Down button.

Call Management

- **Answer/End Call:** Press the Multi-function button once.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Redial Last Number:** Double-press the Multi-function button.

Noise Reduction Function

The BY01 headphones feature real-time noise reduction. Locate the dedicated ANC (Active Noise Cancellation) button, if present, or refer to the Multi-function button's secondary functions. Pressing this button will activate or deactivate the noise reduction feature. An audible prompt or LED indicator change may confirm the status.

Folding for Storage

The headphones are designed to be foldable for easy storage and portability. Gently fold the earcups inwards towards the headband. Ensure not to apply excessive force to avoid damage.

MAINTENANCE AND CARE

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures. When not in use for extended periods, store them in their folded position.

- **Water Exposure:** These headphones are not water-resistant. Avoid exposure to water, rain, or excessive moisture.
- **Battery Care:** To prolong battery life, charge the headphones regularly, even if not used frequently. Avoid fully discharging the battery for long periods.

TROUBLESHOOTING

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are charged. Connect to a power source and try again after a few minutes.
Cannot pair with device.	<p>Ensure headphones are in pairing mode (flashing red and blue).</p> <p>Make sure Bluetooth is enabled on your device.</p> <p>Move headphones closer to your device.</p> <p>Turn off and on both the headphones and your device's Bluetooth.</p> <p>Clear previous Bluetooth connections on your device.</p>
No sound or low volume.	<p>Check volume levels on both headphones and your connected device.</p> <p>Ensure headphones are properly connected to your device.</p> <p>Try playing different audio sources.</p>
Poor sound quality.	<p>Move closer to your device to avoid interference.</p> <p>Ensure there are no obstructions between the headphones and your device.</p> <p>Check the audio source quality.</p>
