SKKTKT 360° Swivel Jewelry Organizer LED Full-Length Mirror with Storage

Model: E1-67004-8

INTRODUCTION

Thank you for choosing the SKKTKT 360° Swivel Jewelry Organizer LED Full-Length Mirror with Storage. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new product. Please read these instructions carefully before use and retain them for future reference.

PRODUCT OVERVIEW

This versatile cabinet combines a full-length mirror with extensive storage for jewelry and makeup. It features a 360° swivel base, integrated LED lighting, and a lockable design for security.

SETUP AND ASSEMBLY

Before beginning assembly, ensure all components are present and undamaged. An installation tool is included to assist with the process. It is recommended to assemble the unit on a soft, clean surface to prevent scratches.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out. Verify against the included parts list (if provided in physical manual).
2. **Assemble Base:** Attach the main cabinet structure to the 360° swivel base according to the diagrams. Ensure all screws are tightened securely.
3. **Install Shelves and Hooks:** Position internal shelves, earring slots, ring holders, and necklace hooks as indicated in the assembly guide.
4. **Connect LED Lighting:** Follow instructions for connecting the LED lighting system. Ensure proper power connection.

5. **Final Checks:** Once assembled, gently test the swivel function and ensure the door opens and closes smoothly.

DIMENSION

OPERATING INSTRUCTIONS

360° Swivel Function

The cabinet is designed with a stable 360° rotating base, allowing you to easily access the full-length mirror on one side and the storage cabinet on the other. Gently rotate the unit to your desired position.

LED Lighting System

The built-in LED lighting system automatically illuminates when the cabinet door is opened. It features 3 adjustable color modes (White, Yellow, Blue) to suit different lighting needs for makeup application. A touch sensor is typically located near the mirror inside the cabinet to cycle through the light colors or adjust brightness.

3-COLOR LED LIGHTS

White Light

Yellow Light

Blue Light

Jewelry and Makeup Storage

- **Earring Slots:** Utilize the 108 dedicated earring slots to keep your earrings organized and tangle-free.
- **Ring Slots:** The 104 ring slots provide secure storage for various ring sizes.
- **Necklace Hooks:** Hang necklaces and bracelets on the 24 hooks to prevent tangling.
- **Foldable Makeup Shelf:** A convenient foldable shelf provides a temporary surface for makeup tools during use. Fold it away when not needed to save space.
- **Additional Compartments:** Various shelves and compartments are available for storing makeup brushes, lipsticks, foundations, and other beauty essentials.
- **Velvet Lining:** The interior is lined with soft velvet to protect your jewelry and accessories from scratches and damage.

Locking Mechanism

The cabinet is equipped with a lock and key to secure your valuables. Insert the key into the lock on the side of the cabinet door and turn to lock or unlock. Keep the keys in a safe place.

MAINTENANCE

- **Cleaning the Exterior:** Wipe the exterior surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Cleaning the Mirror:** Use a standard glass cleaner and a lint-free cloth to clean the full-length mirror and the interior makeup mirror.
- **Velvet Lining Care:** Gently dust the velvet-lined interior with a soft brush or a vacuum cleaner with a brush attachment. Do not use wet cleaners on the velvet.
- **LED Lights:** The LED lights are designed for long-term use and generally do not require maintenance. If issues arise, refer to the troubleshooting section.

TROUBLESHOOTING

- **LED Lights Not Working:**
 - Ensure the power adapter is securely plugged into a working outlet and the cabinet.
 - Check if the touch sensor is responsive. Try pressing it firmly or holding it for a few seconds.
 - If the issue persists, contact customer support.

- **Swivel Base is Stiff:**

- Ensure the base is on a flat, level surface.
- Check for any obstructions around the base that might impede rotation.
- If the rotation remains stiff, ensure all assembly screws in the base are not overtightened, allowing for smooth movement.

- **Door Not Closing/Locking Properly:**

- Verify that no items inside the cabinet are obstructing the door's closure.
- Check the alignment of the door hinges. Adjust if necessary (refer to assembly instructions).
- Ensure the key is fully inserted and turned correctly when locking. If keys are damaged, contact customer support for replacements.

- **Cabinet Stability Issues:**

- Ensure the cabinet is placed on a firm, level floor.
- Distribute contents evenly to maintain balance.
