## 5. SETUP

- 1. Charge the Device:** Before first use, fully charge the massager using the provided Micro-USB charging cable. Connect the cable to the massager's charging port and a suitable USB power source. The indicator light will show charging status.
- 2. Prepare for Use:** Ensure your neck area is clean and dry. For enhanced comfort and conductivity, you may apply a warm, damp cloth or a small amount of skin moisturizer/conductive gel to the skin where the massage heads will make contact. Pull back any long hair and remove jewelry to prevent interference.
- 3. Position the Massager:** Place the massager around your neck with the massage heads positioned on the desired areas. The flexible design allows it to adapt to your neck curve. Ensure the massage heads are in direct contact with your skin.
