PRODUCT OVERVIEW

The Samsers KE09U keyboard features a 6-row layout, ergonomic split design, and dual-mode connectivity for versatile use. It is designed to be highly portable and comfortable for extended typing sessions.

Key Features:

- **6-Row Standard Layout:** Provides a familiar typing experience with separate multimedia and numeric buttons for efficiency.
- **Ergonomic Split Design:** 166-degree ergonomic design with low-profile, X-shaped scissor-switch keys reduces muscle strain and promotes proper posture.

- **Dual-Mode Connectivity:** Supports both 2.4G wireless (via USB receiver) and Bluetooth (BT1, BT2) connections.
- **One-Button Switching:** Seamlessly switch between up to three connected devices.
- **Portable & Foldable:** Compact, 9-ounce design folds easily for transport, with a magnetic adsorption to prevent accidental opening.
- **Integrated 2.4G Receiver Slot:** Convenient storage for the USB receiver to prevent loss.
- **Long Battery Life:** Built-in lithium battery offers up to 120 days of standby time with auto-sleep function and Type-C charging.

SETUP INSTRUCTIONS

1. Initial Charging

Before first use, please charge the keyboard for 2-3 hours. A low battery can lead to abnormal function. Use the provided Type-C charging cable to connect the keyboard to a power source.

Charge Once, Lasts Your Whole Trip

 **120** DAYS
Standby time

 **2** HOURS
Full Charged

2. Connecting via 2.4G Wireless

1. Locate the 2.4G USB receiver stored in the dedicated slot on the keyboard.
2. Insert the USB receiver into an available USB port on your laptop or PC.
3. Slide the power switch on the keyboard to the 'ON' position.
4. Press the **F1** key (with the 2.4G icon) to switch to the 2.4G channel. The indicator light will illuminate.
5. The keyboard should automatically connect to your device.

3. Connecting via Bluetooth

1. Slide the power switch on the keyboard to the 'ON' position.
2. Press the **F2** (BT1) or **F3** (BT2) key to select a Bluetooth channel. The corresponding indicator light will flash.
3. Hold down the selected Bluetooth key (**F2** or **F3**) for 5 seconds until the indicator light flashes rapidly, indicating pairing mode.
4. On your device (smartphone, tablet, laptop), go to Bluetooth settings and search for available devices.
5. Select "Samsers KE09U" from the list to pair.
6. Once connected, the indicator light on the keyboard will stop flashing and remain solid.

OPERATING THE KEYBOARD

Typing Experience

The ergonomic split design of the KE09U keyboard allows for a more natural hand and wrist position, reducing fatigue during prolonged typing. The low-profile, scissor-switch keys provide a responsive and comfortable typing feel, similar to a laptop keyboard.

Image: A user typing on the Samsers KE09U keyboard while it rests on their lap, demonstrating its stability and portability.

Switching Between Devices

The KE09U keyboard supports one-click switching between up to three connected devices (one 2.4G and two Bluetooth). Simply press the corresponding function key (**F1** for 2.4G, **F2** for BT1, **F3** for BT2) to instantly switch control to the desired device.

One Click to Switch

Pair up to 3 devices at the same time.

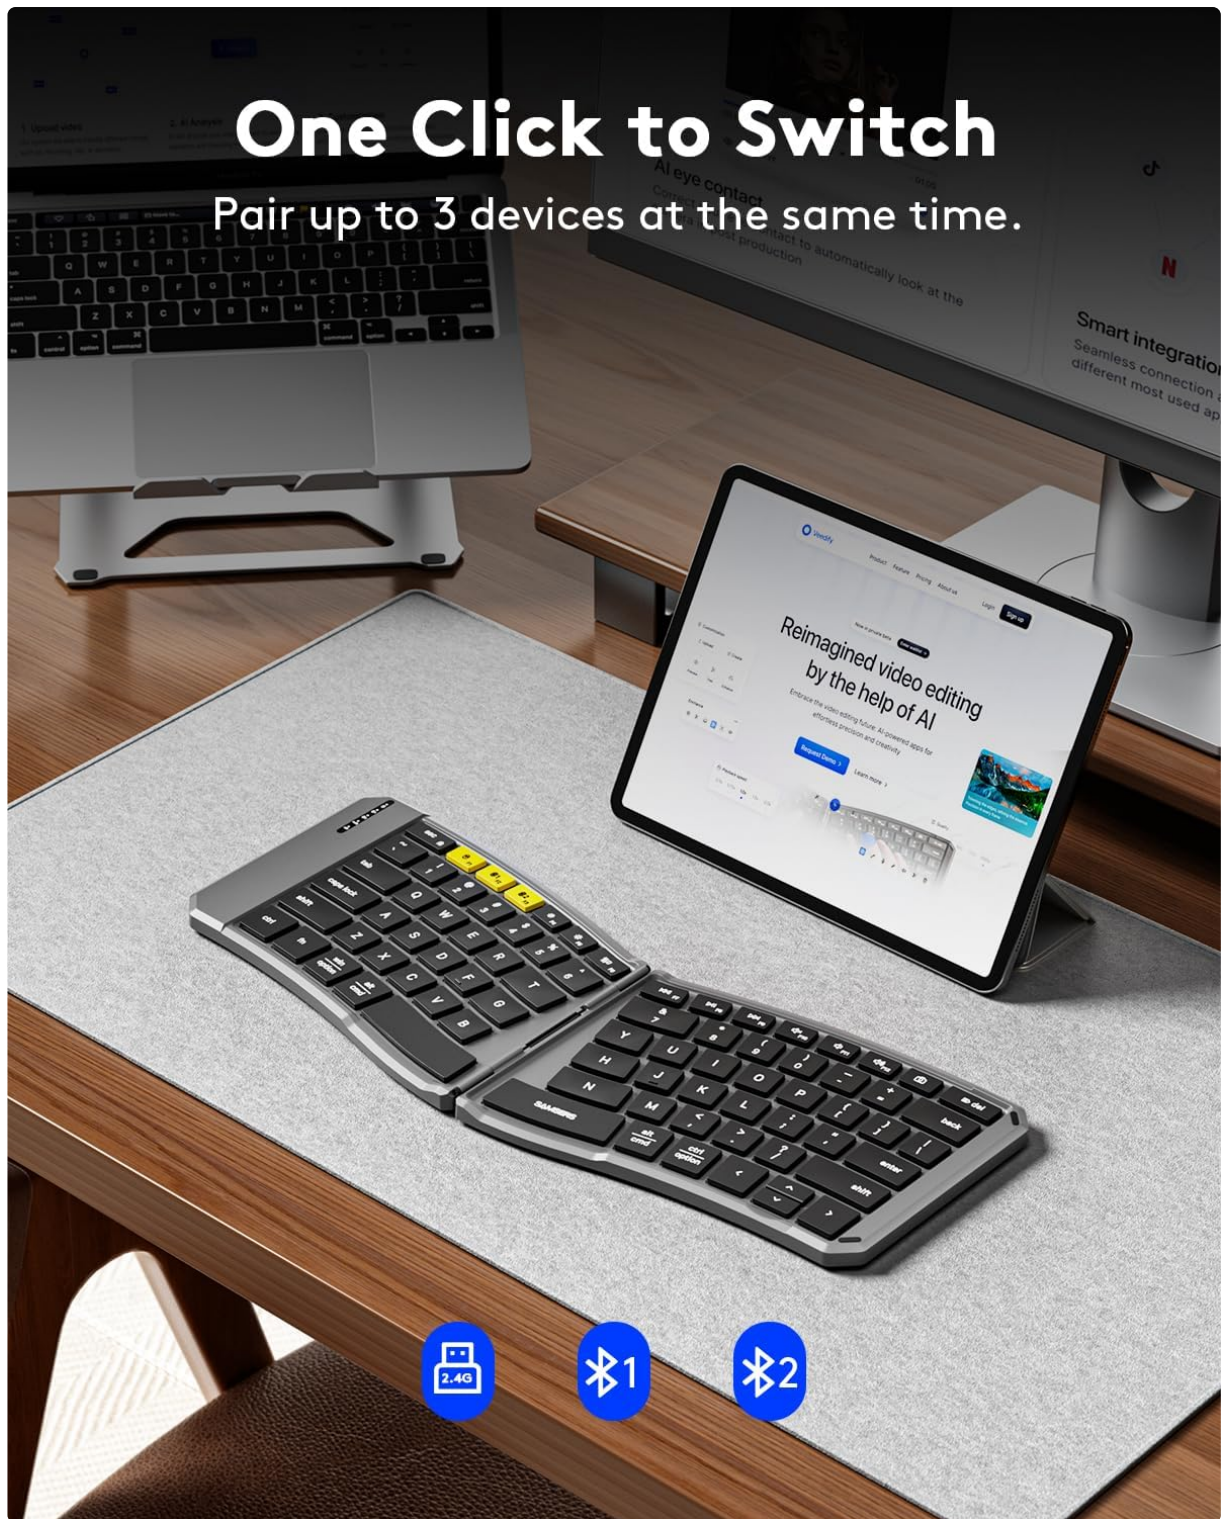

Image: The keyboard positioned between a laptop and a tablet, illustrating the ease of switching between devices using the dedicated function keys.

Multimedia Functions

The keyboard includes dedicated multimedia keys for quick access to common functions. These keys are typically located on the top row (F-keys) and can be activated directly or by holding the **Fn** key in combination with the desired F-key, depending on your operating system and keyboard mode.

Common multimedia functions include:

- Brightness adjustment (F4, F5)
- Media playback control (F7, F8, F9)
- Volume control (F10, F11, F12)

CARE AND MAINTENANCE

Power Management

To conserve battery life, the keyboard features an auto-sleep function. It will enter sleep mode after a period of inactivity. To wake it up, simply press any key. Always turn off the power switch when the keyboard is not in use for an extended period or when storing it in the velvet pouch.

Cleaning

To clean the keyboard, gently wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the finish or keys. Ensure the keyboard is powered off before cleaning.

TROUBLESHOOTING

- **Keyboard not connecting via Bluetooth:** If the Bluetooth name "Samsers KE09U" cannot be found or connected, please delete/remove/forget any previous pairing records for the keyboard on your device before attempting to re-pair. Ensure the keyboard is in pairing mode (rapidly flashing indicator light).
- **Keys not responding:** Check if the keyboard is powered on and fully charged. Ensure it is correctly connected via 2.4G or Bluetooth to your device.
- **Intermittent connection:** Ensure the keyboard is within the effective range of your device (typically up to 10 meters). Avoid obstructions or strong electromagnetic interference.
- **Low battery:** If the keyboard's performance is erratic, it may indicate a low battery. Charge the keyboard for 2-3 hours.
