

LEYAOYAO LL-ATCB4M

LEYAOYAO Fluted Buffet Cabinet with Storage

Model: LL-ATCB4M

1. IMPORTANT SAFETY INFORMATION

Please read all safety instructions carefully before assembly and use. Keep this manual for future reference.

- Always ensure the cabinet is securely mounted to the wall using the anti-tipping device provided. This prevents accidental tipping and ensures the safety of occupants, especially children.
- Do not overload the shelves or place heavy items on the top of the cabinet. Refer to the specifications for weight limits.
- Keep the area around the cabinet clear of obstacles to prevent accidents.
- Always unplug and turn off any electrical appliances before cleaning the cabinet.
- Ensure all screws and fasteners are tightened securely during assembly and periodically check for looseness.

Modern Fluted Sideboard Buffet Cabinet with 4 Doors

2. PRODUCT OVERVIEW

The LEYAOYAO Fluted Buffet Cabinet is a versatile storage solution designed for various rooms in your home. It features a modern aesthetic with fluted waveform panels and gold metal handles.

- **Unique Design:** Overall dimensions are approximately 15.4"D x 55.2"W x 31.9"H. It includes 4 doors with fluted waveform panels and elegant gold metal handles.
- **Adjustable Shelves:** The interior is equipped with three layers of adjustable shelves, allowing flexible customization of storage space.
- **Open Storage:** Features a spacious tabletop and convenient open storage space for easy access and display.
- **Sturdy Construction:** Crafted from high-quality engineered wood with a thickened base and non-slip foot pads for enhanced stability.

3. SETUP AND ASSEMBLY

This cabinet requires assembly. All necessary hardware and detailed instructions are provided in the included installation kit. It is recommended to assemble the cabinet with the help of another person.

3.1 Before You Begin

- Unpack all components and verify against the parts list in the separate assembly manual.
- Ensure you have a clean, flat, and spacious area for assembly.
- Gather necessary tools (e.g., screwdriver, hammer if required).

3.2 Assembly Steps

Follow the step-by-step instructions provided in the dedicated assembly manual included in your package. Pay close

attention to diagrams and part labels. Ensure all connections are secure before proceeding to the next step.

3.3 Anti-Tipping Device Installation

After assembly, it is crucial to install the anti-tipping device. Secure the cabinet to a wall stud using the provided hardware. This step is vital for safety.

4. OPERATING INSTRUCTIONS

The LEYAOYAO Fluted Buffet Cabinet is designed for versatile storage and display.

4.1 Utilizing Storage Space

- **Adjustable Shelves:** The interior shelves can be adjusted to different heights to accommodate items of various sizes, such as plates, bowls, small appliances, or books. To adjust, remove the shelf, reposition the shelf pins to the desired height, and reinsert the shelf.
- **Open Storage:** The open top shelf is ideal for displaying decorative items, frequently accessed items, or as a convenient space for a coffee bar setup.
- **Closed Storage:** Use the four-door compartments to store items you wish to keep out of sight, maintaining a tidy appearance. The soft-close hinges prevent slamming.

Large Storage Cabinets

Large capacity, customized storage space

Figure 6: Example of the cabinet configured as a coffee bar.

5. MAINTENANCE

Proper care will ensure the longevity and appearance of your cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals, abrasive cleaners, or excessive moisture, which can damage the finish.
- **Spills:** Clean spills immediately to prevent staining or damage to the engineered wood.
- **Heat and Moisture:** Avoid placing hot items directly on the surface. Use coasters or protective pads. Keep the cabinet away from direct sunlight and excessive humidity to prevent warping or fading.
- **Hardware:** Periodically check all screws and fittings to ensure they remain tight. Tighten as needed.

6. TROUBLESHOOTING

This section addresses common issues you might encounter.

6.1 Door Alignment Issues

If the cabinet doors are misaligned, have gaps, or overlap, adjust the hinges as follows:

- **Gap between door and cabinet:** Turn the screw (often marked with a red circle in diagrams) left to loosen, push the door in, then turn right to tighten.
- **Misaligned doors (higher or lower):** Turn the screws (often marked with red and yellow circles in diagrams) left to loosen, adjust the door to the desired height, then turn right to tighten.
- **Overlapping or bulging doors:** Turn the screw (often marked with a red circle in diagrams) left to loosen, adjust the door position, then turn right to tighten.
- **Doors not tightly closed:** Turn the screw (often marked with a red circle in diagrams) right to tighten.

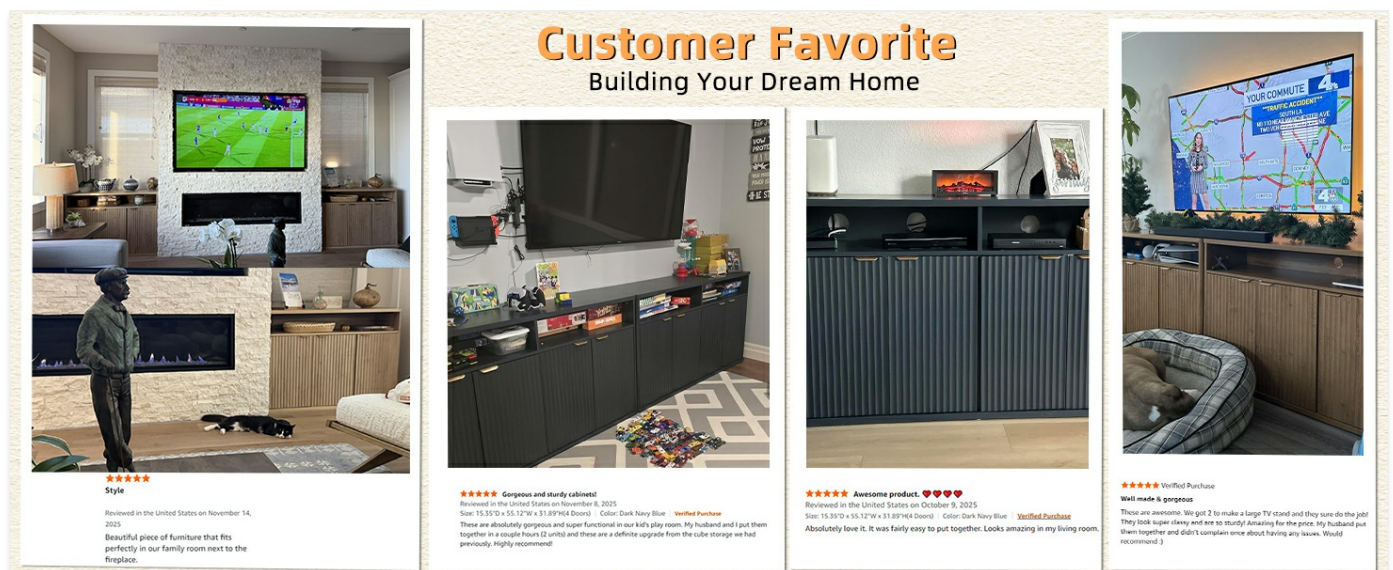

Figure 7: Visual guide for adjusting cabinet doors to correct gaps and height misalignment.

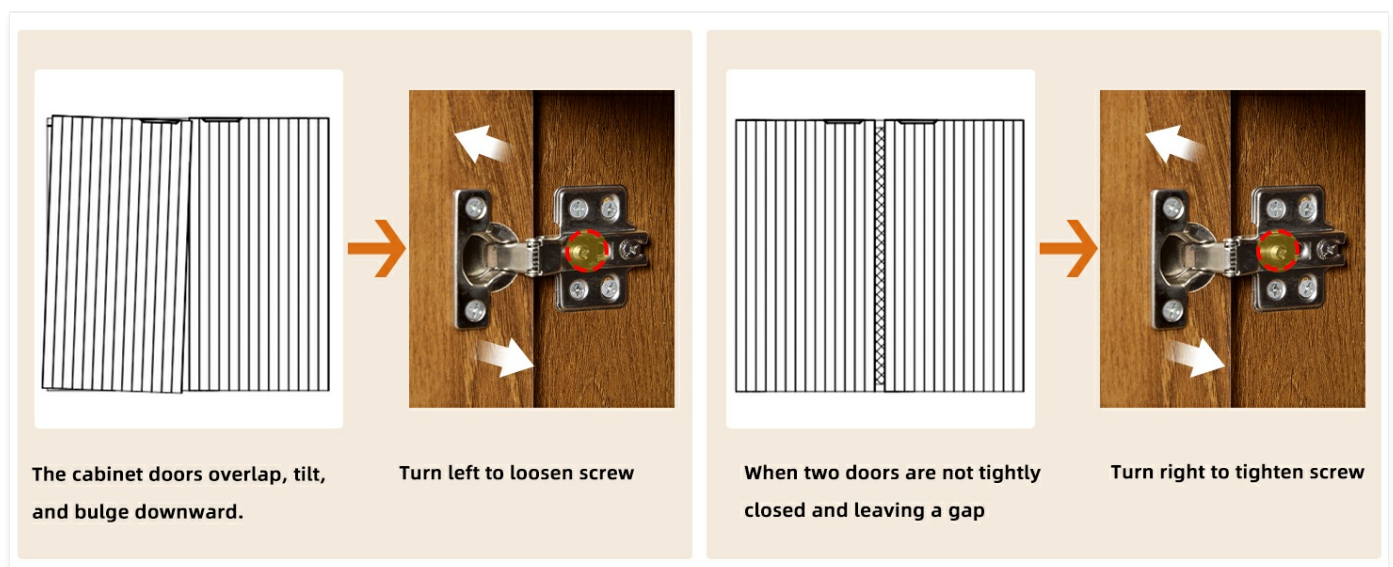

Figure 8: Visual guide for adjusting cabinet doors to correct overlapping and ensure tight closure.

6.2 Fluted Panel Delamination

If the fluted relief on the door panels begins to delaminate, this may indicate exposure to excessive moisture or manufacturing defect. Contact customer support for assistance.
