Hlivelood Electric Fireplace with Mantel

Hlivelood 75-inch Electric Fireplace with Mantel and Power Outlets

Model: Electric Fireplace with Mantel

Brand: Hlivelood

Instruction Manual

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions and safety information before assembling, operating, or installing this electric fireplace. Failure to do so may result in fire, electric shock, or serious personal injury.

- **Electrical Safety:** Ensure the power outlet matches the voltage requirements of the fireplace. Do not overload circuits.
- **Placement:** Position the fireplace on a flat, stable surface. Maintain adequate clearance from combustible materials.
- **Ventilation:** Do not block the air vents of the fireplace. Proper ventilation is essential for safe operation.
- **Children and Pets:** Keep children and pets away from the fireplace, especially when it is operating. The surface may become hot.
- **Maintenance:** Disconnect power before performing any maintenance or cleaning.

2. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer service.

- Electric Fireplace Insert
- Mantel and TV Stand Components (wooden panels, shelves, doors, hardware)
- Remote Control for Fireplace
- Remote Control for LED Lights (if applicable)
- Power Cord
- Anti-tipping Brackets
- Assembly Hardware (screws, dowels, cam locks, etc.)

- Instruction Manual

3. SETUP AND ASSEMBLY

Assembly is required for the TV stand and mantel. Follow the detailed step-by-step instructions provided in the separate assembly guide included with your product. Ensure all connections are secure before use.

General Assembly Steps:

1. Unpack all components and verify against the parts list.
2. Assemble the main frame of the TV stand according to the diagrams.
3. Install the adjustable shelves and drawer.
4. Mount the barn doors onto the side cabinets.
5. Carefully insert the electric fireplace insert into the designated opening.
6. Secure the anti-tipping brackets to the unit and wall for stability.
7. Connect the power cord to a suitable electrical outlet.

For visual guidance, please refer to the assembly videos provided by the manufacturer or seller.

4. OPERATING INSTRUCTIONS

Your electric fireplace can be operated using the touch panel on the unit or the included remote control.

Fireplace Controls:

- Power Button:** Turns the fireplace ON/OFF.
- Flame Button:** Cycles through 12 unique flame display effects and 5 brightness adjustments (L1 to L5).
- Carbon Bed Effect Button:** Cycles through 14 different carbon bed effects.
- Heater Button:** Activates the heating function. Adjust temperature from 60°F to 99°F.
- Timer Button:** Sets an automatic shut-off timer from 0.5 to 12 hours.
- Child Lock:** Engages or disengages the child lock feature for safety.

Multifunctional Power Outlets:

The TV cabinet includes a power socket with 2 AC outlets (125V/12A) and 1 USB port (5V/2.1A) with up to 20W PD fast charging. Use these to power your devices conveniently.

BETTER FIREPLACE THAN OTHERS!

5. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your electric fireplace.

- **Cleaning:** Always unplug the unit before cleaning. Use a soft, damp cloth to wipe surfaces. Do not use abrasive cleaners or sprays.
- **Air Vents:** Periodically check and clean the air vents to ensure they are free from dust and debris.
- **Bulb Replacement:** Refer to the specific instructions for replacing flame effect bulbs if needed.
- **Cord Inspection:** Regularly inspect the power cord for any signs of damage. If damaged, discontinue use and contact a qualified electrician.

6. TROUBLESHOOTING

If you encounter issues, consult the following common troubleshooting steps:

- **No Power:** Ensure the power cord is securely plugged into a working outlet. Check the circuit breaker.
- **No Heat:** Verify the heater function is activated. Check the temperature setting; it may be set too low. Ensure air vents are not blocked.
- **Flames Not Working:** Check if the flame effect is turned on. Adjust brightness settings.
- **Remote Not Working:** Replace batteries in the remote control. Ensure there are no obstructions between the remote and the fireplace sensor.
- **Overheating Protection:** If the unit shuts off unexpectedly, it may have activated the overheating protection. Unplug the unit, allow it to cool for 15-20 minutes, and clear any obstructions from the vents before restarting.

If problems persist, contact customer support.

7. SPECIFICATIONS
