1. SETUP AND ASSEMBLY

This section provides detailed instructions for assembling your Yaheetech 54-inch Multi-Level Cat Tree Tower. Please review all steps carefully before beginning assembly.

1.1 Unpacking and Component Check

Carefully unpack all components from the box. Verify that all parts listed in the accompanying instruction manual are present and undamaged. It is recommended to sort components by size and type to facilitate the assembly process.

1.2 Assembly Instructions

The assembly process is designed to be straightforward. An Allen wrench is included for all necessary fastenings. Follow the visual diagrams in the provided manual step-by-step. Ensure all connections are secure before proceeding to the next stage.

Figure 1: Fully assembled Yaheetech 54-inch Multi-Level Cat Tree Tower.

1.3 Stability and Placement

For optimal stability and safety, especially for active or multiple cats, consider placing the cat tree against a wall. A wall anchor strap is included to secure the tower, preventing accidental tipping. Ensure the chosen location is flat and stable.

For Every Safe Playing and Jumping

A wall anchor strap ensures stability
even for large cats

Figure 2: Illustration of the P2-compliant particle board construction and the recommended wall anchor for enhanced stability.

1.4 Assembly Demonstration Videos

Video 1: Assembly process demonstration for the cat tree, highlighting the ease of construction with included tools.

Video 2: Unboxing and initial setup of the cat tree, demonstrating the simplicity of the assembly process.

2. OPERATING INSTRUCTIONS

The Yaheetech Multi-Level Cat Tree Tower is designed to provide a stimulating and comfortable environment for your cats. It features various elements to encourage play, rest, and natural behaviors.

2.1 Multi-Level Design for Activity and Rest

- **Cozy Condos:** Provides enclosed spaces for privacy and secure resting.
- **Lower Hammock:** Offers a soft, suspended spot for lounging and napping.

- **High Perch:** Allows cats to observe their surroundings from an elevated position.
- **Scratching Posts and Board:** Covered with natural sisal rope and material to satisfy natural scratching instincts, protecting your furniture.
- **Dangling Ball and Rope:** Integrated toys to encourage playful interaction and exercise.

Figure 3: Cats utilizing the various levels and features of the cat tree, including the top perch, condo, and hammock.

Bottom Hammock

Figure 4: Detailed view of the scratching board, comfy condo, and bottom hammock, designed for cat comfort and activity.

2.2 Encouraging Use

Place the cat tree in an area where your cat spends a lot of time. Introduce your cat to the different levels and features. You can use treats or toys to encourage exploration. The natural sisal posts are designed to attract scratching behavior, diverting it from household furniture.

Video 3: Cats actively using the cat tree for climbing, scratching, and napping, demonstrating its engaging features.

3. MAINTENANCE

Regular maintenance ensures the longevity and hygiene of your cat tree.

3.1 Cleaning

- **Remove Cat Hair:** Use a brush or lint roller to regularly remove loose cat hair from the plush surfaces.

- **Spot Cleaning:** For small stains, use a damp cloth with mild soap. Avoid excessive moisture.
- **Deep Cleaning:** For deeper cleaning, a pet-safe upholstery cleaner can be used, following the product instructions. Ensure the tree is completely dry before allowing cats to use it again.

Figure 5: Demonstrating how to easily brush off cat hair from the plush material for hassle-free maintenance.

3.2 Inspection

Periodically inspect the cat tree for any loose or damaged components, especially the scratching posts and hanging toys. Tighten any loose screws and replace worn-out parts to maintain safety and functionality.

4. TROUBLESHOOTING

This section addresses common issues you might encounter with your cat tree.

4.1 Instability

- **Issue:** The cat tree wobbles or feels unstable.
- **Solution:** Ensure all screws are tightly fastened. Verify the cat tree is placed on a flat, even surface. Utilize the included wall anchor strap to secure the tree to a wall, especially if you have multiple or very active cats.

4.2 Cat Not Using the Tree

- **Issue:** Your cat shows little interest in the cat tree.
- **Solution:** Place the tree in a high-traffic area where your cat feels comfortable. Use catnip, treats, or favorite toys to encourage exploration of the different levels. Gently place your cat on the tree's platforms to help them get accustomed to it.

4.3 Excessive Scratching on Furniture

- **Issue:** Your cat continues to scratch furniture instead of the cat tree.
- **Solution:** Ensure the sisal scratching posts are easily accessible. You can apply catnip to the scratching posts to make them more appealing. Redirect your cat to the scratching posts whenever they attempt to scratch furniture.

5. SPECIFICATIONS

Feature	Detail
Brand	Yaheetech
Model Name	cat-trees
Item Model Number	YT6gsi0001001
Color	Light Gray
Size	54in
Product Dimensions (LxWxH)	30.5 x 18 x 54 inches
Item Weight	28.88 Pounds
Material	Particleboard, plush, sisal
Load Capacity (Perch)	Up to 18 lb
Load Capacity (Condo)	Up to 22 lb
Load Capacity (Hammock)	Up to 18 lb
Load Capacity (Small Platform)	Up to 11 lb
Target Audience	Cats, house-cats
Age Range Description	All Life Stages
Included Components	Instruction manual, assembly hardware
