- 1 x Quick Start Guide

## Package Included

AC Adapter

Car Charger

RCA Cable

AV Cable

Remote Control ×2

Headphone ×2

Mounting Bracket ×2

User Manual

Image: All components included in the Arafuna dual portable DVD player package.

## Setup

### 1. Headrest Installation

1. Attach the mounting bracket to the headrest posts in your vehicle.
2. Secure the bracket firmly.
3. Slide the DVD player onto the mounting bracket until it clicks into place.
4. Adjust the screen angle for optimal viewing.

## Easy to Install

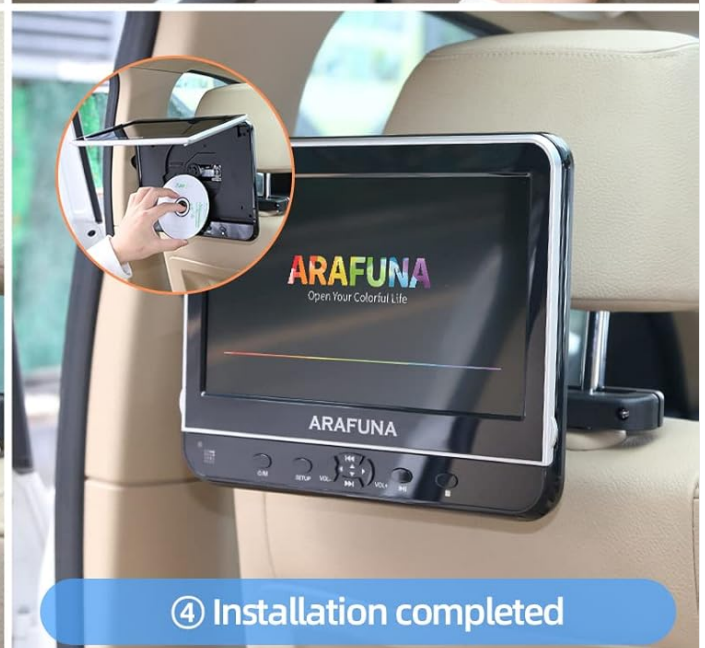

Image: Step-by-step guide showing how to install the DVD player onto a car headrest using the provided mounting bracket.

## 2. Power Connection

The DVD players can be powered using the included car charger or AC adapter.

- **Car Use:** Connect the car charger splitter to your vehicle's 12V power outlet. Connect the DVD players to the splitter.
- **Home Use:** Connect the AC adapter to a standard wall outlet and then to the DVD player.

Image: Illustration showing the DVD player being powered by an AC adapter for home use and a car charger for in-vehicle use.

### 3. Connecting Dual Screens

To play the same movie on both screens, connect the main DVD player to the secondary monitor using the provided AV cable.

## ▶ PLAY THE SAME/DIFFERENT MOVIES

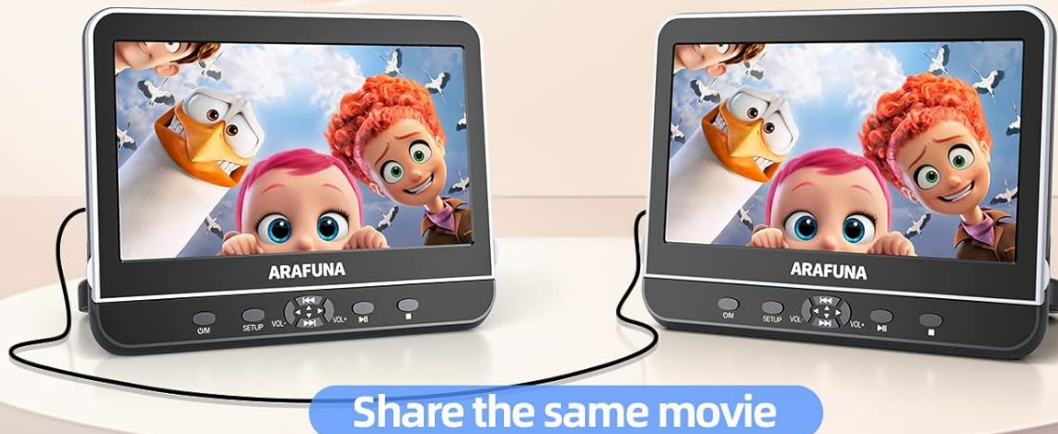

Image: Two DVD players demonstrating the ability to play the same movie (connected via AV cable) or different movies independently.

## Operating Instructions

### 1. Basic Playback

Open the clamshell design to insert a DVD or CD. The player supports various formats including CD, DVD, CD-R/RW, DVD-R/+R, DVD+RW/-RW, VCD, and SVCD (Blu-ray discs are not supported).

Image: The clamshell design of the DVD player, illustrating how to easily insert a disc without removing the unit.

## 2. USB/SD Card Playback

Insert a USB drive or SD card (up to 128GB, FAT32 format) into the designated slot. The player supports video formats such as MPEG/MPG/TS/TRP/VOB/FLV/RMVB/MP4/AVI/MOV/MKV/ASF/WMV.

**HD Full HD 1080P Enhanced Technology**

Compatible Multiple **1080P** Video Formats

### 3. HDMI Input (Screen Mirroring)

Connect external devices such as mobile phones, computers, Raspberry Pi, Xbox, or Kindle Fire via an HDMI cable (not included) to mirror their screen content onto the DVD player. Ensure your device supports HDMI output.

# HDMI Input - Screen Mirroring

Sync up to 1080P video to the player via HDMI Cable(not included)

Raspberry Pi

Xbox

PlayStation

Switch

Computer

Phone

Kindle Fire

**Note:only support HDMI input(output does not)**

Image: A mobile phone connected to the DVD player via an HDMI cable, demonstrating the screen mirroring capability.

## 4. AV In/Out Function

Use the AV Out function to connect the DVD player to a larger TV screen using the included RCA cable, allowing you to enjoy movies on a bigger display.

## Sync screen to TV

Image: The DVD player connected to a television, showing how to sync playback to a larger screen for family viewing.

### 5. Last Memory Function

The player features a last memory function, which allows playback to resume from where it was last stopped, even after the device is powered off and on again.

# Region Free & Last Memory

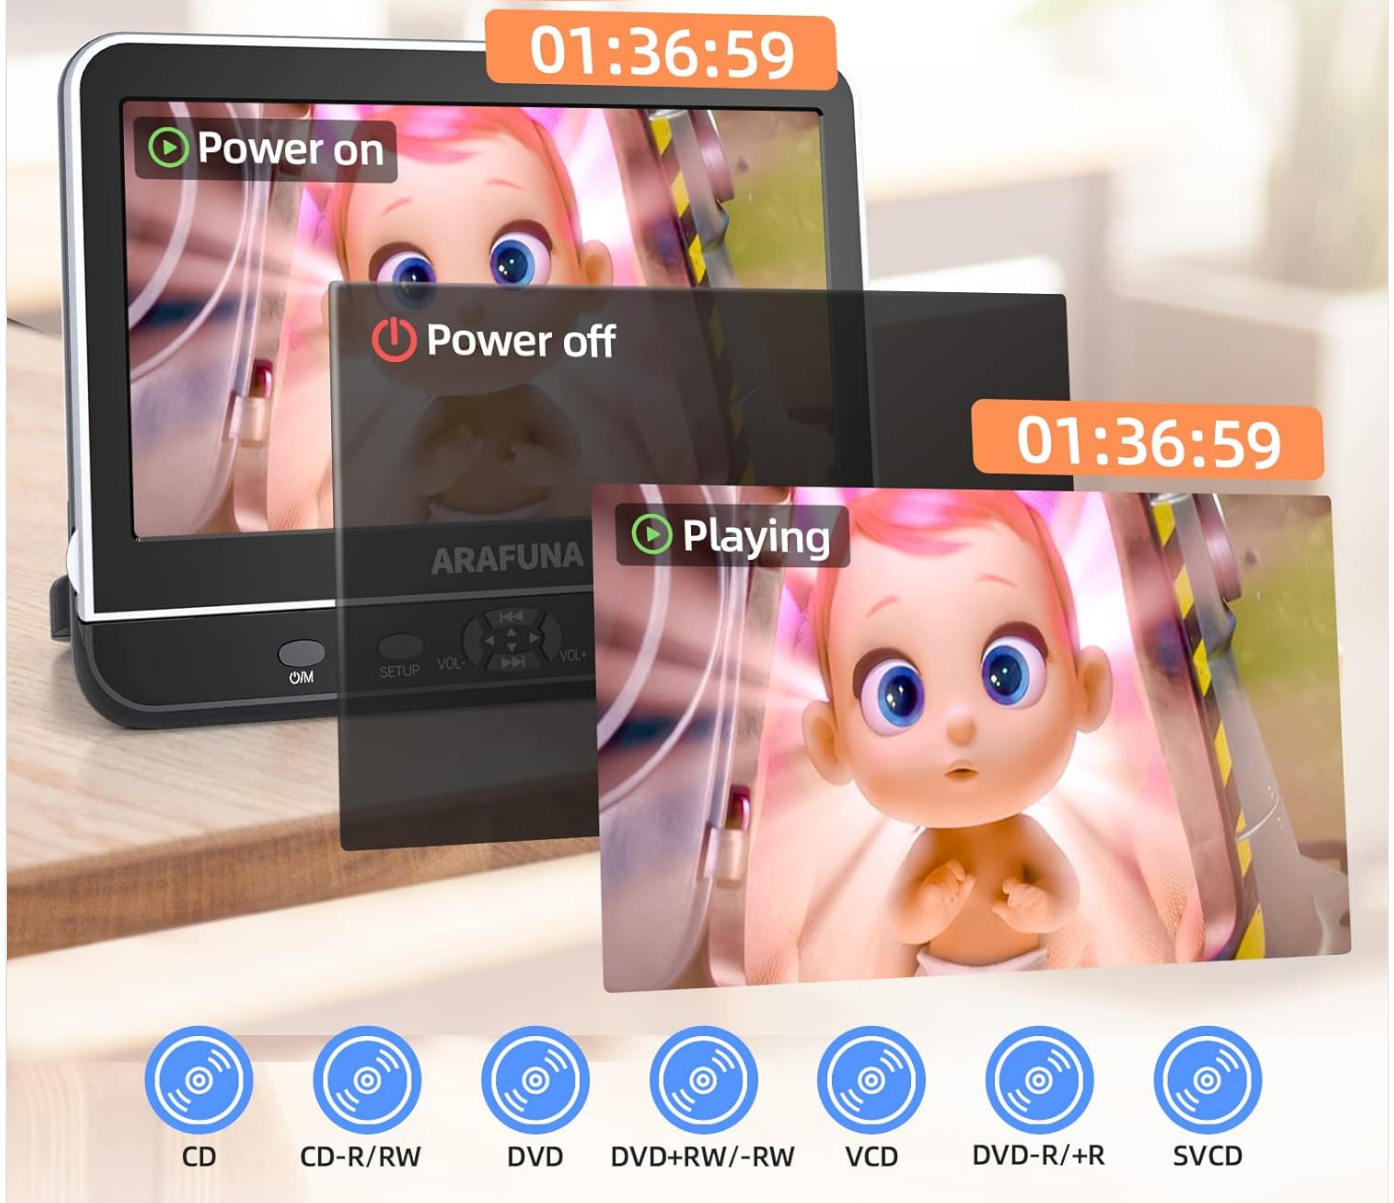

Image: Visual representation of the last memory function, showing the player resuming a movie from the exact point it was paused when powered off.

## 6. Controls

The player features intuitive controls on the front panel:

- **O/M:** Power On/Off button.
- **SETUP:** Accesses the setup menu.
- **VOL+/-:** Adjusts volume levels.
- **Play/Pause:** Starts or pauses playback.
- **Skip/Fast Forward/Rewind:** Navigates through tracks or fast forwards/rewinds content.

## Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. Do not use liquid cleaners or abrasive materials.
- **Disc Handling:** Always handle discs by their edges. Store discs in their cases to prevent scratches and dust

accumulation.

- **Storage:** When not in use, store the DVD player in a cool, dry place away from direct sunlight and extreme temperatures.

## Troubleshooting

- **No Power:** Ensure the power adapter or car charger is securely connected and the power source is active.
- **No Disc Playback:** Check if the disc is inserted correctly with the label side up. Ensure the disc is clean and free from scratches. Verify the disc format is supported.
- **No Sound:** Check volume levels on the player and connected headphones. Ensure AV cables are properly connected if using external speakers.
- **Screen Mirroring Issues:** Confirm your external device supports HDMI output and the HDMI cable is connected securely.
- **Remote Control Not Working:** Check battery orientation and replace batteries if necessary. Ensure there are no obstructions between the remote and the player's IR sensor.
