Placement

Place the massage chair on a hard, level floor. Ensure there is sufficient clearance around the chair for reclining and for the space-saving feature to operate correctly. Connect the power cord to a suitable grounded electrical outlet.

OPERATING INSTRUCTIONS

Power On/Off

Press the power button on the control panel or remote to turn the chair on or off. The chair will perform an initial body scan upon startup.

Control Methods

- **LCD Control Panel:** Use the integrated touch screen panel to select massage programs, adjust settings, and control chair functions.
- **AI Voice Control:** Activate voice control by saying "Hello Massage Chair" or pressing the voice control button.

Follow the voice prompts to select programs or adjust settings.

- **Mobile Application:** Download the dedicated VUYSUYVY app on your smartphone. Connect via Bluetooth to control all chair functions remotely.
- **Shortcut Buttons:** Quick access buttons located on the armrest allow for immediate start of common functions or adjustments.

Massage Programs and Techniques

Choose from 18 preset auto massage modes, each designed for specific benefits such as 'Family Care', 'Pain Relief', 'Sport Refresh', 'Leisure Time', 'Soft Care', and 'Focus Massage'. You can also select from 6 professional massage techniques (Kneading, Knocking, Shiatsu, Kneading & Knocking, Kneading & Rubbing, Tapping) and customize intensity, speed, and massage area (whole, partial, or point massage).

Zero Gravity and Rocking Function

Activate the Zero Gravity feature to recline the chair into a position that elevates your legs above your heart, reducing pressure on your spine. There are three adjustable Zero Gravity angles. The rocking motion can be engaged for a gentle, rhythmic massage experience.

Heating and Air Compression

The chair features core heating for the waist and calves to enhance muscle relaxation. Airbags provide 3D air compression massage for the shoulders, arms, and legs, promoting circulation and relieving tension.

MAINTENANCE

To ensure the longevity and optimal performance of your massage chair, follow these maintenance guidelines:

- **Cleaning:** For general cleaning, use a soft, dry cloth. For deeper cleaning, the product care instructions specify **Dry Clean**. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use for extended periods, unplug the chair and store it in a cool, dry place away from direct sunlight.
- **Inspection:** Regularly inspect the power cord and all connections for any signs of damage. If any damage is found, discontinue use and contact customer support.

TROUBLESHOOTING

If you encounter any issues with your VUYSUYVY massage chair, please refer to the following common

troubleshooting tips:

- **Chair does not power on:** Ensure the power cord is securely plugged into both the chair and a working electrical outlet. Check if the outlet is receiving power.
- **Massage functions are not working:** Verify that the chair is powered on and that a massage program has been selected. Check the control panel for any error messages.
- **Unusual noises during operation:** Minor operational sounds are normal. If you hear loud or unusual noises, power off the chair and contact customer support.
- **Remote control/App not responding:** Ensure the remote has fresh batteries or the app is properly connected via Bluetooth.

For issues not covered here, or if troubleshooting steps do not resolve the problem, please contact VUYSUYVY customer support.
