CIKUNASI Queen Size Bed Frame

CIKUNASI Queen Size Bed Frame Instruction Manual

Model: Queen Size Bed Frame

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your CIKUNASI Queen Size Bed Frame. Please read this manual thoroughly before assembly and use to ensure proper setup and safe operation. Keep this manual for future reference.

Image 1.1: Overview of the CIKUNASI Queen Size Bed Frame, showcasing the headboard with integrated lighting and charging station, and under-bed storage drawers.

2. SAFETY INFORMATION

- **Weight Capacity:** Do not exceed the maximum weight capacity of 1000 lbs (approximately 453 kg) for this bed frame. Exceeding this limit may cause structural damage or injury.
- **Assembly:** Always follow the assembly instructions carefully. Ensure all bolts and screws are securely tightened before use. Loose connections can lead to instability.
- **Two-Person Assembly:** Assembly is recommended for two people to ensure safety and ease of construction.
- **Children:** Keep small parts and packaging materials away from children during assembly to prevent choking hazards.
- **Electrical Components:** Exercise caution when handling electrical components (charging station, LED lights). Do not expose them to water or excessive moisture.
- **Placement:** Place the bed frame on a level surface to prevent wobbling and ensure stability.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Headboard with integrated storage shelf and charging station
- Bed frame side rails and support beams
- Metal slats
- 2 Fabric storage drawers with wheels
- LED light strip (self-adhesive) with remote control
- Assembly hardware (screws, bolts, Allen wrench)
- Power cord for charging station

4. ASSEMBLY INSTRUCTIONS

Assembly typically takes approximately 45 minutes for two people. No additional tools are required beyond what is provided.

4.1. Prepare the Area

1. Clear a spacious area for assembly.
2. Unpack all components and lay them out on a soft, clean surface to prevent scratches.
3. Identify all parts against the provided parts list (if included in physical manual).

4.2. Assemble the Headboard

Follow the specific diagrams in your physical manual to connect the headboard components. Ensure the charging station module is correctly oriented and secured.

Image 4.1: Detail of the headboard's integrated charging station, featuring USB and Type-C ports, and a power cord.

4.3. Construct the Bed Frame

1. Attach the side rails to the headboard and footboard using the provided hardware. Do not fully tighten bolts until all major frame components are connected.
2. Install the central support beam(s) and legs.
3. Once the main frame is assembled, fully tighten all bolts.

4.4. Install the Slats

1. Place the metal slats across the bed frame, ensuring they are evenly spaced and securely fastened to the side rails.
2. Verify that all slats are properly seated to provide adequate mattress support.

4.5. Assemble and Insert Storage Drawers

1. Assemble the fabric storage drawers according to their individual instructions.
2. Insert the assembled drawers under the bed frame. The drawers are equipped with wheels for easy movement.

Image 4.2: View of the two fabric storage drawers pulled out from under the bed frame, showing ample space for various items.

5. OPERATING INSTRUCTIONS

5.1. Using the Charging Station

The headboard features an integrated charging station with 2 standard outlets, 1 USB port, and 1 Type-C port. To use:

- Ensure the bed frame's power cord is plugged into a functional wall outlet.
- Connect your electronic devices to the appropriate ports on the headboard.
- The charging station is designed for convenient access to power while in bed.

5.2. Activating the LED Lights

The bed frame includes a self-adhesive LED light strip. It is recommended to assemble it on the headboard shelf or the headboard's backside.

- **Installation:** Peel the adhesive backing and firmly press the LED strip onto the desired surface of the headboard.

Connect the LED strip to its power source.

- **Control:** The LED lights can be controlled via the included remote or a compatible smartphone application.
- **Features:** Choose from over 20 colors and 4 adjustable modes (e.g., Mic Mode, Music Mode, Timing Function) to customize your bedroom ambiance.

Image 5.1: Illustration of the LED light features, including 60,000 colors, Mic Mode, Music Mode, and Timing Function, controllable via remote or app.

5.3. Utilizing Storage Drawers

The two fabric storage drawers provide additional space under the bed. They are designed with wheels for smooth operation.

- Pull the drawers out from under the bed to access contents.
- Push them back in until they are fully concealed under the frame.
- These drawers are suitable for storing clothing, bedding, or other lightweight items.

Image 5.2: Measurement indicating 9.84 inches of under-bed clearance, highlighting the space available for storage.

6. MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. For the upholstered headboard and fabric drawers, use a soft brush or vacuum cleaner to remove dust. Spot clean with a mild fabric cleaner if necessary.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if any looseness is detected to maintain structural integrity.
- **Electrical Components:** Keep the charging station and LED lights free from dust. Do not attempt to repair electrical components yourself; contact qualified personnel if issues arise.

7. TROUBLESHOOTING

- **Bed Frame Squeaks/Noise:** Ensure all assembly bolts are fully tightened. Check that slats are properly seated and not rubbing against the frame.
- **Charging Station Not Working:** Verify the bed frame's main power cord is securely plugged into a live wall

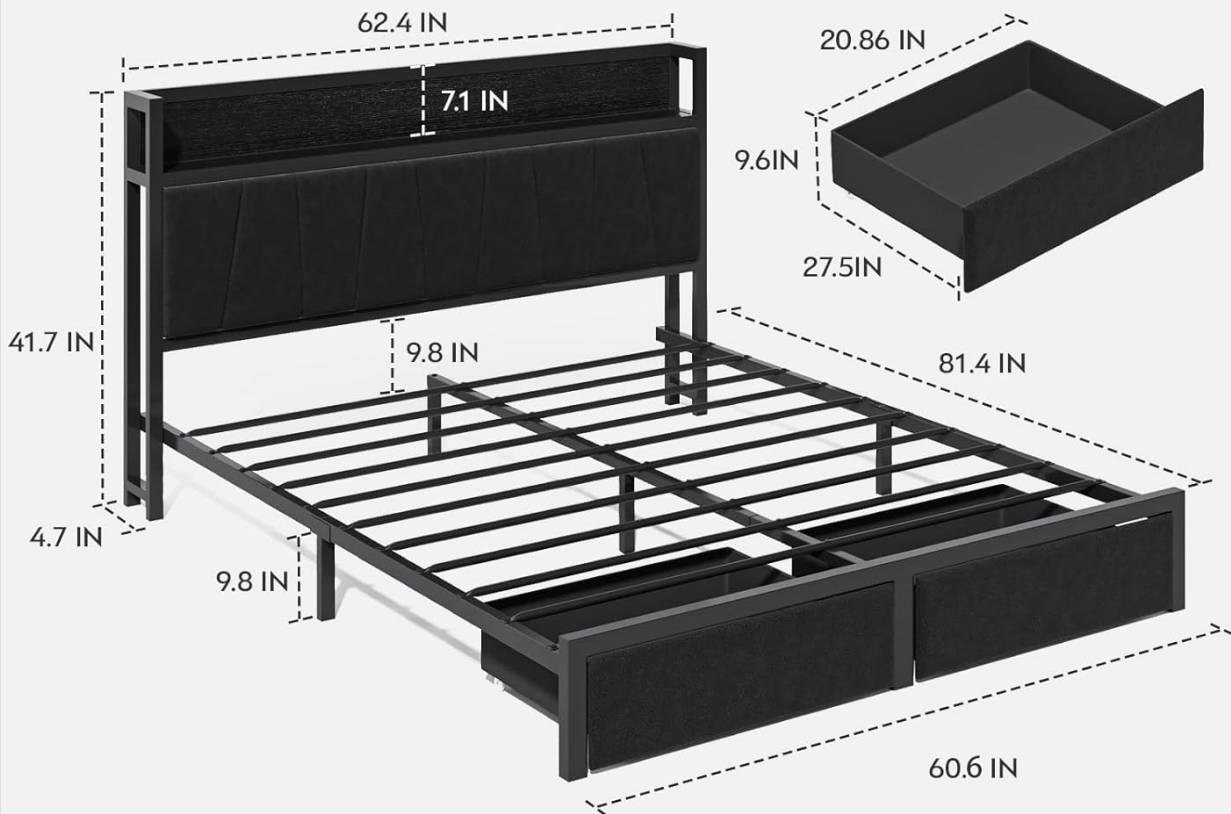

outlet. Check if the device being charged is functioning correctly.

- **LED Lights Not Functioning:** Ensure the LED strip is properly connected to its power source. Check the remote control battery. If using the app, ensure Bluetooth connection is active.
- **Drawers Not Sliding Smoothly:** Check for any obstructions under the bed or in the drawer's path. Ensure the wheels are clean and free of debris.
- **Mattress Sliding:** While the frame is designed to minimize mattress movement, some mattresses may shift. Consider using a non-slip mattress pad between the mattress and the slats.

8. SPECIFICATIONS

Feature	Detail
Size	Queen
Product Dimensions (L x W x H)	81.4" x 60.6" x 41.7"
Mattress Area (W x L)	60.6" x 81.4"
Weight Capacity	1000 lbs
Color	Black
Special Features	Headboard with storage shelf, Integrated charging station (2 outlets, 1 USB, 1 Type-C), 2 Fabric storage drawers, Optional RGB LED lights
Included Components	Metal frame, Slats, Headboard, Drawers, LED light kit
